VOLCANO NOW SPITS FORTH ONLY ASHES

While Dead and Homeless Are Being Counted Vesuvius Has a Respite.

OTTANJONO BURIED

Starvation of Refugees Is Added to the Afflictions Caused by the Eruptions.

NEAPOLITANS ARE EXCITED

[By Associated Press to The Gazette.]

NAPLES, April 11.—The whole of the Vesuvius district as far as Naples, Caserta and Castellammare is one vast Saharian desert. Reports tonight from all sides state that the fall of ashes is not so heavy as it has been for the last few days and that the ashes are much finer, and from this it is argued that the prospects are much brighter.

The blockade of local traffic continues, but service on the main line of railway has been re-established.

This has been a disquieting day in Naples. The people, alarmed by what has happened, have deserted their shops, and the manufactories are nearly all closed. The crowds are in a temper for any excess. It would only require a spark to start a conflagration.

The arrival of King Victor Emmanuel and Queen Helena has done much to restore calm. They have been received with great joy, especially when the sovereigns left a hospital after a visit to the wounded there. One poor woman exclaimed: "I would consent to be wounded for the sake of being kissed by the queen."

Both the royal palaces of Cappodimonti and San Fernando have been given up to refugees.

Conditions tonight in the section affected by the eruption of Mount Vesuvius are greatly ameliorated. The fall of volcanic ashes has diminished and scientists express the opinion that the volcano has spent itself. All the papers tonight advise the public to be calm, pointing out the improved condition of affairs. The papers also eulogize Director Matteucci for his courage in returning to the ruined observatory on Mount Vesuvius and sending from that place messages of encouragement and expressions of confidence that Vesuvius will soon quiet down.

The theaters, cafes and places of amusement throughout the city have been closed, and before all the sacred images in the streets candles are kept burning, while smaller images are being carried about, in many cases being set down in the open air and surrounded by candles.

Troops are engaged in clearing the roofs of buildings of the accumulation of sand and ashes, which endangers the structures. The large glass-covered galleries throughout the city which are much frequented have been ordered closed, lest the weight upon the roofs cause them to collapse.

The village of San Gennaro has been

END OF LIFE IS REACHED BY J. A. BAILEY

Veteran Showman Dies at His Home in Mt. Vernon, N. Y.

BARNUM'S PARTNER

Last Words Were About His Circus, Which Is Now Exhibiting in Madison Square.

EMPLOYES EXPRESS GRIEF

The Pittsburgh Gazette Bureau, Herald Building, Herald Square, NEW YORK, April 11.

After an illness of a little more than eight days, James A. Bailey, proprietor of the Barnum & Bailey circus, now on exhibition in Madison Square garden, former partner of P. T. Barnum, and one of the best-known showmen in the world, died this afternoon in his home in Mount Vernon, N. Y., at the age of 60 years. Erysipelas, which developed from a cold contracted while Mr. Bailey was supervising the arrangement of the garden for the show, was the cause of death. The end came at 4:45 o'clock.

Mr. Bailey was conscious until almost the last moment of life. He discussed the most minute details of the business with his wife and with Mr. Hutchinson, who is treasurer of the circus, and said he knew the show would continue as well as if ever had in the hands of those to whom he left it. These were virtually his last words. Arrangements for the funeral will be announced later.

When the news of Mr. Bailey's death reached Madison Square garden there was profound grief throughout the army of his employes, many of whom had been in his service for a long term of years. The performances will continue as scheduled.

No one was more deeply affected than Richard F. ("Tody") Hamilton, probably the best-known press agent in America, who has been in Mr. Bailey's services for more than a quarter of a century. Mr. Hamilton said:

"The public knew Mr. Bailey only as a showman, never as a man. He shrank from everything of a personal character and it was only after persistent entreaties by his wife and myself he was persuaded to sit for a photograph.

"His private benefactions were known only to his intimate associates, but they were so many that more tears of genuine sorrow will be shed for him than for any other man of wealth of whom I know in the United States, because more persons were dependent upon his bounty. He was a man who did good by stealth and blushed to find it fame. His was the happy faculty of being one of the most generous employers ever known. He educated the children of those who worked for him, and those who had become aged in his service he never let pass therefrom. There are men today about this circus who have no possible work to do but to draw their salaries.

"There was nobody but who could ap-

Col. John P. Penney.

NEGRO MANIAC FIRES JAIL AND DEFIES WARDEN

[Special Telegram to The Gazette.]

LEBANON, PA., April 11.—Crazed by liquor and displaying a mania for murder and arson, a giant negro today created a panic in the county jail and fought a desperate battle with Sheriff Carpenter and Warden Trafford.

The negro, whose name is unknown, was brought from Rexmont by Justice Lineaweaver, who said his prisoner had been threatening pedestrians with a razor and had been cutting capers in the streets that caused several stampedes.

Soon after being locked up the negro, with matches, set fire to several parts of the corridor. Other prisoners screamed as the flames leaped up. The rum-crazed African stood at the door between the jail and the warden's office and with a blazing broom held at bay the frantic prisoners on one side and the sheriff and warden on the other. He was put down by a blow from Warden Trafford's blackjack, but regained his feet and renewed the battle.

Jail attaches extinguished the flames in the corridor, but excitement broke out afresh when it was discovered by prisoners that the bed clothes in the negro's cell were burning. After the refractory prisoner had been subdued he was manacled and chained to the floor. In the fight Sheriff Carpenter's clothes were scorched and he was badly burned about the face and neck.

COL. J. P. PENNEY IS RE-APPOINTED ON STATE STAFF

Col. John P. Penney of this city, Inspector of the National Guard of Pennsylvania, was one of the three members on the staff of General Miller, who was retained by Major General Gobin, the new division commander of the state guard, who announced his appointments yesterday. Col. William J. Elliott of Philadelphia is retained as assistant adjutant general and Col. William F. Richardson of Harrisburg is retained as quartermaster. Other members of the Miller staff drop out of the service, their commissions having expired with the retirement of General Miller one week ago.

Col. Simon B. Cameron of Marietta takes the place of Col. Austin Curtin of Roland as commissary of subsistence. Col. Milton A. Ghrest of Lebanon succeeds Col. Lewis E. Beitler of Philadelphia as ordinance officer. Col. E. V. D. Selden of Oil City is dropped as inspector of rifle practice, and Col. Frank C. Darte of Wilkes-Barre is appointed in his place.

Gen. Gobin has also dropped Major Charles J. S. Miller, son of General Miller, and Major Samuel Gates Foster of Franklin, and Frank Deitrick of Wilkes-Barre as aides. Their places are taken by Majors Fred R. Drake of Easton, Frederick A. Snyder of Williamsport, aides on Gobin's Third brigade staff, and Major W. S. Millar of Scranton, retired. Millar was formerly inspector of the Third brigade. A judge advocate has not been named to take the place of Col. Louis A. Watres of Scranton. This is the only place on the staff which the major general has allowed to remain open. Col. Andrew S. Stayer of Altoona, who was a member of Miller's staff by assignment from the medical department will be retained by Gobin. Stayer was the only member of Miller's staff whose commission did not expire with the retirement of the former major general.

WHO HAS THE WIG MONEY?

Allegheny Hair Dealer Has a Girl Arrested in Cincinnati on Embezzlement Charge.

CINCINNATI, April 11.—(Special.)—Who got the wig money? That is the question a local justice of the peace will be called upon to decide tomorrow. Mrs. Ida Fineberg of Allegheny, Pa., a wig dealer, today caused the arrest here of Miss Rebekah Farber, 18 years of age and pretty, charging that she, while acting as a representative here, embezzled something like $17.

Miss Farber strenuously denies the charge she is a thief and declares she will be able to prove it when the case is called tomorrow.

MRS. JUTTE SINKS UNDER SORE STRAIN

Overcome by Recital of Ordeal Passed Through With Husband.

JUTTE'S QUEER ACTS

Asks His Wife to Commit Suicide With Him That They Might Die Together.

THANKSGIVING DAY INCIDENT

Overcome by her recital of the ordeal she passed through with her insane husband, Mrs. W. C. Jutte collapsed on the witness stand yesterday afternoon. Court attaches and attorneys hastily procured water, smelling salts and fans, but it was quite a while before she recovered sufficiently to leave the court room.

Mrs. Jutte is fighting F. N. Hoffstot and James W. Friend to secure the return of $700,000 or more she alleges they received from her dead husband when he was in no mental condition to attend to business. She was on the stand all afternoon. She said that on Thanksgiving day, 1901, Jutte took home a new carving set, something unusual for him, as he never made purchases for the household. He insisted upon sitting at table next to his wife, and her mother and father, fearing Jutte meant to do her harm, told the butler to carve the turkey in the pantry. Mrs. Jutte described the trip to Atlantic City in the same year, when Jutte made his first attempt at suicide, a few months later making another and successful attempt. Hoffstot, Mrs. Jutte testified, was on the train. Later, when Jutte was in an Atlantic City hospital with his head bandaged, at Hoffstot's advice, he signed a power of attorney. He asked his wife:

"Do you think we are doing what is best?"

Mrs. Jutte replied, "Yes." The same night, Mrs. Jutte testified, she signed another paper at Hoffstot's request. She did not then nor now know its contents.

Mrs. Jutte said during the early part of 1902 her husband showed unmistakable signs of insanity, and from January to March had violent spells. He suggested that they commit suicide together, as he wanted to be at rest and wanted her to be at rest with him.

At the opening of court Attorney Weil asked Judge Shafer to order the defendants to turn over the books of the companies with which Jutte was connected. Attorney Beal opposed this, saying his clients did not propose to allow the plaintiffs to go on a fishing excursion into their private affairs. Judge Shafer made no decision on this point.

MAN CLAIMS HE IS DEAD.

Alonzo Jones Says He Is Dead In Flesh but Is Pure In Spirit—Wants to Be Locked Up.

ATLANTA, GA., April 11.—(Special.)—Laboring under the remarkable hallucination that he died last Thursday, and that there is no more of this world, Alonzo Jones today asked the police to lock him in a cell and was accommodated.

"I want you to lock me up," said Jones. "I am a dead man as far as this world is concerned. I laid down on my bed last Thursday and died. I have here a body of flesh and bone, but it is a dead body. I am no more of this world. I can do the world no more good. Ever since I died I have been led by a spirit."

New Yorker Jumps Into East River and His Clothes Are Torn in Shreds When He Strikes the Water

NEW YORK, April 11.—Nathan Isaacs of 66 Rivington street, this city, today jumped from the middle of the center span of the new Williamsburg bridge into the East river, 125 feet below and was quickly taken out of the water by the crew of a ferryboat. His clothing was torn to ribbons, his shoes were torn from his feet and he was terribly bruised by the impact of his body upon the water.

Isaacs was unconscious when rescued but soon revived and may recover. He made the leap at an hour when the morning rush of Brooklyn people to their work in the stores and offices of Manhattan was at its height and scores of persons witnessed his drop into the river.

CASTRO QUITS VENEZUELAN PRESIDENCY

Retires and Is Succeeded by Gomez, Who Will Name New Cabinet.

MINISTERS RESIGN

While the Abdication Is Reported to Be Temporary, That Statement Is Not Credited.

GOING ON VACATION TRIP

The Pittsburgh Gazette Bureau, Herald Building, Herald Square, NEW YORK, April 11.

As a climax to persistent rumors of incipient revolution and international tensions in Venezuela, announcement was made to The Gazette tonight that Cipriano Castro, president of the republic, had withdrawn from office and had been succeeded by Gen. Juan Vicente Gomez, the vice-president. The ministers and the governors have also retired, and the new president will appoint a cabinet of his own.

This information was conveyed by Carlos B. Figueredo, consul general for Venezuela in New York, who was in receipt of advices from Caracas. Mr. Figueredo declared, however, that Castro's retirement is only temporary and for the purpose of spending a vacation in the eastern districts of the country. It is regarded as significant, however, that in that very territory his brother, Celestino Castro, president of the state of Tachira, is at the head of a rebel army and has issued a defiance to Castro.

Dispatches from Washington tonight were to the effect that in diplomatic circles there the belief was general that the departure of Castro is tantamount to an abdication and that it means a complete and permanent change in the administration of the republic.

Enemies Might Shoot Him.

It was predicted that Castro will seek a home in Paris, but the question was raised as to whether his followers would permit him to leave Venezuela or whether his enemies would venture a shot at him if he attempted to do so. At the same time it was suggested that the situation may mean only a shrewd move on Castro's part in the hope that in his absence existing claims against Venezuela by the United States may be adjusted.

Gen. Jose Manuel Hernandez, known as "El Mocho," who was leader of the revolution against Castro several years ago, declined to accept the intelligence as meaning anything more than a wily strategy on Castro's part, and that he will still hold the reins of government through Gomez, who has been his tool for years. He declared, however, that the country was ripe for revolution, and he would not be surprised if the outbreak came within a month or two. Informing The Gazette of the change, Senor Figueredo said:

"I am advised that Gen. Castro has resigned his position temporarily and desires to retire to restful private life for some time owing to the strenuous work his position exacts, and which he has so successfully carried on for several years."

The change took place on Monday last, when Castro issued a proclamation wherein appeared the statement that should his temporary separation bring harmony and good will to the country he would willingly make his retirement permanent—if necessary.

Cipriano Castro became president of Venezuela on October 28, 1899, having headed a revolution against President Ignacio Andrade. Gen. Gomez, who becomes president temporarily, is known as an able military man. He aided Castro in his revolution against President Andrade and is commander of the Venezuelan army.

MAKE EXPOSURE OF PRACTICES OF MOSQUITOES

New York Society Gives Startling Facts and Defendants Flee from State.

[By Private Wire to The Gazette.]

NEW YORK, April 11.—After long and considerate deliberation, and following a lengthy scientific discussion, the American Extermination society, in annual session here today, issued a formal notification to the world at large that "mosquitoes are known to bite more than once." Allowance must, of course, be made for what or whom the mosquito first bites.

The American Extermination society is not, as its name implies, a society for the extermination of Americans generally, but merely those classed as mosquitoes. For three years the society has waged a relentless warfare against these birds of prey, and as a result of its experience issued the following information today:

There are 100 species of them.

They lay as many as 400 eggs at a time.

It requires from one to three weeks for a setting to hatch.

They never seem to travel far.

They are needless.

These conclusions reflect much patient and heroic work, especially on the part of the members that bore testimony that the winged pests bite more than once. In this connection it might be added that the society also issued a bulletin stating that mosquitoes rarely live more than one month. The society which has undertaken this heroic work is a New York organization and this explains the reason why the mosquitoes have migrated to New Jersey and consolidated their interests under the liberal corporation laws of that state.

WANTS TO WED STEPFATHER.

Young Girl Professes Love for the Man Her Mother Married—Is but Sixteen.

CHICAGO, April 11.—(Special.)—In the juvenile court today a budding romance was nipped and steps were taken to prevent the marriage of a 16-year-old girl and her stepfather, despite the petition of the girl that the marriage be permitted. The girl, who confessed that she loved John Guager, her stepfather, was Evelyn Rider.

A probation officer had brought the girl into court on a charge of delinquency. She told the court her mother died two years ago and after that she went to the home of friends, but soon returned and resided with Guager. Guager will be arrested.

Wardrop Pushing the Bill.

WASHINGTON, April 11.—(Special.)—Robert Wardrop representing the Pittsburgh clearing house is here in the interest of a bill which permits national banks to lend more than 10 per cent of their capital stock and surplus to one borrower. The bill is indorsed by Comptroller of the Currency Ridgely.

MOUNTED BANDIT SHOWS MOST RECKLESS DARING

Holds Up Farmer on Road Then Rides Through Town—Is Wounded by Pursuing Posse.

[By Associated Press to The Gazette.]

TAMAQUA, PA., April 11.—Jacob Koch, a Lewistown farmer, was held up on the mountain near Tuscarora today by a mounted highwayman. He was commanded to turn over his money, which he did, giving the bandit a purse containing $40. Koch then drove to Tuscarora where he told of the robbery.

A few minutes later the highwayman rode rapidly through the town. Several shots were fired at him, but they were ineffectual.

A posse of six men was then organized and followed the rider to the mountains where they had a pitched battle with him, in which he was wounded. He abandoned his horse and took to the woods.

FIFTY OFFICERS MAKE WILD DASH FOR COUNTY JAIL

An Immense Mob Hopes for Another Biddle Escape When False Riot Call Sounds.

Forty uniformed police and a dozen detectives, followed by 1,200 excited men, women and children, made a wild dash from the safety palace in Sixth avenue to the county jail at 9 o'clock last night. A riot call came in from the jail, and Assistant Superintendent Kennelly ran to a window and shouted to Capt. McCabe, who was drilling the night squad in Cherry alley:

"Double quick the squad to the jail to answer a riot call."

And away they went.

"Another Biddle escape!" yelled the crowd.

Detective Aymer reached the jail 200 feet ahead of the posse. He dashed up the steps and vigorously rang the big gong. Deputy Warden John McNeil was examining a new rifle when the gong rang, and he walked into the hall carrying the weapon.

"Anybody killed?" breathlessly asked Aymer, glancing at the rifle and drawling his own revolver. At this moment 11 more detectives and 40 patrolmen crushed into the jail.

"What's the trouble?" asked McNeil.

"Catch them; kill them; lynch them," yelled the excited mob outside, while the policemen drew their revolvers.

"What's the trouble?" again asked McNeil.

"You sent in a riot call," replied Aymer.

"Not from here," asserted McNeil.

An investigation showed the wires in the police alarm box had become crossed. The police dispersed the disappointed mob, which had then grown to immense proportions, the patrolmen went to their beats and Detective Aymer telephoned to Superintendent McQuade:

"Chief, that was a false alarm, but there would have been h—l here if anybody had tried to escape."

MINERS TO ACCEPT PART OF OFFER

Strike Commission Is Satisfactory as Arbitration Board to Anthracite Mine Workers.

WANT SOME CONCESSIONS

[By Associated Press to The Gazette.]

NEW YORK, April 11.—After having the counter arbitration plan of the anthracite operators under consideration nearly all day, the general scale committee of the hard coal miners completed the draft of their reply and will present it to the committee of mine owners at the joint session to be held here tomorrow. The strictest secrecy surrounded the work of the committeemen. It is believed the miners have decided to accept the operators' offer that the anthracite strike commission take up the dispute, but will ask that the tribunal be permitted to consider the original demands with certain important modifications.

The concessions said to have been decided upon are that, instead of an agreement being entered into between the operators and the United Mine Workers of America, it be made with the anthracite mine workers; that the check-off be limited to the wage workers who agree to an assessment to defray the expenses incurred in carrying out the miners' part of the agreement, instead of all mine workers, union and non-union, being compelled to contribute, and that the duration of the agreement be left to the commission. The miners in their arbitration plan, asked for a two-year agreement, and the operators in the counter proposition, wanted one for three years.

Demands to be Considered.

If this proposition is submitted by the miners and accepted it would leave the commission free to take up the demands for an increase in wages, an eight-hour day, uniform pay for all classes of employment paid by the day or month, reconstruction of the conciliation board and a number of minor grievances. The operators want to limit the inquiry to wages and a method for the adjustment of complaints.

The general scale committee of the miners held two sessions today at which most of the members discussed the operators' plan. They were by no means a unit in their views, and the more radical committeemen favored a complete rejection of the operators' proposal outside of that portion which provides that the strike commissioners be the arbitrators. They feared the operators might take advantage of the clause in the latter's proposition which gives them the privilege of asking the arbitrators to reduce the wages of the men. All the committeemen viewed favorably the offer that the strike commission arbitrate the differences instead of the conciliation board. After the adjournment of the afternoon session of the general committee, the sub-committee, composed of the three anthracite district presidents and secretaries and President Mitchell, held a brief session. Two hours later the sub-committee met again for a few minutes. There was no meeting of the general committee tonight.

The anthracite operators had nothing to say today regarding the situation beyond the statement that the whole matter, temporarily, is in the hands of the miners.

SHAMOKIN, PA., April 11.—Rather than erect barracks for the use of deputies and strike breakers at the Philadelphia & Reading Coal and Iron Company's Henry Clay colliery today, a force of carpenters quit work. They said they did not object to making necessary repairs about the breaker, but they would not build houses for deputies, the presence of whom around the breakers, they said, incites men to disorderly actions. A regular force of coal and iron police is now stationed at the colliery.

Refuse to Grant Miners' Scale.

JOHNSTOWN, PA., April 11.—(Special.)—After an immense mass meeting of the miners at Windber this afternoon and another meeting this evening a committee was appointed to wait upon the Berwind-White Coal Mining Company to present the demands of the striking miners, who but recently joined the union. This committee was very courteously received by General Manager W. A. Crost, Superintendent Cock and Treasurer Thomas Fisher and all other Berwind-White officials tonight.

After the miners submitted their demands, including a scale of prices, the Berwind-White officials submitted a scale of their own, declaring they would positively not grant the miners' scale. In reply to this ultimatum the miners' committee declared that it could not and would not consider the company scale. This is taken to mean war to the knife. As a preliminary step toward strengthening their bulwarks the officials of the miners declared tonight that they would tomorrow invade Boswell and proceed to organize 2,000 or more men employed by the Merchants' Coal Company. They said that organizations would also be effected in Rockwood, Listie, Holsopple, Llanfair, Jerome and all other coal towns in Somerset county where non-union men are employed, and furthermore that Johnstown, where the union has never gained a foothold, and where several thousand men are employed, would be taken into the union.

Matters have assumed a serious air at the Valley Coal and Stone Company's mine just outside the limits of the city. This afternoon Attorney Percy Allen Rose, acting for the company, secured an injunction to restrain the striking miners from interfering with the workmen at the mine or injuring the company's property.

JEANETTE, PA., April 11.—The miners employed by the Westmoreland Coal Company at Penn station, with the exception of 39, resumed work today. Between 200 and 300 men have been out for the last four weeks.

ATHENS, O., April 11.—Representatives of ten coal companies and firms operating in the Hocking Valley today signed the 1903 scale, and it is expected the mines will resume operations at once. The firms which signed are: The Johnson Company, Northern Fuel Company, Imperial Coal Company, Taylor-Williams Company, Jenkins & Redfern, New Pittsburgh Coal Company, Indian Run Company, Sines Brothers, Hocking Mining Company and the New England Coal Company. The action of the miners convention in calling out the engineers, firemen and pumpers has been rescinded.

They Fail to Agree.

The joint conference of operators and miners in this district adjourned finally today, without having reached an agreement. The independent coal operators, consisting of about 20 per cent of the output of the district, have signed the scale asked.

President John Winder of the Ohio Operators' association declared today that the Sunday Creek Coal Company will not sign the scale. This company is the largest in the Hocking district. President Green of the Ohio miners stated today that the firemen and engineers will be ordered back to the mines at once.

ST. LOUIS, April 11.—The Decatur Coal Company, the Middleton Coal Company and the Talula Coal Company were expelled by the Illinois Coal Operators' association today because they signed the 1903 wage scale. The association comprises 233 companies, controlling 350 mines in Illinois.

KANSAS CITY, April 11.—The Southwestern Coal Operators' association at a called meeting here today decided to appeal to President Roosevelt to help effect a settlement of the differences existing between the operators and the bituminous miners now out in the southwest.

END OF LIFE IS REACHED

proach him for aid and he entered into the smallest details of his employes' affairs with a thoughtfulness for their comfort, which often involved the neglect of his own.

"I remember once that he sent from Vienna a check for $2,000 to a man whom he had not seen for five years and who, he casually heard, was 'down on his luck.' Often, at Christmas time, he would distribute as much as $10,000 among his employes.

"As to his personal conduct, his habits were perfect, and he was entirely different from what most persons expect a circus man to be. He never used blasphemous language and in his domestic life was flawless. He had no interest but those of his show, his home and his quiet philanthropies. In point of fact, the character of the man shows through his whole career.

"Born in Detroit in 1847, of Scotch-Irish ancestry, he left home to seek his fortune when only 10 years of age, worked on a farm for a time and then walked to Pontiac, where he obtained a position as bellboy in a hotel. Here he made many friends and finally attracted the attention of Frederick Bailey, then general agent for the London and Robinson circus. Bailey gave his young namesake a place in the advance work of the show, and at the end of his eighteenth year the young man found himself virtually the local manager of the enterprise, attending to everything except the bookings.

Saw Many Civil War Battles.

"This was in civil war time and young Bailey left the circus to become sutler's clerk with the One Hundred and Fourteenth Ohio, witnessing the series of battles in Sherman's advance from Chattanooga to Atlanta. Leaving the service, Mr. Bailey went to Cincinnati and rejoined the circus, then managed by Lake, and continued with the latter until he retired in 1869. In 1871 he became general agent for the circus of Hemming, Cooper & Whitby, and a year later became an equal owner with J. E. Cooper as proprietors of the "Great London Show," which they took all over the world.

"By this time Mr. Bailey had distanced all competitors save Barnum, and he felt strong enough to give battle to this veteran showman on his own ground. For the first time Mr. Barnum suffered defeat, and in 1889, at his initiative, negotiations were begun which resulted in the combination of the two great exhibitions into what became in literal truth, 'The Greatest Show on Earth.' To Mr. Bailey at once was given the laboring oar, and very soon almost the entire responsibility and management of the combination and business. Mr. Barnum's age favored this arrangement, as well as his confidence in the skill of his associate.

Brought About Many Changes.

"To him are to be traced all the ideas of the last 15 years, such as the waterproof canvases, the multiplication of rings, selection of the best performers, and so on. Barnum's Jumbo, as the public always called him, was Mr. Bailey's idea, and so were the Ethnological congress, the white sacred elephant, the production of 'Nero,' and other spectacles, and the elevated stage for Olympian games."

Mr. Bailey in 1868 married Ruth Louise McCaddon of Zanesville, Ohio, and upon the purchase, in 1890, of the Forepaugh circus, he made his brother-in-law, Joseph T. McCaddon, partner in that establishment and its general manager. Mr. and Mrs. Bailey had no children. It is estimated the fortune left by the circus proprietor will reach anywhere from $5,000,000 to $8,000,000.

Parents Cause Son's Arrest.

Thomas Kane, aged 20, of 7015 Kelly street, was arrested last night by Special Officers Edward Barry and Frank Lynch on complaint of his parents. The police at No. 6 station house were notified by telephone that he was abusing his father and mother, and the wagon was sent to bring him in. The police say that he was drunk, and had the old folks in a state of extreme fright.

SPITS FORTH ONLY ASHES

Continued from First Page.

partially buried in sand and ashes, and several houses have fallen. At that place three persons were killed and more than 50 injured. In the road at Torre del Greco three persons were found dead from suffocation. The people who remain at Torre Annunziata are in danger of perishing from starvation, all the shops having been closed. Rations for 200 persons have been sent there. The warships ordered here have been doing effective service in the removal of refugees.

Premier Sonnino reached here today by train from Rome, his journey having been greatly impeded. He had a conference with King Victor Emmanuel. They discussed measures to restore public confidence, maintain order, aid the refugees and repair the damage caused by the eruption.

Two American girls who had heedlessly ventured into the Vesuvius district where the abandonment of the train by which they were traveling caused them much discomfort and no little peril, were brought here today by the steamer St. Bon.

The distress among the tens of thousands of fugitives is appalling. The government has forwarded supplies of food and money. Several Italian cities have done the same, and private citizens are contributing money for the assistance of the sufferers, but more help is needed. King Victor Emmanuel and the queen reached Naples this evening.

Ottajono Is Buried.

Although the report that Sarno has been destroyed has been denied, it is now officially admitted that Ottajano has been buried. The number of killed there and in the surrrounding villages is not known, but 500 is believed would be a low estimate.

Even Capri, a small island off the coast of Campania, 19 miles south of Naples, a favorite resort for tourists and artists, has been covered with ashes and has been abandoned by its foreign population, which included several Americans.

The magnitude of the disaster is almost indescribable. Mount Vesuvius has spread desolation and terror over an immense tract of country.

Minister of Finance Salandra and Under Secretary of State Denava were blockaded at Torre Annunziata by ash heaps and were compelled to go to Castellammare in an automobile, reaching that place with great difficulty. They hoped to get a boat at Castellammare to take them from there to this city, but even the fishermen refused to run the risk of crossing the Bay of Naples, which is situated about half way between Castelammare and Naples.

At Somma the cinders and ashes lie in the streets six feet deep, and at San Guiseppe the debris from the volcano reaches to the third stories of the houses. Over 100 bodies have already been recovered from the ruins of the church which collapsed and the houses in this town.

Fifty houses, three churches and the municipal buildings at Somma have collapsed. All the inhabitants there have sought safety in flight.

The village of Poggio Marino is buried in cinders. The lava flowing down the southern slope of Vesuvius has reached Pompeii and threatens a repetition of the historical destruction of that city.

Reports from Somma, Nola and Ottajano say that fresh earthquake shocks have been felt this morning, adding to the horror of the situation.

Thousands Are Fleeing.

Reports from Castellamare, 15 miles southeast of Naples, which stands at the foot of the hill on which was located the Stablae, near which the elder Pliny lost his life in the eruption of A. D. 79, say that railroad trains arrived there at frequent intervals all last night and this morning, bringing thousands of refugees from Torre del Greco. These refugees were covered with dust, and were in a pitiable condition. They say that a terrible hurricane burst upon the town, and this was accompanied by a rainstorm, in which water fell in torrents. There were also showers of stones which were as large as eggs. The municipality is housing and feeding these refugees.

The unearthing of victims whose bodies have been covered by the rain of ashes and cinders, or who were found in ruined buildings, show that most of them died deaths of agony, as terror and pain are depicted on their features now set in death. The attitudes of others, some of whom were found kneeling in prayer, show that they were killed by the deadly fumes from the volcano.

It is now estimated that at least 2,000 lives have been lost as the direct result of the eruption. Already 800 bodies have been found and every hour adds to the number.

The damage to property and the loss caused by the devastation of great tracts of fertile lands where the vineyards have been permanently destroyed is estimated at fully $50,000,000.

Will Soon Be Normal.

Prof. Maitucci, in charge of the observatory at Mt. Vesuvius, said today:

"The situation of myself and the carbineers in the observatory was very o'clock this morning the observatory was grave throughout the night. Up to 8 o'clock this morning the observatory was enveloped in dense showers of sand, but the volcano is now calmer. The seismic instruments show quieter records than yesterday. I shall remain here as long as possible.

"If my words could influence the population they would be words of encouragement and sympathy, for I am most confident that Vesuvius will soon return to its normal conditions."

Robert Underwood Johnson, associate editor of the Century Magazine, who has been an eye-witness of the events here the last few days, said today:

"Each day it becomes more impossible to visit even at a distance the afflicted districts. The ashes have reached preposterous proportions, filter into everything, block the trains, trams, automobiles, carriages and horses. Only the soldiers seem to overcome the obstruction.

"Before the interruption I took a train for Torre Annunziata. On arriving at Torre del Greco the heavens seemed to open and we were soon half buried in ashes and hot cinders. The train drew up in total darkness, relieved only by lightning flashes. Thus we waited events. Soon the darkness took purple and yellow tinges, the detonations became louder than the loudest thunder claps and the ashes burned our eyes.

Picture of Dante's Inferno.

"It was a perfect picture of Dante's 'Inferno.' The train could not proceed so thick were the ashes on the track and just at this point the train broke in half and the poor women fugitives, thinking they were about to lose their lives, began to chant litanies for the dead, giving a last weird touch to the infernal scene.

"Carbineers came to our rescue and proposed to take us to the sea. We then found we were on a bridge with the sea on one side and Torre del Greco on the other. In the darkness we descended hand in hand, forming a human rope, and a false step would have meant death. The port was so choked with ashes that small boats could not navigate.

"Wearily we trudged back to the station to find there was no prospect of another train. We had then been five hours in that plight, so, seeing that heroic measures were necessary with a companion I trudged miles in two or three feet of ashes to Portici, where finally we found a cab which brought us to Naples."

San Gennaro was seemingly destroyed by ashes which buried the place yesterday. The casualties there, however, were slight, only three persons being killed and 11 injured.

DOWIE REGRETS BIRTH OF HIS SON

"First Apostle" Threatens to Reveal the True Character of His Offspring.

LOSES ONE MORE FOLLOWER

[By Associated Press to The Gazette.]

CHICAGO, April 11.—In referring to a threat, which, it is asserted, Gladstone Dowie made, intimating if his father did not cease his attacks on Mrs. Dowie, Gladstone would reveal certain deeds said to have occurred in 1877 in Australia, John Alexander Dowie today said:

"I remember nothing particular that occurred in the year 1877. I know of no reason why any exposure of my acts during that period of time should cause me to be afraid. Coming to think of it, however, there is one thing that happened in the year 1877 which I greatly regret, and that is that the Lord gave unto me a son, whom I named Gladstone. All my life I've tried to give him counsel and supply him with money, but my efforts in leading him in the paths I would have him walk have been without avail. Now, unless this young man ceases making these threats and insinuations, I will be forced to reveal his true character to the world; it will be a story of degeneracy that will be shocking."

Attorney E. S. Wetten, who is conducting Dowie's legal affairs, said today, he had advised Dowie to leave Chicago and go south again. "Both sides at Zion City," said Mr. Wetten, "are so excited if Dowie were to return there things might happen which we would all regret later. I have therefore advised him not to visit Zion City and he will not go there for some time."

Dowie and his counselors tomorrow will begin the fight to regain the $20,000,000 said to be involved in the control of Zion City by filing in the courts a bill in chancery, petitioning the transfer of Zion City properties made to Deacon Alexander Granger by General Overseer Wilbur Glenn Voliva, as attorney for Dowie, be set aside.

The grounds upon which the petition will be based will be that Voliva, Granger and Mrs. Dowie endeavored fraudulently and illegally to despoil the "first apostle" of the property which he claims. The court will also be asked to issue an injunction commanding that Voliva be prohibited from in any way handling the estate. What other legal steps may be taken have not yet been decided on.

The legal steps are only preliminary, however, for Dowie and his friends intend to go to Zion City soon, according to Deacon James F. Peters, who, together with Deacon John A. Lewis, has been a constant attendant and advisor of the "first apostle" since he left Mexico on his trip north.

Dowie lost an adherent today in Miss Elizabeth McLennan, who has accompanied Dowie as a nurse on the long journey to regain his health. Miss McLennan went to Zion City after a heated interview, in which she told Dowie she could no longer remain as a member of his party, because she believed Mrs. Dowie and Gladstone Dowie had been shamefully maligned by the "first apostle" in his speech delivered from the car steps in St. Louis two nights ago.

MISSING AVALON MAN IS ARRESTED IN NEW YORK

Philip Ross, Who Deserted His Wife Seven Weeks Ago, Charged With Passing Bogus Checks.

Mrs. Philip Ross of Avalon received word yesterday of her husband, who deserted her seven weeks ago. The New York police had arrested Ross, who was wanted on the charge of passing a forged check for $50 on the management of the Broadway Central hotel, and who is suspected of having passed a bogus check on the Hotel Raliegh, Peekskill, N. Y.

Ross is 55 years old. He was formerly a salesman in a big department store in Pittsburgh, but lost his place two years ago and since then, Avalon people say, he has been dissipated. Seven weeks ago he left his home, 104 California avenue, and his wife took refuge with relatives.

Ross was arrested at the Grand Central station in New York on Tuesday night. In his pocket was found a key of a room in the Peekskill hotel, and from a telephone conversation with the proprietor of the hotel the police learned that Ross was suspected of being the man who passed a bogus check there.

ESCAPES BULLETS, KILLED BY TRAIN

Man Who Was Present at Aguinaldo's Capture Meets Fate on Wabash Railroad.

SORROW LEADS TO SUICIDE

William J. McIntyre, a well-known young man of Carnegie, was killed on the Wabash railroad, near Cecil station, Tuesday afternoon. McIntyre, who was about 30 years old, was walking on the tracks when struck by a train. A companion walked onward and when he missed McIntyre, turned back and found his friend dying. McIntyre had served in the Philippines as a cavalryman, and was with Funston when Aguinaldo was captured. McIntyre a year ago disappeared from his home in Carnegie and lately returned. Several relatives of McIntyre were killed recently in accidents in this vicinity.

Two men were victims of fly wheels yesterday, their deaths following soon after their injuries. An unknown foreigner died early in the morning in the office of Dr. R. C. Johnston, Springdale, where he was taken after sustaining internal injuries and having both arms broken by being thrown about by a fly wheel in the Pennsylvania tube works. Emil Fritz, aged 35, of Duquesne, died at the McKeesport hospital as a result of injuries received when he was caught in a fly wheel, whirled around and thrown to the ground.

John P. Jones was found dead on the dining-room floor of his home, 343 Soho street, at 3 o'clock yesterday afternoon, in the temporary absence from home of his daughter, who had left him there reading a newspaper, he drank carbolic acid. Jones was a widower, aged 61, and had been despondent since the death of his wife two years ago. Lately he had suffered from rheumatism.

Anthony Davin, aged 60, of Ewingsville, near Carnegie, was killed on the Panhandle railroad Tuesday afternoon. Davin had been taken ill while at work for the railroad company. He was walking to Sheraden to take a train for home when he was struck. He is survived by his widow and three children.

William Taylor, aged 35, was killed in the Grant mines, near Carnegie, yesterday afternoon by a fall of slate. He lived in Heidelburg.

Andrew Besala, aged 34, a miner employed in the Ocean mine No. 5 of the Pittsburgh Coal Company at Smithdale, was crushed to death by a fall of slate early yesterday morning.

WOMAN MAKES JOURNEY OF MILES IN A BALLOON

Successful Ascension by Three Daring Aeronauts Who Are Watched by Large Crowd.

[Special Telegram to The Gazette.]

PITTSFIELD, MASS., April 11.—The balloon-airship containing Dr. Julian P. Thomas of New York and Charles Levee of Paris which left here this afternoon landed in a meadow near Somersville, Conn., about 7 o'clock this evening. The landing was made easily. The party of three made their way to a farm house and later started for this city on a trolley car.

Three thousand people cheered themselves hoarse this afternoon as the big balloon rose into the air, and waved their hats, handkerchiefs and flags as it sailed grandly toward Washington mountain. Mrs. Thomas is the first woman in the United States to make a trip of this kind.

At first it seemed as if the great flying machine would crash into the trees, but the pilot threw out some of the ballast and it shot upward and over Mount October. When last seen in Pittsfield it was headed southeast toward Springfield, but at dusk the aeronauts were over Rockville, Conn.

Just as she stepped into the basket, Mrs. Thomas called to her little seven-year-old son, Odie A. Thomas, who was nearby in the crowd, "Come here, Odie. I want to kiss you good-by. Be a good boy. I'll see you tomorrow."

Leo Stevens said the ascension today was the most successful ever made on this continent. Count Henri de La Vaulx, with the members of the Aero club are coming to Pittsfield on Saturday, with the count's huge "Centaur," which will carry five people.

Home-Coming Is Unwelcome.

Thomas Kane, aged 55, was arrested last night at the instance of his parents, who live at 7055 Kelly street. They said he had gone home drunk and made life miserable for everybody in the house.

Has Too Many Overshoes.

E. R. Bruce of 545 Grant street was arrested last night. He had a large box of rubber overshoes at Fourth avenue and Smithfield street which he could not account for.

Agonizing Eczema

Body Covered From Head to Feet.

5 Months in Bed—Burning, Itching—Blind at Times.

Another Great Cure by Hood's Sarsaparilla

A medicine that will cure the worst cases of scrofula, eczema, psoriasis and other blood diseases, is sure to be successful with all similar troubles.

Mrs. Wynne's wonderful cure should convince you that Hood's Sarsaparilla is the medicine for you to take.

"I had a very bad attack of eczema, that terrible skin disease. No one can imagine the agony I endured.

"For five long months I lay in bed, tossing this way and that for bodily comfort.

"I had two doctors and was on a bread and milk diet for more than five months. No meat, potatoes, cereal or fish. I was white as a ghost from bread and milk.

"I did not have the eczema in one place only, but from the top of my head to the soles of my feet. My hair all fell out, and I was blind at times.

"I had 32 boils and 4 carbuncles at one time, was a mass of scabs and pus.

Oh, the Burning and Itching

and the treatment with all kinds of salves and oils! I did not have water on my face or any part of me for over five months. Instead, I was washed from head to foot in sweet oil, with a little carbolic acid. My house was like a drug store. Then I had a specialist, who said that in all his experience he **Never Saw Such a Sight** as I was. He wanted to take me to a clinic in New York, but I said no.

"About that time a friend suggested that I try Hood's Sarsaparilla. My husband got me a bottle, and from the first I began to improve, but it took a number of bottles to relieve me of that terrible affliction.

"Now I am quite well, and feel **I Owe My Life to Hood's Sarsaparilla.** My testimony can be fully verified by the leading doctors of this city." Mrs. Fred Wynne, 817 So. 2nd St., Plainfield, N. J.

Special.—To meet the wishes of those who prefer medicine in tablet form, we are now putting up Hood's Sarsaparilla in chocolate-coated tablets as well as usual liquid form. Reducing Hood's Sarsaparilla to a solid extract, we have retained in the tablet the curative properties of every medicinal ingredient except the alcohol. Sold by druggists, or sent by mail if your druggist does not have them. 100 doses $1. C. I. Hood Co., Lowell, Mass.

CROWD'S WILD SCRAMBLE FOR OLD WOMAN'S WEALTH

Puff of Wind Tosses It from Open Hand-Bag to Street and Nearly All Is Lost.

For several minutes last evening the air was filled with gold and silver certificates at Diamond and Smithfield street. Then there was a wild scramble for them, and an old woman with an old-fashioned hand satchel stood dazed as she saw her savings of many years blown to the four winds, and the fighting crowd skulking away as they pocketed her little wealth. Three honest people who succeeded in saving some of the old woman's money gave it back to her, but the others disappeared with the remainder.

About 5:30 the woman was passing near Diamond and Smithfield street. It was remarked by an eyewitness that her satchel was open, and that it contained bills amounting to several hundred dollars. Just as the woman neared the crossing the doors of an amusement place was thrown open and the crowd rushed out. A gust of wind swept around the corner at the moment. Catching the bills in the old woman's satchel they were sent swirling. It was all over in a few seconds and the crowd melted away, leaving the poor woman dazed and staring vacantly at her empty satchel.

Three honest men in the crowd, who happened to recover some of the money, returned it to its owner.

He Answers to Charge of Conspiring With Cashier Clark to Defraud the Bank.

SIX WITNESSES TESTIFY

Lemert S. Cook, the East End real estate broker, who is charged with conspiring with T. Lee Clark to abstract and misapply the funds of the wrecked Enterprise bank, was given a preliminary hearing before United States Commissioner Lindsay yesterday afternoon. Bank Examiner E. P. Moxey is out of the city, and Attorney A. M. Imbrie, who represented Cook, asked that the hearing be adjourned until his return, but this was refused.

The witnesses against Cook were John J. Moore, a former messenger in the bank; John B. Cunningham, national bank examiner; Gardner W. Kimball, assistant to Examiner Moxey; Thomas Rinaker, receiver of the bank; Frank L. Philips, vice president and treasurer of the Guarantee Title & Trust Company, and D. L. Patterson.

Moore said he had gotten checks from Cook on several occasions, and had once taken some bonds to his office from the bank. The signature on a number of checks, ranging in amounts from $52.28 to $35,000, was identified by him as being that of Cook. He also testified to having deposited several of them in the Bank of Pittsburgh to the credit of the Enterprise bank. The certification of Clark on several of them was also identified, and he said that the body of a check for $20,000 was in the former cashier's handwriting.

Several checks purported to have been drawn by Cook, found in the cash items of the bank when he took charge, were identified by Bank Examiner Cunningham. Kimball told of the various accounts with the bank which Cook had held during a period of about a year, and testified that examination of the books had showed a number of instances where the defendant's account had been overdrawn and remained so for some time. He also gave the history of several notes charged to Cook's account, on which he was said to be the maker, indorser and discounter.

Receiver Rinaker testified to having found in the receipts of the Enterprise bank 15 shares of Duquesne National bank stock and 26 shares of Union Storage Company, deposited as collateral for a note given by D. L. Patterson. Mr. Patterson identified the note and declared that he gave Clark the stock as collateral for the note April 30, 1903.

Mr. Philips told how Clark had brought stock to the Guarantee Title & Trust Company, and given it as collateral for a note for $5,500. He said that when he had first presented the stock he had refused it because the assignment was 27 years old, but that he had brought it back later with the signatures of T. Lee Clark and D. L. Patterson as assignees. The stock is now being held pending litigation as to its ownership. At the conclusion of Mr. Philips' testimony, the hearing was adjourned until 11 o'clock this morning.

CIVICS NOW DISTRUST LOTS OF POLITICIANS

Have a Scheme to Force Party Leaders to Show Their Colors on Annexation.

The Civic party of Pittsburgh and the Good Government party of Allegheny, affect to believe that the Republican organizations of both cities, the Democratic organization of Allegheny and a large element in the Democratic party of Pittsburgh, are opposed to the consolidation of Allegheny and Pittsburgh, therefore they are talking of a plan to force the political enemies of consolidation to take sides. They propose that, if a favorable court decision is handed down, resolutions shall be passed by all the commercial bodies, calling upon the chairmen of the political parties to meet and arrange for a combined effort to carry the annexation election.

Now that Mayor Guthrie has declared that he will do his utmost to have Pittsburgh redistricted into wards, if the annexation law is knocked out, it is believed by many that the politicians, aldermen, constables and councilmen of the lower wards will not offer very strong opposition to annexation, for if the present city is redistricted their places and political influence will be in just as much peril as if the two cities were consolidated.

Some people think the delay in settling the annexation case in the courts will result in the appointment of a Pittsburgh postmaster. Thirty-seven of the 39 members of the central board of education have signed a petition asking that Major W. H. Davis be appointed.

The following delegates were appointed to attend a convention of bodies of the state of Pennsylvania, to be held at Harrisburg, Thursday, April 12, 1906: W. H. Williams, chairman; James B. Arthur and J. W. Wardrop.

STORE THIEVES' LEAGUE RECEIVES A HARD JOLT

Self-Confessed Member Testifies Against Six Men Who Are Under Suspicion—Four Are Held in Heavy Bail for Court.

"I have cut out stealing, Lean."

This is the reply Philip Zinkand, a self-confessed member of the "Store Thieves' league," swore yesterday he made to Harry R. Lean, clerk of the Common Pleas court No. 3, when the latter demanded a sweater and a bundle of socks. Zinkand was a clerk in a downtown department store that has suffered heavily from the league's operations.

Six alleged members of the league were before Magistrate Kirby yesterday. John C. Strain, who gave his name as Harrison when arrested, was held for court in $1,500 bail; William T. Maher, $1,000; Samuel G. Brown, $1,000, and Edward J. Mellon, $1,000. Lean and William Munn were held for a further hearing. Zinkand is the commonwealth's star witness.

Zinkand testified Lean received from him $50 worth of sweaters, socks, pajamas, neckties and bathing suits, for which he gave the witness two checks, one for $4 and another for $1. When Lean later wanted more goods on the same terms, Zinkand says he refused. Lean denies Zinkand's story.

Nunn is a clerk in Cannon's shoe store, Smithfield street. Zinkand said he was introduced to Nunn by Mellon, an employe of the department store. Mellon told him Nunn would trade shoes for apparel.

"These shoes were taken from Cannon's store," testified Zinkand, "and in exchange Nunn got underwear, pajamas and socks."

Zinkand testified that he exchanged articles in his department with Strain, who had been in the department store 20 years, for women's shirtwaists and such articles, of which Strain had charge.

Maher, who was discharged from the store about a month ago for selling a $16 suit for $10, according to Zinkand, traded $30 worth of clothing to the witness for underwear, shirts and socks.

Brown was in charge of the men's furnishing goods department. He and Zinkand, testified the latter, exchanged goods in their respective departments.

Detectives are looking for others who are believed to have received goods from the league.

BLOOD FLIES FREELY IN BUTCHERS' BATTLE

Disgruntled Giant Uses Raw Liver With Marked Effect Upon Seven Antagonists.

A battle which for its gory effects made Pickett's charge at Gettysburg pale into insignificance, took place in the Herrs island meat house yesterday. When the law, in the shape of a big policeman, finally quelled the disturbance, seven men were huddled in a corner with their faces, hair and garments covered with blood, while everywhere on the walls and floor the stains of battle were in evidence.

The fight started when Frank Oina, a big, husky youth of 21, was discharged by George Seigler, foreman of the Pittsburgh Provision Company's Herrs island stall. Oina resented his discharge, and mixed things up with the foreman. He was getting the best of it when several workmen rendered assistance. Oina, seeing he was hopelessly beaten, grabbed up a bucket of fresh liver and threw it at his adversaries. This proved too much for them, and all ran and huddled in a corner, the enraged man following up his advantage with several other buckets of raw meat.

Officer Michael Freil arrived and soon had him lying on the floor. With the assistance of several of the worsted combatants, Freil handcuffed Oina. This proved no restraint to the modern Samson, who broke the handcuffs with ease. He was pounced upon, however, and floored before he could do any more damage, and taken to the Allegheny Central police station. At a hearing before Magistrate Hadfield, Oina seemed to consider the affair a huge joke, but the magistrate differed with him to the tune of $5 or 10 days.

RUSSIAN BOAT HELPLESS.

Big Schooner Is Dismantled and Is Drifting on the Sea Southwest of Cape Hatteras.

NORFOLK, VA., April 11.—Dismasted and helpless, with the second mate dead, the Russian schooner Nara, of Riga, Capt. Krentzberg, was abandoned about 60 miles southwest of Cape Hatteras, Tuesday night, by the British steamer Exmouth, which arrived at Norfolk today.

The Exmouth fell in with the Russian Tuesday morning, towed her toward Norfolk for 14 hours, and when the tow line broke in the gale and sea the Exmouth abandoned the Nara, first offering, however, to take off the Russian crew. The latter replied that the Nara was not leaking, and that they would stick to their ship.

LONDON, April 11.—Thirty-two bishops of English and Welsh dioceses at a meeting today in Lambeth place expressed the conviction that the education bill as it stands must be unhesitatingly opposed.

The Roman Catholic hierarchy will meet on April 24 to consider the bill, and simultaneously the Catholic education council will meet under the presidency of the duke of Norfolk to discuss means of opposing the measure. It is probable Catholics will meet in all the large towns for the purpose of protesting against the enactments of the bill.

ONE CLASH MARS WORK OF RIVAL OFFICERS

Otherwise, Dual Boards for District Organization of Miners Spend Very Quiet Day.

The two rival sets of officers for the local district of the mine workers were busy with their respective duties yesterday, and with the exception of one incident tranquility prevailed. The exception occurred when Martin Greeley of Fayette City, elected an auditor at the special election, called at the Dolan headquarters to assist in the audit of the books of retiring Secretary-Treasurer William Dodds. There was a call to arms in the Dolan camp when Greely appeared and Dolan denied Greeley the right to examine the books on the ground that the election was irregular. John McGinty and John Sheppard, the old auditors, were permitted to make the examination.

The Dolan executive board held a meeting, as did the Feehan board. Donat announced that he had "appointed" John Hurley to succeed Dodds as secretary-treasurer, and the Dolan executive board confirmed the appointment. As Hurley was elected to this position at the recent special election, he also has the support of the Feehan executive board.

Dolan, however, announced that if Hurley does not recognize him as president he will not permit him to take possession of the books and funds of the organization. Hurley has not expressed himself on this point, but may do so after he finally gains control of the property of the organization.

It was said yesterday that Feehan's executive board has arranged a basis for the payment of dead work and other matters to be arranged with the operators in connection with the new scale and will meet with the operators for this purpose Monday next. The Dolan board is also undertaking the same work, and will demand recognition. John Sharp, a member of the national executive board, who is at present representing the national organization in this district, received word from John Mitchell yesterday instructing him to recognize only such officers as were chosen at the special election.

EXTENDS NINE-FOOT CHANNEL

Acheson to Introduce a Bill Appropriating Nearly a Million for New Lock on Ohio River.

WASHINGTON, April 11.—(Special.)—Representative Acheson will introduce a bill appropriating $952,000 for lock and dam No. 7 on the Ohio river. It is not likely that the bill will pass at this session, unless there should be an emergency rivers and harbors bill, which does not now seem probable. But Mr. Acheson will begin the movement which will ultimately result in the appropriation.

By the building of this lock and dam another link will be forged in the chain which will finally result in a nine-foot channel for the Ohio river in its entire length. It will extend the nine-foot depth 35 miles below Pittsburgh, to the state line.

Causes Arrest of Husband.

A Spring Freshet of Loveliness—

Our Easter Millinery

It is a rare trait to be able to gauge exactly what the public wants, it is altogether a remarkable trait to foretell what women will require in millinery. Our milliners, and millinery buyers, must have some knowledge of soothsaying, for they seem to have hit, to the pont of niceity, the various fancies of the feminine taste regarding Spring and Summer Hats.

We never had such a millinery trade as we are now enjoying. Our Millinery Division this week has been more like a big day in some of our special sales. An those two words, special sales, bring a new idea: May it not be said of this big attendance that it is the special prices for our millinery, and the immense variety, that bring women here? We rather think so.

Those are our poular prices and any woman can rest assured that she can find as pretty a hat as ever graced her head at some one of those prices. They are not $5.00, $7.50 or $10.00 hats, as the case may be, but are hats that should bring $10.00 and up to $20.00

Thursday, April 12, 1906.

There has been complete verification of the prediction that the state would not lose a dollar by the collapse of the Enterprise National bank. Every claim of the state has been satisfied, just as the criminal actions against the alleged wreckers are going into the courts.

While 48 cases of typhoid were reported to the bureau of health yesterday, not all were new and the officials believe the worst of the epidemic is over. Observance of the precautions advised by the health authorities should be continued, however, if a recurrence of the epidemic is to be prevented. City water is at no time fit to drink as it comes from the faucet.

If the Indiana Republican state convention reflects popular sentiment, and it probably does, the administration of Gov. Hanly has not been altogether acceptable. There was such a marked absence of praise in the platform presented yesterday that the governor was moved to make a plea for consideration of his services in the homes of the delegates. The convention did not see with the governor's eyes and the anti-cigaret administration is in a fair way to go out of the Hoosier state unwept and unsung.

There is little fear that Herr Von Radowitz, who is to be acting German chancellor during the enforced retirement of Prince von Buelow, will do anything to disturb the peace of Europe. Indeed, whatever influence he may possess is likely to be exerted in the direction of better relations with France, a nation toward which he has always had a friendly leaning. His attitude is known to be anti-British, but the chancellorship is not the office it was in the days of the "man of blood and iron."

A large attendance is promised for the meeting in Harrisburg today to protest against the $10 deposit on mileage books and to start a campaign for a flat 2-cents a mile fare. This movement is founded on justice and will prevail. The requirement of a $10 deposit by the railroads is burdensome. It subjects the purchaser of a mileage ticket who is unfortunate enough to lose it to an additional forfeiture of $10. There is reasonable doubt about the legality of the regulation, but pending court settlement of that question the popular campaign is in order.

Attorney General Carson yesterday allowed the application of the Philadelphia retail grocers for a writ of quo warronto to test the constitutionality of the pure food act. In his opinion Mr. Carson does not construe the act, but decides it is important this shall be done by the courts of competent jurisdiction. No law has been productive of more controversy. The desire to have pure food is all right, but the justice of inflicting a penalty on an innocent middleman is doubtful. The law certainly needs amendment if it is found to be constitutional.

Postmaster General George B. Cortelyou has decided to take vigorous action to suppress the lottery business in this country, as conducted by agents of European interests. The extent to which this business has grown in the last few years is not generally realized. The lottery is a recognized public institution in many European countries, but it is rightly placed under the ban by our federal government. Agents of foreign lotteries are scattered throughout the United States and doing an extremely profitable business. Their profits are likely to be curtailed in the future.

The proposed bill for the reinstatement of Annapolis midshipmen who have been dismissed for hazing will doubtless encounter considerable opposition from those who consider its effect on discipline at the naval academy. A fair trial was presumably accorded those who have been expelled and apparently the example has not been lost upon their companions, left behind, since it is declared there is practically no hazing now at Annapolis. New legislation provides graduated penalties for hazing, with dismissal for only the most serious offenses. Revoking sentences already passed would seem to be not the best method of enforcing discipline in the school where our future naval officers receive their training.

Representative Danby of Michigan has proposed a new Chinese exclusion act that is just and sensible in its provisions, one excepted. The bill does not abate the rigor of exclusion of Chinese laborers. It makes better provisions, however, for the readmission of registered Chinese and the better treatment of classes exempt from exclusion. It adds to the exempt classes, writers, editors, artists and others who are distinctly not common laborers, but prohibits these ever engaging in common labor for gain. This is the one provision that needs amendment. The prohibition should be limited, say to five years after arrival. There is no justice in denying the privilege of manual labor to a man who has been reduced to necessity by misfortune, even if he be a Chinese.

Hurrah for the Pirates.

This is the day of days for the host of patriotic citizens who are enthusiastic supporters of the national game. It is not only the opening of the season of 1906, but the day when Pittsburgh confidently expects her Pirates to live up to their noble name and make their St. Louis opponents walk the metaphorical plank. There is every reason to believe they will do so. In the last four seasons Pittsburgh has won 28 games from St. Louis. There were 19 "off days" in the same period of time when Pittsburgh generously permitted her St. Louis competitors to win to keep them from becoming discouraged. The Pittsburgh team is stronger than ever this year. An especial improvement in outfield and pitching ability is noted.

The exhibition games preliminary to the regular season have increased the feeling of optimism among the Pirates' friends and supporters and strengthened the feeling that Pittsburgh will be satisfied with nothing less than the championship this year. There is no talk of "reforming" baseball. The game is typical of that prominent American characteristic, alertness. It is rightly the premier American pastime and no excuse is expected for the manifestations of enthusiasm at the opening of what is expected to be one of the best seasons the game has ever known. The large attendance at the exhibition games has shown there is to be no diminution of popular interest this year. Pittsburgh wants that pennant, and having acquired the habit of getting most things she goes after in earnest, will await the result of the present series without fear of disappointment.

Bailey and Knox.

Senator Hale's prompt surrender to the oratory of Senator Joseph W. Bailey does not so much prove the logic of the Texan's arguments as the ease with which Senator Hale is won. Mr. Bailey has not made it apparent the railroad rate bill will be constitutional without a provision for court revision. On the contrary, the decisions cited by him prove that lack of such provision may lead the supreme court to declare the entire act void. From one of Senator Bailey's supporters we take the following account of his argument:

From his opening sentence Bailey proved himself complete master of his subject. He showed by one decision after another that the courts have held, without deviation, that, without authority from congress, no power of the courts inferior to the supreme court can be exercised. He cited opinions from Chief Justices Marshall and Chase and others in which it was explicitly declared that no power exists in the circuit courts other than that conferred by the statutes.

He found warrant for the assertion that no power extends to the circuit or district courts direct from the constitution and that the right of these courts to issue even the writ of mandamus is derived from the statutes and not from the constitution.

This argument, if it proves anything, refutes the contention of Representative Hepburn and other supporters of the original bill that court review may be had automatically, under the constitution. Chief Justices Marshall and Chase were quoted declaring the circuit courts derive their authority wholly from the statutes. This is precisely the contention of Senator Knox and is the reason why he deems a specific court review provision essential. No one has denied, and we believe no one will, that power vests in the supreme court to review the act and that, if it deems it subversive of the constitutional rights of the carriers to declare it unconstitutional. The turn is upon the question whether enforcement of an unreasonable rate, without appeal, may constitute a taking of property without due process of law.

Senator Bailey's further argument is for an abridgement of the jurisdiction of the inferior courts in a specific matter—the fixing of railroad rates. The power of congress to do this thing has been questioned by Senator Knox, and Mr. Bailey has not refuted his argument stated in this paragraph:

"The whole framework and structure of equity jurisprudence was built up and made possible because of this inherent equity power, the power of injunction, and now it is suggested to limit and control this power. If congress can interfere and lop off this highly essential branch of equity jurisprudence it is easy to see that it can destroy the whole system, or at least its efficacy. Such an attempt upon the part of congress would clearly be an encroachment upon another and a coordinate branch of the government, and it is a matter of highest satisfaction to know that in the system of nicely adjusted checks and balances which safeguard this government the judicial power is not helpless, but may assert its own proper position and functions by declaring such an encroachment unconstitutional. That the supreme court would do so can hardly be doubted."

It is a part of the judicial power of the supreme court to construe good public policy. This is the foundation of the argument of Senator Knox, as quoted. He believes if congress attempts to abridge equity jurisdiction the judicial power "may assert its own proper position and functions by declaring such an act unconstitutional." The declarations of Marshall and Chase do not, in the least, contradict this view of the judicial power.

Irwin Mining Conditions.

We print elsewhere a communication touching the mining situation in Westmoreland county. It is not an altogether fair statement. We agree on one point; the miners should have a checkweighman on every tipple, paid by themselves. Our correspondent, comparing average earnings of 1903-1904, ignores the fact that settlement has just been made on the 1903 basis.

In as far, however, as he rests his case on the reported average earnings, it is valueless. Many Westmoreland miners earn money at other work when they get it to do, which increases their individual income and reduces the mine average. Moreover, earnings in the mine depend less on the scale per ton than on the supply of cars and facilities given. Some managements interpose obstables that reduce the individual miner's output; others give them a chance to make good wages if they are competent. The unskilled miner, again, makes more "slack" that goes through the screen and less lump coal that goes over the screen to his credit. General conditions in the Irwin district are not bad, as old miners will testify. They are readily accepted by the raw immigrants who comprise the majority of the mine workers.

Beautifying the City.

The plan suggested by the Rev. Dr. J. Leonard Levy, which is to be put into execution by the sisterhood of the Reform Congregation Rodeph Shalom, to encourage the growing of potted plants and vines in the homes and yards of the poor, is to be strongly commended. Seeds will be distributed without cost and prizes awarded to those who achieve the best results. It is hoped to interest children particularly. Much may be done in the way of tidying and beautifying back yards, alleys and courts. Several Ohio cities, notably Cleveland and Dayton, have recently undergone striking improvements in appearance as the result of carrying out a similar work. In addition to cultivating the flowers, the children are developing their esthetic sense, their appreciation of the beautiful. With improved surroundings comes improved health.

Cities generally are coming to realize that parks and boulevards and the ornamental grounds of the wealthy do not compose the sum total of municipal beauty. The poorer portions of the towns must be cleansed and brightened if the city is to be known as a beautiful one. Appearance plays no small part in the progress and prosperity of cities as well as of individuals. Pittsburgh has its beauty spots and its unkempt neighborhoods also, and the latter can be improved by just such conscientious efforts as those of Dr. Levy and his associates.

Troubles of Democracy.

While Pennsylvania Republicans are somewhat embarrassed by riches in the choosing of a candidate for governor, the Democracy is troubled for the opposite reason. It is casting about for an available nominee. Judge Gordon of Philadelphia would be satisfactory to the Wanamaker contingent, but Judge Gordon will not be nominated while Col. Guffey controls the Democratic organization, and Col. Guffey does control it. Former Mayor Vance McCormick of Harrisburg would be acceptable to some Democrats, but could not get the support of Prohibitionists as Wanamakerites.

Farmer Creasy is an all-around Democrat, probably the most widely known of any in the state. He might suit Col. Guffey and James Knox Polk Hall, but it is not believed the kid-gloved "independents" would take kindly to his candidacy. Of course, the Democrats know very well they must have Republican and Prohibition votes to elect any candidate, and it is difficult to find any Democrat who is pleasing to those elements. On the other hand, Col. Guffey believes the Democrats have done enough voting for hybrid candidates.

Col. Guffey has the right of this proposition. He has sustained the Democracy; he has won for it all the little measure of success it has had for years; he has made the success of the hybrid tickets possible. It is now his turn. If the hybrids are not willing to make return for what they have received by supporting a straight-out Democrat once, it is time for Col. Guffey and his Democracy to part company with them. One way or the other it is not our funeral. We do not attempt to advise the Democracy nor to influence the hybridizers. We merely recognize facts and the logic of the situation.

The husbands of Des Moines, Ia., who have adopted a resolution declaring that spring housecleaning should be abolished, have set an inspiring example of independence to the married men of the nation, but that is all they have done.

It is estimated that 1,000 college students have been killed in athletic sports during the last 10 years. Nobody has thought it worth while to estimate the number that have died from overstudy.

Judge Fite of Georgia declares it a crime for women to play euchre for prizes. With a name like that he is probably prepared for what will happen.

An agreement among the coal roads has been disclosed, but it has not yet been officially decided whether it was an agreement among gentlemen.

It is a sad shock to admirers of ancient royal tradition to learn that Norway's new ruler is officially addressed as "Mr. King."

Pompeii was buried in ashes; Naples is threatened with the same fate. It's an ill wind that blows in that direction.

A New York man has been adjudged insane because he is in love with Maude Adams. This is complimentary.

Rather more fuss is being made about the public safety committee than that committee is worth.

Jacob Schaeffer's great run will excite less general enthusiasm than anybody's three-bagger.

Prof. Belar owes an apology to the sun. It had nothing to do with the eruption.

In the meantime Senator Smoot's little salary is running on without interruption.

Our new immigrants are not farmers, in any sense of the word.

Even the mayor of Naples can't put the lid on Vesuvius.

"See Naples and die." It is not so pretty just now.

Today we hear the magic words: "Play ball."

Will Improve Trade Relations.

A grain and cattle merchant of Chicago predicts that nearly half a million settlers from the United States will enter Canada this year. The influence of American settlers in Canada's great northwest is almost certain to react in favor of closer trade relations between the two countries, whatever political effects it may have.—New York Tribune.

Entitled to One Credit Mark.

Anyway, Gov. Jeff Davis of Arkansas is entitled to one big credit mark to offset some of the black ones that are opposite his name. Closing the gambling houses at Hot Springs is about twice as hard a job as closing the saloons of either Leavenworth or Wichita.—Topeka State Journal.

Sly Slap at Beantown.

Announcement that one will be able to go from here to Boston in four hours for four dollars is not half so interesting as the fact that one can leave Boston and get here in the same time for the same money.—New York Herald.

APRIL AND WOMAN.

April weeps,
April smiles;
Woman threatens,
Then beguiles.

Rain or shine
Who can find?
Who can tell
A woman's mind?

April's tears
Bring blooms of may;
Woman's weeping
Gets her way.

April's mild and
April's chill;
Warm and cold is
Woman's will.

April's full of
Quick surprise;
So's the light
In women's eyes.

April's young, so
Fair, in truth;
Woman's sweetest
For her youth.

Young men's fancy
It is said,
Turns to loving
Month and maid.

Quiet Observations on Timely Topics

Pictures That Tell True Stories Are Great Educational Aids.

By ERASMUS WILSON.

Maps on the walls in school halls, and physical geography illustrations are, in a way, helpful, but not nearly as edifying as real pictures drawn from nature by real artists.

Pictures that interest children and simple-minded people most are those which tell simple stories, portray scenes with which they are familiar and carry the beholders back to nature, the only really great teacher.

Much money has been expended in color work in school, the object being to impress on the young mind the many shades and variations of color.

To the average child this is uninteresting, and to the average simple-minded person it looks like a waste of valuable time and good money.

* * *

Would it not be equally as profitable to invest this money in bright, cheerful landscapes, with an occasional animal or story picture?

Do you know of anything else that will more quickly attract, and hold more firmly, the attention of a child than a bright landscape, a cheery woodland or a farm scene?

There are a number of bright pictures in Mr. Poole's collection that would prove a source of endless delight to the children in any school. And in addition to being a constant source of delight they would prove to be educators of great value.

Most children have seen bright, beautiful apple, peach and plum blooms, and it never fails to afford great delight and pleasure. Paintings in which these are faithfully reproduced would be a constant source of delight.

* * *

Why not invest in pictures of this sort from time to time? If only one picture to a school at first, these could be changed from one school to another, so that all would eventually be benefited.

Children, and young people generally, take more interest in pictures than in books, and since the most successful, helpful and elevating teaching is that which most interests the young in life and in nature, cannot fail to be most efficient aids to education.

The book fad in schools is dying out, as it should, and instead of driving book stuff into young heads the coming method will be to create and to encourage in the young mind a love for life and for nature. With a love for these in the mind of a boy or a girl, each will see life from the right side, and their trend of life will be accordingly.

* * *

Historical pictures may be interesting to teachers and to those interested in history, but hardly to children who delight in fields, and woods, and flowers and animals.

Then why not give them that in which they can take a living interest, and from which they can learn lessons that will help them to appreciate the true and the beautiful in nature.

Every one who can appreciate the true and the beautiful in nature will not be slow to discover the true and the beautiful in life.

Art galleries, as a rule, cater to the tastes of artists rather than to the demands and the tastes of the people who are expected to patronize and support them. Average people of intelligence do not find a whole lot in art galleries that either edifies or pleases.

* * *

There is a picture on exhibition in a Wood street art store by A. F. King that would prove an educational feature of inestimable value in any school, for any one from the youngest in the primary grade to the school principal and board of directors would enjoy it. It is from nature—it is nature so well portrayed that no one would ever tire of it.

Then there are Hetzels with deep foliage, waterfalls, purling brooks, bright sunlight and cool shades, that would not fail to make good impressions on youthful minds, and impressions that would last long and prove blessings to the end.

Wall's sheep picture, than which few better are to be found in the best collections, will carry any one back to the green fields, the cool woods and country home life. These pictures will be counted great some day and bring thousands where they can be had for hundreds now.

* * *

Art is destined to cut a more important figure in popular education than it has in the past; but it will be simpler art, truer and freer, and not so bound up in schools and conventionalities.

The greater artists are leaving the studio for the fields and woods where they can woo nature and capture her smiles and favors.

There is Enneking, Boston's favorite artist, and well known here, who is abandoning the ideal for the real, or rather idealizing the real by seeking to emphasize and to make more impressive the truths and beauties found in nature.

And this seems to be the trend of art in eastern centers, and the public is not slow in showing its appreciation.

* * *

Heretofore, and even now, the disposition of those who have the wherewithal to indulge in pictures has been to pay dearly for great names rather than to buy works that appeal to their tastes.

While it is true that a picture by an old master is a good investment if obtained at a reasonable price, it is equally true that clever works by younger artists will prove to be good investments.

Right here at home you will find that a Hetzel, an Alfred Wall or a Lawman cannot be bought for double what was paid for it a few years ago. And some cannot be bought for many times what they sold for.

In fact, there are no Lawmans or Walls on the market, and only a few Hetzels.

* * *

You may not know it, but it is a fact, just the same, that we have one of the best among animal painters right here in our midst, in the person of Clarence M. Johns. As a horse painter he has few, if any, equals in this country. And as for painting dogs, he was long ago conceded to be one of the very best.

But for lack of practical, helpful appreciation he was compelled to devote himself to portrait work. And in this he has shown exceptional ability, his work comparing most favorably with that of foreign artists who have been brought here at great expense to do special work.

If you will look up our home artists and compare their work with the best, you will find that they are not far behind, and some of them right in the front line.

Some Palatable Breakfast Food Served Hot

By PETER PRY SHEVLIN.

An Easter Engagement.

Dyeing eggs at Eastertide
Ethel asked assistance.
Looked at Jack and he allied
Help without resistance.
"Now," said he, "just watch me
Use the color brushes;
Paint on blue—your eye's hue—
Pink now for your blushes!"

Dyeing eggs for Easter Day.
Ethel said—"I'll start, sir,
With a splotch of red that may
Now be called your heart, sir!"
Jack was rash, made a dash
For a kiss—love's token;
Then that egg fell with a crash
And—Jack's heart was broken!

Dyeing eggs for Easter joy,
Ethel blushed demurely.
"Break your heart? You foolish boy,
I'll not break it surely."
"But," Jack spoke, "my heart's 'broke'—
Your heart's thus beholden.
Like egg's yolk—Cupid's yoke
Is bound by this ring, golden!"

Peter Pry's Philosophy.

Keep one eye on your enemies and a dozen searchlights on your friends.

Every man is willing to listen to reason—if the reason is his own.

Too many bills are apt to make a man bilious.

Dignity is not as important as hustle.

When Wit Wounds.

Jim—What is your definition of wit?
Jack—Some think wit is the art of insulting a person in a clever way.

Riches and Love.

Beryl—Yes, I married that rich man because everyone said he was a "brick."
Sibyl—And his gold only turned him into a "gold brick," eh?

Some Easter Resolutions.

Resurrect old resolves on Easter day. After all, Easter is a half-way house between New Year's resolutions—a chance to make the following repairs and refurnishings:

Resolve: To laugh more.
To kill worry at sight.
To stop scolding and nagging.
To work earnestly and save more.
To fear nothing but sin and scorn nothing but deceit.
To speak kindly of others or to shut up entirely on the subject.
To examine our own faults with a microscope, before using a telescope on our neighbors.

He Admired Work.

The woman at the back gate was sceptical.

"Oh, I know you hoboes!" she exclaimed. "You hate work!"

"No, ma'am, we do not!" dissented Tattered Tad with dignity.

"Then perhaps you will split that wood for a meal, eh?"

"No, lady, I will not," said the 'bo.

"Then how can you love work?"

"Madam, I love work and admire it greatly. How else would charitable people obtain the money they give to me!"

And with a scornful glance at the woodpile the hobo faded.

The Eternal Feminine.

In the final cataclysm of worlds the Angel Gabriel was blowing the golden trumpet to announce the end of the world and the instant judgment of all creatures.

"Wait a minute! Wait just one second!" came the piteous wail from womankind. "We are dressing for the function and will be ready soon!"

So it was that last judgment was delayed three whole hours and the unregenerate had a chance to repent.

Fetching.

Eben—Willie Wishbone says his fiancee is a fetching girl.
Flo—Well, she's fetching him over a million.

Social Ambitions.

"Say, ain't Mame gettin' ter be de uppish things these days?"

"Jus' awful. Why, she buys de s'ciety papers an' after she reads 'em through, she uses 'em fer curl papers at night!"

An Easter Sermon Spoiled.

You may talk of frenzied finance
And the hustle after wealth;
For the frenzied female shopper
Here's the championship belt!
Oh, the gushing and the crushing
As Miss Mazie goes a-rushing
In desperation
To land "creation"—
A spring hat for herself!

Then at Easter in the churches
She will bloom a dainty elf;
You'd never think she wearied
Fifty shopgirls, searched each shelf!
Calmly, with world-thoughts asunder—
E'en the stained glass saints all wonder—
Till they see her fierce grimaces
As across the aisle she faces
A hat like on herself!

The Menace to America.

Of 2,000 immigrants landed in Philadelphia on Monday only 200 could speak English. The others were Russians, Italians, Macedonians, Syrians, Poles, Lithuanians, Scandinavians, "and a sprinkling of other nationalities." If the men among the 1,800 Continentals were to settle in Nebraska they would be able to vote by declaring their intention to become citizens 30 days before an election. Michigan, Missouri, Arkansas and several other states also allow aliens to vote. It is conceivable that foreigners unable to speak English or to understand what they were voting for might decide a presidential election. The great preponderance of non-English speaking immigrants now coming to our shores will be a danger as long as the lawmakers of such states neglect to revise the suffrage qualifications.—New York Sun.

Saving His Bacon.

Going the Limit.

What's this—congress to pass a bill making it a crime to rob an Indian? Tut, tut. Reform is all right, but isn't this carrying it to an unreasonable extreme? —Kansas City Journal.

TALES TERESLY TOLD.

Mistress—Above all, I want a servant who has some refinement.

Applicant—Well, madame, I've been operated on for appendicitis and had ptomaine poisoning twice.—Meggendorfer Blatter.

Mrs. Swellim (severely)—What, begging again? Weren't you told never to come to this house again?

Maud—Yes. And every time I have eaten them he has had a cold in his head.—Cleveland Plain Dealer.

Mrs. Subbubs—Our old cook is to be married this week, John. I think we ought to remember her with a present.

Mr. Subbubs—Huh! the most kindly way for us to remember her with a present is to forget her past.—Philadelphia Press.

The World's a Stage and We the Players

Gossip of Men and Things on Both Sides of the Asbestos Curtain.

By Charles M. Bregg.

This gossip will this morning run mostly to correspondents whose letters have accumulated. Apropos of the typographical error in the Coghlan article of last week an old newspaper writer, now the personal representative of Richard Mansfield, sends the following:

My sympathies are all yours. This morning in passing through Pittsburgh on my way to Cincinnati I picked up The Gazette and naturally your column had my first attention. The same things used to happen to me when I wrote dramatic and literary reviews in Washington. One night after seeing Charles Richman in support of Ada Rehan there crept into my copy these words: "Mr. Richman's vivacious animosity." Imagine my horror next morning to read of "Mr. Richman's vicious animosity." The tricks of the types and the perfidy of the proofreader are stories of limitless instances.

Faithfully,
PAUL WILSTACH.

+ + +

Another correspondent has a protest against bad theater manners that is worthy of publication. He writes:

The columns of your paper have often contained articles complaining against the actions of the average theater audience in Pittsburgh, but there seems to be one point which has escaped attention. No doubt you have often noticed the commotion in the audience which invariably precedes the ending of the last act. As soon as the end of the play is in sight nearly everybody jumps up and begins to make such a noise in banging seats and rushing for the exits that those who remain seated find it impossible either to see or to hear what is occurring or being said on the stage. This action on the part of theatergoers is not only annoying to the more refined portion of the audience, but is also exceedingly discourteous to the players on the stage. It is a foolish and selfish habit that would not be tolerated in a first-class theater in any large city except Pittsburgh. A stranger might think that the theater managers had so planned the length of their entertainments that patrons would just about miss the last train to their respective homes. But this is not so, as is shown by the fact that the audience at the matinee performances are just as bad offenders as those that attend in the evenings. The audience on a recent afternoon at the Alvin furnished a good example. Although the applause had been generous throughout the performance, showing that the work of the star was appreciated, the desire on the part of the vast majority of the audience to get away from the last five minutes of the play was so strong that many missed one of the best parts of the program, and those who showed enough good breeding to remain quiet in their seats until the curtain fell had their enjoyment seriously marred. Won't you please say a word against this habit, which is one of several faults that are bringing our city into disrepute?

KICKER.

+ + +

Still another appreciative reader sends me the following:

I enjoy reading your theater news—the more the better. I wish you and the people of Pittsburgh could persuade Mr. Harry Davis to give us a stock company again. I miss it, as probably a great many others do. Why not in the new Allegheny theater next fall?

MRS. D.

+ + +

"Kicker" indicates in his complaint a long standing evil against which protest seems to be useless. The public has a way of doing things against which, in our individual capacity, we may very vigorously protest, but without avail. It may be set down as almost invariably true that hasty and noisy exit from a playhouse usually follows an entertainment that has had only superficial appeal. I have seen the audiences at the Nixon theater piling over the seats and drag themselves into their wraps while the finale of a trivial entertainment was being given and before the curtain had started to descend. The audience in the same theater following a fine performance of "Tom Pinch" by E. S. Willard sat quietly to the last line of the play and even then clung with eager but noiseless enthusiasm to the impressions that had been created on minds and hearts, and were loth to leave the charmed place.

I may be wrong, as Tom Seabrooke used to say, but "Kicker" is apt to discover if he will watch narrowly the trend of affairs that when the stage treats its patrons to empty "jim cracks" and hollow foolishness it gets back bad breading and loose manners as a reward. People who will laugh and applaud the cheap and ugly plays and the tommy rot musical comedies, easily contract bad habits in theater deportment; and this without any reference to the audience of which "Kicker" complains.

The query of "Mrs. D." is respectfully referred to Manager Davis, though I do not think the re-establishment of a stock company is in the multifarious horoscope of that busy manager. Stock company enterprises during the past few years have had rather uncertain existence elsewhere than in Pittsburgh. Public disposition is a queer contingent. You never know what vagary it may suddenly take, and as the public makes or breaks amusement ventures in the last analysis we must look to it for an explanation of the loss to Pittsburgh of such a theatrical enterprise. When Manager Davis felt compelled to face the question of vaudeville competition there was but one thing for him to do, retain a vaudeville house on Fifth avenue, where competition was threatening to break in.

The Grand opera house was the only battle ground on which successful warfare could be waged, so the stock company had to look for other quarters.

+ + +

In securing the beautiful Alvin Manager Davis thought he had solved the problem of keeping vaudeville competition out of Pittsburgh and at the same time preserving a home for his pet project, a good stock company. But evidently the public thought otherwise, for it persistently refused to give the stock company the same support in the Alvin theater that it had been accorded in the Grand. The matinees especially were poorly attended. Sixth street at that hour of the day was not so desirable as a promenade ground for unprotected ladies. Our delightful (?) city government was too busy picking municipal plums and the police department too thoroughly demoralized to give the thoroughfare proper surveillance. As a consequence the attendance upon the stock company performances declined materially.

Then came the Avenue theater fire and the opportunity for Manager Davis to make more profitable use of his losing Alvin lease.

+ + +

I question exceedingly whether a stock company of permanent kind is contemplated by Manager Davis. His new Allegheny project I understand is intended for the much more profitable form of amusement known as vaudeville. There is an almost certain revenue in vaudeville, while a stock company is an experiment. The maintenance of a stock company is attended by very many disadvantages. Variety of ideals exist. A stock company run to make money only, in which worn out plays are used in order to save royalties and players engaged more upon the basis of small salary than artistic equipment will, in the long run, prove a failure. On the other hand, a stock company of high ideals, in which the best plays and the best players under fine stage direction are put forward is very apt to shoot over the heads of the average stock patrons, and not find enough of the patronage that appreciates that sort of thing to make the venture profitable.

Scarcity of Rolling Stock.

Thomas M. Campbell, a manufacturer of Cleveland, who registered at the Fort Pitt yesterday, was talking about the scarcity of railroad rolling stock in handling coal shipments to the Great lakes.

"Coal dealers along the Great lakes seemed to have some inkling of a possible strike many months ago, and great stores of coal are piled ready for transport across the lakes. On account of an open winter these shipments start earlier than usual this year, but the shipments of coal from the Pittsburgh region, now enjoying favorable conditions, is not nearly as large as has been expected. It is surmised that this is because of the scarcity of rolling stock, a phenomenon at this season of the year, but which is the effect of great prosperity in all branches of trade. Steel manufacturers and foundrymen are also complaining about the scarcity of box cars."

Inspecting B. & O. Telegraphs.

C. Selden, superintendent of telegraphs on the B. & O. railroad, whose headquarters is at Baltimore, arrived yesterday in his private car for a brief glance over the local telegraph lines and to receive reports of district superintendents. Mr. Selden reports that an exceptionally mild winter has been kind with the wires on the B. & O. and the usual spring housecleaning and repairing in the telegraph system will not call for such a large expenditure. Mr. Selden leaves this morning for the west to continue his inspection of the system.

FOR PROTECTION OF NIAGARA FALLS

Congressman Burton Introduces Bill Designed to Prevent Further Diversion of Water.

COAL MEN ARE INTERESTED

SPECIAL TELEGRAM FROM L. W. STRAYER, Staff Correspondent.

WASHINGTON, April 11.—Representative T. E. Burton of Ohio today introduced in the house a bill that is designed to prevent the diversion of water from Niagara Falls and to preserve that beautiful and historical cataract in all its grandeur. The bill empowers the secretary of war to grant revocable permits for the diversion of water from Niagara Falls for the creation of power, but only to individuals, companies or corporations which are now actually producing power from said water and to them only to the amount now actually in use by them, and to prevent power companies from locating on the Canadian side, thus escaping the jurisdiction of the United States. It is provided that no electrical power generated from the waters of the Niagara river shall be brought into this country from Canada. A maximum fine of $2,500 and imprisonment of one year is imposed for violations of this law.

Three Years to Arrange Treaty.

The President is requested to take such action as he may deem necessary, either through ordinary diplomatic channels or by the members of the international waterways commission to prevent further depletion of the waters flowing over Niagara Falls and for the adoption of proper regulations to preserve the cataract as near as may be in its natural condition.

The provisions of this act are to remain in force for three years. This is to give the President ample opportunity to arrange by treaty for the preservation of the falls. It is said that he will have little difficulty, once the matter is taken up by the state department, in negotiating a treaty that will prevent power companies from depleting the Niagara river. This is not merely a sentimental question. The coal interests are involved and they are eager to have the power companies prevented from further extending their influence. It is understood that many of the coal operators of the Pittsburgh district have been back of the movement to prevent the use of Niagara Falls for power purposes. The electric power thus generated means a loss to the coal interests of about $10,000,000 annually and naturally the coal operators were favorable to restricting the use of the water power.

It is estimated that the total power of Niagara is 4,000,000 horsepower, and that about half of this could be utilized for industrial purposes. The average cost per annual horsepower hour for continuously developing steam power is $166, while $20 is the yearly cost per horsepower hour for producing power at Niagara. This shows an annual saving of 2,000,000 horsepower of $292,000,000. The experts have gone farther with their figures and they show that this saving capitalized at 5 per cent would give a value to Niagara's power of $5,840,000,000.

Use Much of the Water.

The six companies now holding rights of diversion from the Niagara, on both sides, will take from the river 60,900 cubic feet of water per second. Of this amount 36,100 cubic feet is to be taken from the American side and 24,200 cubic feet on the Canadian side. This means that 27 per cent of the average discharge and 33 per cent of the low water discharge of the Niagara river will cease to pass over the falls when those works are completed and in full operation. The quantity to be diverted is more than double the quantity which now passes over the American falls.

The international waterways commission has decided that while this diversion of 60,900 cubic feet is important, yet if it is limited to that it may not prove disastrous. It is for the purpose of limiting the diversion to this figure that Mr. Burton has introduced his bill. In a message transmitting to congress the report of the commission on March 27, President Roosevelt strongly recommended the passage of such a bill pending the negotiation of a treaty.

BELAR'S BULL IS LAUGHED AT HERE

John A. Brashear and Dr. Schlesinger Say Sun Spots Don't Affect Mt. Vesuvius.

ITALIANS HERE ARE WORRIED

"Prof. Belar" of Laybach, Carniola, Austria, gained ephemeral notoriety yesterday by rushing into print concerning the eruption of Mt. Vesuvius, ascribing the activity of the volcano to the influence of a big sun spot. Men who know about sun spots, John A. Brashear of Allegheny and Dr. Frank Schlesinger of the observatory, have never heard of Prof. Belar, but whoever he is, they think he knows but little about sun spots if he ascribes volcanic disturbances to the influence of one.

"If Prof. Belar amounts to anything he is probably misquoted in the dispatch from London," said Mr. Brashear. "Sun spots have nothing to do with volcanic activity. I believe the eruption of a volcano is usually ascribed to water penetrating fissures into the earth's interior. The effect is like that which follows the sudden admission of water into an overheated boiler—an explosion. If solar disturbances have any effect on volcanoes, why is it that Vesuvius was not active last October, when sun spots were so numerous?"

Dr. Schlesinger laughed when the telegram telling about Prof. Belar's "discovery" was shown to him. He said that sun spots could not have anything to do with the eruption; that, in fact, the influence of sun spots upon the earth were so infinitesimal that it was extremely hard to determine what they are.

Italians in and about Pittsburgh are much interested in the news from the scene of the seismic disturbance. The Italian papers are issuing special editions, and in Webster avenue Italians gather about English-speaking compatriots and listen to the news from the daily papers, translated as the reader proceeds. Very many of the Italians here are from southern Italy. Some of them are already consulting their bankers relative to sending money to relieve the distress of their friends and relatives, but are awaiting letters from home to learn personal details. There are about 300 Italians here who came from the city of Naples, and the dispatches intimating that the city was in danger caused much alarm yesterday.

FISH BILL HAS SMALL CHANCE

Speaker Cannon Puts to Sleep Measure in Which Pennsylvania Isaac Waltons Are Interested.

WASHINGTON, April 11.—(Special.)—The fish hatcheries bill, which contains an appropriation of $25,000 for a hatchery in Pennsylvania, appears to have little chance of passing at this session. It is understood that Speaker Cannon does not favor it and that it will be allowed to sleep during the remainder of this session.

Representative Acheson today made some inquiries regarding the bill, and was given to understand that there was not much hope for it. Mr. Acheson received a letter from the Pennsylvania Fish Protective association stating that there are many trout streams in the state that are unstocked and that the state hatchery is unable to furnish stock for them.

END OF RATE BILL TALK APPEARS TO BE NEAR

Agreement on Day for Vote on the Measure in the Senate Will Soon Be Reached

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, April 11.—In the senate today, Mr. Aldrich expressed the opinion that the end of the general debate on the railroad rate bill would become apparent before the end of the present week and that then an agreement upon a day for a vote could be reached. The statement was made in response to a request by Mr. Tillman for such an agreement. There was no other discussion of the rate bill during the day, owing to the fact than no senator was prepared to speak. It was announced that Mr. Spooner would reply tomorrow to Mr. Bailey's speech of yesterday.

The session was almost entirely devoted to the consideration of the conference report of the bill providing for the final settlement of the affairs of the five civilized tribes of Indians, and in connection with that report there was a sharp controversy over an amendment inserted by the senate which provided for the ratification of the disbursement of $186,000 of the loyal Seminole fund made by Special Agent J. E. Jenkins and administrator A. J. Brown. The debate turned upon the exceptional fact that the house was insisting upon the retention of a senate amendment from which the senate was apparently anxious to recede.

The debate was characterized by a number of spirited passages between Mr. Tillman on one side and by Messrs. Teller and Clapp on the other. The South Carolina senator contended that the Indians had been defrauded, while his opponents urged that if they had been the proposed legislation did not deprive them of their rights under the law. No conclusion was reached.

POINTING FIREARMS IS CHARGED BY STRIKER

Before a crowd of excited and dissatisfied strikers, Alderman Caldwell last night held F. J. Hess of 3231 McClurg street in $500 bail for court, on a charge of pointing firearms. The hearing was the result of the switchmen's strike on the Monongahela Connecting railroad, the charges being preferred by George H. Harris, one of the strikers, who alleges that Hess, who took his place, pointed a revolver at him, exclaiming: "This is what I have for you fellows." The spectators at the hearing were disappointed because Hess was not committed to jail without bail.

Premium milk-fed poultry, as exhibited by Swift & Co. at McCann's new store, is attracting attention every hour of the day; thousands of people are questioning the lady in charge just how such apparent results can be obtained.

And careful inquiry proves that the buyers of milk-fed fowls were more than satisfied with their last week's purchases.

It does seem wonderful that science should play a part in the development of a chicken, discovering just what is necessary to produce a tender, juicy fowl for the dinner table.

The fact that the meat is whiter (even the dark meat being lighter) is due to the special or scientific prepared food. The tender joints and soft meat are due in some measure to the sanitary conditions under which the fowl is raised. In all, the French and English imported milk-fed chicken is a success in Pittsburg. John W. Turney.

John W. Turney, formerly of the South Side, died at his home in Chicago, last Thursday and was buried there on Sunday. Mr. Turney was a native of Pittsburgh, being born here about 65 years ago. He was among the earliest settlers in the section now known as the Thirty-first ward, and became very active in public affairs. He represented that ward in the city councils and subsequently joined the fire department and served as captain of the Mt. Washington Hose Company when it was the only company on the South Side hills. About 20 years ago he removed to Chicago, where he had since lived. While a resident of Pittsburgh Mr. Turney was a member of Geary post, No. 236, G. A. R. He transferred his membership to Drury post of Chicago and that organization gave him a soldier's burial. Mr. Turney is survived by his widow, Mrs. Margaret Turney, two daughters, Mrs. Mellie Flanders and Mrs. Lizzie Ward, both of Chicago; three brothers, Samuel B. Turney of Gold Hill, Nevada.; William W. Turney of San Jose, Cal., and Thomas Turney of Allegheny, and three sisters, Mrs. Mary E. Weber, Mrs. Daniel P. Berg and Mrs. Ida M. Duff, all of Pittsburgh.

The Rev. Dr. Joseph T. Smith.

HARRISBURG, April 11.—The Rev. Joseph T. Smith, pastor emeritus of the Central Presbyterian church, Baltimore, and for more than 20 years a member of the board of directors of the Princeton theological seminary, died this afternoon after a brief illness at the residence of his son, the Rev. Dr. J. Ritchie Smith, pastor of the Market Square Presbyterian church, this city.

Mr. Smith was born at Mercer, Pa., November 8, 1818, and was for seven years pastor of the Presbyterian church at that place. He went from there to the Second Presbyterian church, Baltimore, which he served for 10 years. He was afterward a professor at the Danville, Ky., theological seminary and subsequently for 23 years pastor of the Central Presbyterian church, Baltimore.

He retired from active service 10 years ago and some time afterward came to Harrisburg to live with his son. He was one of the leaders of the Presbyterian church in this country and served as moderator of the general assembly at Omaha, Neb., in 1897.

Funeral services will be held at the Central Presbyterian church, Baltimore, Saturday afternoon at which an address will be made by the Rev. Dr. Francis L. Patton, president of Princeton theological seminary.

Miss Nancy A. White.

Miss Nancy A. White died at the residence of her sister, Mrs. A. R. Wills, 206 Auburn street, at 1:15 yesterday afternoon. She was born in Plum township August 13, 1847, and came to the East Liberty valley with her parents in 1866. They settled on the old Finley property, where they lived for many years. DISPUTES TRUTH OF NEW TESTAMENT

Congressman McDermott Makes Remarkable Speech of Agnostic Character.

DEFENDS THE JEWISH RACE

SPECIAL TELEGRAM FROM L. W. STRAYER, Staff Correspondent.

WASHINGTON, April 11.—One of the most remarkable speeches ever heard on the floor of the house of representatives was delivered today by Representative Allen L. McDermott of New Jersey. In form it was a defense of the Jews against the charge of having killed the Messiah. Mr. McDermott, however, approached the subject from an agnostic viewpoint and indicated clearly his disbelief in the inspiration of the Scriptures. He discredited all the evangelistic reports of Pilate's behavior at the trial of Jesus and pointed out discrepancies in the accounts by Matthew and Luke of the infancy of Christ.

A dramatic interest was given to the speech by the condition of its author. Mr. McDermott is facing death. He has been a very sick man for a year, unable of late to give any attention to his congressional duties, and in a few days he is to go on the operating table in a last effort to save his life. The speech he delivered today may be his last, and this explains in a measure its extraordinary character. Mr. McDermott said in part:

"With the approach of Easter comes the stories of threatened massacres in Russia. Men and boys, women and girls, babes in mothers' arms, are to be slaughtered by savage bigots, in whose brains the Russian Greek church seems to have left no trace of mercy.

Bigots Have Persecuted.

"In the name of Christ and the cross, men called Christians have tortured and slaughtered men, women and children during 1800 years. In the name of the cross, bigots have persecuted each other and the Jews.

"While engaged in the congenial occupation of murdering each other frenzied zealots of nearly all the Christian creeds have made common cause against the Jews. The world has been drenched with their blood as though God had given command for the extermination of those whom the Old Testament denominates His chosen children. In chapter 13 of Deuteronomy, directions are given for taking care of a town where 'false gods' are worshiped.

"These directions were, according to the Old Testament, revealed by God and written by Moses. If the legend could be changed to have the order written by satan and issued from hell, a very great work of justice could be done to the reputations of both God and Moses. Moses is one of the great figures in the history of mankind, and it is well to redeem his name from slander. The directions were written long after his death, and the wretch who wrote them probably thought he was inspired—probably thought that his heart of rock and brain of hate were under divine guidance, whereas, he was merely ferocious and insane.

"But it was not until Christianity had obtained domination that the Jews were persecuted because they refused to 'accept Christ.' From them the spirit of oppression has grown. Persecution of the Jews because they are Jews is today tolerated in but few parts of the Christian world so far as the statute books go; but the spirit that is breathed in the words 'Christ killer' is found in the eyes and on the tongues of Christians in the new world as well as in the old.

Not Crucified By Jews.

"We can teach in press and pulpit that the statement that Jesus Christ was crucified by the Jewish nation is the wickedest falsehood that ever fell from human lips.

"If Christ was a mortal, if he was the son of Joseph and Mary, born in the good, old-fashioned way, he was crucified by the Romans. If he was the Son of God, he was crucified by the direction of his father. Under neither proposition can the Jews be held accountable. If he was a mortal he was a prisoner of Rome, and the Jews, as a race, never cried for his blood."

Mr. McDermott quoted the verses ordering the stoning to death of heretics and continued:

"According to the Christian religion these directions were perfectly good until the Christian era. The new testament does not tell us that God repented for having taught men that they should murder their children if the latter made the slip of getting on bowing terms with the gods in the next county.

"I do not believe that a sane god ever dictated any such direction, or that Moses ever wrote them. But Renan is wrong in saying that Christ was crucified under this law. He was put to death, not for assaulting the Mosaic law, but because He was accused of treason to Tiberius. He was not stoned to death under the Mosaic law. He was crucified under the Roman law.

"If it is reprehensible for the Jews not to believe, is not their punishment prescribed? Are they not to suffer in hell everlasting? Are they not to be boiled and baked and burned through countless trillions of years? This will, as I understand it, be sufficient to satisfy an offended God. Why, then, should the prospect not be sufficient to satisfy those who believe in peace on earth, good will to men, and hell hereafter?"

CANNOT GET ENOUGH ICE.

Since Dealers' League Controls Almost Entire Output, Strikers' Company Is Having Trouble.

The Co-operative Ice Company, which was instituted by the striking icemen, has found a big obstacle in its fight against the Ice Dealers' league in obtaining sufficient ice to supply the demands. The various ice companies in the league control 88 per cent of the ice in Greater Pittsburgh, and about 90 per cent in Allegheny county, and it is necessary for the icemen's company to bring it in from a distance, which is not only difficult, but expensive. They say they have no difficulty in selling this ice and can easily hire and man the wagons.

The ice companies reported little trouble yesterday and, according to the statements of the officials of several of the larger companies, the service is becoming better each day. In an effort to break the strike and maintain the open shop which they have declared several of the companies are reported to be offering inducements in the way of big wages to get the men to return to work as individuals. But so far there has been no break in the ranks.

David Webster, a striker, was haled into central police court yesterday morning, Charles Jackson, a non-union driver, appearing against him. The latter alleged that Webster assaulted him in Market street. The magistrate fined him $1 or 48 hours to jail.

DEMOCRATS WILL HAVE LATE CONVENTION

PHILADELPHIA, April 11.—(Special.)—The plan of the Democratic leaders to hold their state convention in the latter part of May or early in June has been abandoned. When the state central committee meets at Harrisburg on Wednesday next it probably will direct that the convention be held in August. From a reliable source it was learned today that Col. Guffey is neither committed nor opposed to a fusion proposition on state candidates.

You can always depend upon it. Pilette positively cures Piles. All druggists sell it.

OLD EWART PROPERTY FOR HOSPITAL SITE

Montifiore and Hebrew Ladies' Aid Society Complete Plans for New Institution.

At a joint meeting of the Montefiore Hospital society and the Hebrew Ladies' Aid society, at Harmony club rooms, 1809 Fifth avenue, last night, it was definitely decided to purchase the old Ewart property in Center avenue, opposite Herron avenue, now occupied by Mrs. James Blacknore, as the site for the new Hebrew hospital.

Work on the new hospital building, which together with the site, will cost nearly $100,000, will be begun as soon as contracts can be signed and the plans prepared. The proposed new building will not only contain a hospital, but will also include a home for aged and infirm Hebrews.

The Ladies' Aid society, which has already raised $25,000 toward defraying the cost of the new structure, has been paying the expenses of the Hebrew patients, averaging about 20 per week, who have been treated in the various hospitals of Pittsburgh and Allegheny for the last four years.

TAKES MAN TO HOSPITAL AND COMPANIONS TO PRISON

Lieutenant Mellet Uses Automobile First as Ambulance and Then as Police Patrol.

While speeding around the corner of Craig and Bayard streets last night, John Deighmiller, chauffeur for W. S. Kuhn of Morewood avenue, was thrown from an automobile owned by L. G. Martin of the Martin Automobile Company, 3994 Forbes street, and seriously injured. He was taken to the West Penn hospital. His nose was broken, his left jaw fractured and his scalp lacerated in several places.

Martin, the owner of the automobile, who was acting as chauffeur, and Albert Giles and Frank Townsend, employed as butlers in Morewood avenue residences, who were in the automobile when the accident occurred, were arrested, charged with running the automobile at an excessive rate of speed.

The men were coming down Craig street from Grant boulevard. At Bayard street the man driving the machine made a quick turn into the latter street, when Deighmiller was thrown out. He turned completely over, striking the curbstone on his head and face. The automobile was stopped and Lieut. Andrew Mellet had the injured man placed in the automobile and a quick run made to the hospital. After Deighmiller had been placed in the hospital Lieut. Mellet put the three other occupants under arrest and had them drive the automobile to the Oakland police station, where they left $30 each for a hearing.

THRILLING RUNAWAY.

Young Couple's Exciting Drive Through Crowded Downtown Thoroughfare and Escape Without Injury.

Crowds who were coming from the theaters on Sixth street last night were startled to see a horse dashing up the street attached to a runabout, in which were seated a young man and a young woman. While the young man tugged at the reins in his frantic efforts to stop the beast, the young woman screamed and several times attempted to jump out. Followed by a crowd which increased every second, the runabout turned up Market street, and continued up Fifth avenue to the hump, where it was finally stopped by the driver. The young man refused to give his name and drove off after he had ascertained that no damage had been done.

The horse first started to run on the Sixth street bridge, and during its course of nearly a half-mile, fully a half dozen policemen and as many pedestrians made attempts to stop it, but were afraid to risk the almost certain death of grabbing it by the bridle. That the flying animal did not strike a trolley car or run over persons crossing the stret is almost miraculous.

BELL DENIES DODGING.

District Attorney Disputes Gordon's Statement That He Would Not Prosecute Filtration Contractors.

PHILADELPHIA, April 11.—District Attorney John C. Bell issued a statement tonight in which he denies the statement of ex-Judge Gordon that he has blocked the beginning of criminal actions against the filtration contractors. Mr. Bell goes over the entire history of the filtration investigation and tells how Gordon tried to drag him into it. He recalls that he announced to Mr. Gordon that he would never swear out warrants, but that after the arrests were made he would prosecute them in court.

Mr. Bell declares it was a surprise to him when Mr. Gordon and the mayor announced they would abandon the criminal suits. If the committee of 70, as a representative reform body, takes up the evidence now held by the mayor and Mr. Gordon and finds as the result of its lawyers' deliberations that the testimony available is sufficient to convict, and will swear out the warrants, Mr. Bell says he will then give the cases his entire personal attention and bring the defendants to early trial.

LEAP SAVES HIS LIFE.

Equestrian Vaults from Saddle as Frightened Horse Jumps Over Wall to Death 40 Feet Below.

By a spectacular leap from the saddle of his horse while it was rearing madly with fright, Cleve Wood of F. B. Wood & Co. of Sheridanville saved himself from death yesterday afternoon. His horse jumped over the high retaining wall along the River road in the Fortieth ward, to death on the Pittsburgh & Lake Erie tracks, 40 feet below.

The animal, which was a valuable saddle horse, took fright at an approaching McKees Rocks car and became unmanageable. Rearing and plunging, he edged toward the high stone wall and, facing it, prepared to jump. Mr. Wood then leaped from the saddle, and a moment later the horse had jumped to his death.

IMROVEMENTS TO COST ABOUT $2,000,000

PHILADELPHIA, April 11.—The newly elected directors of the Pittsburgh, Cincinnati, Chicago & St. Louis Railroad Company met today at Broad street station for organization. The officers were re-elected. A meeting of the directors of the Pennsylvania Company was held immediately afterward and improvements aggregating about $2,000,000 were approved for the Panhandle road, which the Pennsylvania operates under lease. The improvements include about 60 miles of double tracking.

WESTINGHOUSE WORKMAN IS MANGLED BY TRAIN

William Crowley, aged 49, and married, a pattermaker of Trafford City, Pa., employed by the Westinghouse Electric & Manufacturing Company of East Pittsburgh, had his right leg amputated below the knee last night at the Allegheny General hospital. He was struck by a passenger train on the Pennsylvania railroad at East Pittsburgh at 7 o'clock last night, and his leg crushed so badly it had to be amputated. He also received several bad scalp wounds. His condition is serious.

Hold Congregational Meeting.

At a well-attended congregational meeting of the Sixth United Presbyterian church, Highland avenue and Station street, last evening, the treasurer's report was read showing the gross contributions for the month of March to have been $8,818.16. Amendments to the church by-laws were adopted and the following trustees were elected: Three years, Thomas Armstrong and John R. McCune; one year, W. L. Woods.

STEEL SOLD HERE CHEAP AS ABROAD

E. H. Gary Denies Statement That Foreign Shipbuilders Get Advantage in Prices.

GERMAN COMPETITION FIERCE

SPECIAL TELEGRAM FROM L. W. STRAYER, Staff Correspondent.

WASHINGTON, April 11.—Judge E. H. Gary, chairman of the board of directors of the United States Steel Corporation, today denied to the house committee on merchant marine and fisheries that his company sells ship plates cheaper abroad than in this country. Judge Gary flatly contradicted the statement that has been made and repeated so often and that has been urged as one of the strong arguments against the enactment of the ship subsidy bill.

When interrogated by Chairman Grosvenor of Ohio, Judge Gary referred directly to a statement made by J. C. Wallace, then vice president of the American Shipbuilding Company of Cleveland before the congressional merchant marine commission, in which Mr. Wallace said that he was informed that the Carnegie company was selling thousands of tons of ship steel in Scotland at $24 per ton and was charging American shipbuilders $32 per ton for similar material. Judge Gary said:

"Mr. Wallace's information was entirely unreliable. The statement attributed to him was not founded on facts. The United States Steel Corporation sold no ship steel whatever abroad in 1905; only three or four thousand tons in 1904; none at all in 1902 and I think none in 1902. As a matter of fact the export prices of ship plates at the present time are very near the domestic prices, and this is true of most of our products."

In reply to inquiries from Representatives Littlefield of Maine and Hinshaw of Nebraska, Judge Gary said that the United States Steel Company had some difficulty in getting its products shipped direct to such countries as Argentine and South Africa and that some times the shipping facilities were entirely inadequate. Only about 12 per cent of the total product of his company was sold abroad and these exports only chiefly to such countries as Mexico, Argentine, South Africa and Japan and relatively to the steel producing countries of Europe. In reply to Mr. Littlefield's inquiry as to whether American manufacturers had as direct connection with these foreign markets as German and English producers, Mr. Gary said:

"I cannot answer that offhand, but I believe that we labor under a great disadvantage as compared with our competitors."

When asked if the tariff on steel was a handicap on American shipbuilders, Judge Gary emphatically replied that it was not and pointed out that all materials for ships built or repaired in this country for the foreign trade were admitted free of duty. He added that his company sold steel for ships built for the coastwise trade at the same prices as for ships built for the foreign trade and reiterated the statement that prices of such steel in this country were now substantially on a parity with the prices of steel manufacturers in Europe and steel sold to European shipbuilders. At times, he said, Germany and Belgium are very aggressive in competing with the United States and use this country as a "dumping ground" for their surplus products.

"Germany takes care of Germany," continued Mr. Gary, "you may be sure of that, and large bounties are given. Therefore notwithstanding the tariff on steel, we are subject to fierce competition." He claimed that the higher forms of manufactured steel made in this country are superior to that made abroad and attributed this condition largely to the superiority of the skilled labor in the United States.

AGED MERCHANT DIES.

Henry J. Lynch, for Over 60 Years in Drygoods Business in Pittsburgh, Passes Away.

Henry J. Lynch, one of the oldest drygoods merchants of this city, died yesterday afternoon. On Sunday week he attended church and a few days later acquired a bad cold. He was born in Chester county, Pa., November 3, 1825. He came to Pittsburgh with his parents when a small boy, and attended night school, later graduating from the Western university. After leaving the university he entered the drygoods business, becoming the junior partner in the firm of Russell & Lynch. The firm was located in Market street, and was burnt out in the big fire of 1845. After the fire Mr. Lynch started in business for himself at 438 and 440 Market street, and for 55 years continued business in that block. He was married to Miss Mary A. Goodman of Marietta, O., 60 years ago. She died nine years ago.

Mr. Lynch died at his home, Friendship and Winebiddle avenues, in the house he built 45 years ago. He was an active member of St. Luke's Protestant Episcopal church, which he helped to establish 35 years ago. For a long time he was treasurer of the diocesan convention of the Pittsburgh division of the Protestant Episcopal church. He was also a trustee of the Episcopal church home of Lawrenceville, and for many years a trustee of the Dollar Savings bank. He is survived by four children, Henry F., Orrin W., W. P. Lynch and Mrs. Mary A. Rommel.

BETWEEN

The Devil and the Deep Sea.

When coffee gets a person well within its grip and the drug habit is fixed, then comes twisting and turning to get free.

With many people, if the coffee is left off at breakfast, a headache sets in, and if coffee is taken the old stomach and nervous disorders are simply added to and made more fixed and harder to escape from. Still there is a very easy way to freedom and health.

A woman in Missouri says:

"I never thought of attributing my ailments to coffee till, several months ago, I saw a Postum Food Coffee advertisement which stated that the old kind of coffee was frequently injurious to people, so I thought I would try Postum, anyway, for I was in a most wretched condition, a nervous wreck, with weak heart, which fluttered and threatened to stop.

"The first time I made Postum Coffee I boiled it well, and was delighted with the flavor. My husband, who did not know that it was not the old kind of coffee, relished it very much, saying: 'What good coffee that is!' But after breakfast I was taken with a headache and drowsiness caused by the lack of the customary drug. I was resolute, however, and drank it for dinner and supper. The next day the headache was not so bad, and by the third day it was gone. Day by day I felt better and better, and soon noticed that I did not tire so easily, as I used to. In two weeks my friends began to compliment me on my improved condition. I rapidly gained in flesh and strength, and in three months was a new being, with strong, steady nerves and easy, comfortable, healthy heart action. I feel like thanking you so much for Postum Food Coffee." Name given by Postum Co., Battle Creek, Mich.

Headache, when coffee is left off, is rare, but is a sure, infallible sign of a poisoned, drugged nervous system, calling more and more for the drug that caused the trouble. To yield to the fierce demand of the drug habit is most humiliating and sinks the victim deeper, with certainty of fixed organic disease if persisted in. It is easy to change from coffee if Postum Food Coffee is used in its place, for Postum well made, that is, boiled long enough, has the deep seal brown of Mocha and the soft, smooth (not strong) flavor much like old Government Java, the taste being distinct, however, and belonging only to genuine Postum. Leaving off the coffee that breaks down the nerve centers and taking a food drink that supplies the needed elements to rebuild them makes rapid change for the good.

MAXIM GORKY COMES TO AMERICA FOR HEALTH

Russian Leader Is Suffering from Consumption and Is Not in Search of Funds.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, April 11.—A statement that Maxim Gorky is very ill with consumption and that he came to America to regain his health, not to secure assistance to obtain the freedom of Russia, was made in his behalf by an interpreter today. The statement follows:

"Gorky wishes me to tell you he is a very sick man, suffering from consumption. He came to America, not in the hope of getting assistance to free Russia, but to regain his health.

"He will go to Denver or California in a few weeks. While he remains in New York he expects to work on his autobiography so he may put it in the hands of a publisher here before going away.

"He desires to have this work finished now in case he should not be able to recover his strength. Mr. Gorky has been out of Russia for some time and has no idea of the actual status of the country at this time. He does not think the prospects of a successful revolution is very bright. He thinks the best future for the Russian is in moving out of Russia."

A dinner was given tonight to Maxim Gorky at the home of Mr. Narodny. Mark Twain and a number of other literary notables were among the guests, as well as several editors and the members of Gorky's party.

Mr. Twain said if it was possible for the Russian people to obtain freedom or any beneficial reforms, and it lay in the power of the American pople to aid them it was the duty of the American people to pitch in and work. He said, however, the fighting would have to be postponed for a while, but that he was positive the people of this country would respond freely to an appeal of this nature.

WILL DETERMINE STATUS OF OFFICE

Constitutionality of Job of Dairy and Food Commissioner Warren Will Be Fixed.

RETAIL GROCERS OPPOSE IT

THE PITTSBURGH GAZETTE BUREAU, HARRISBURG, April 11.

Attorney General Carson filed a brief opinion today in which he grants the application of the Philadelphia Retail Grocers' association a writ of quo warranto to test the constitutionality of the act creating the office of state dairy and food commissioner. Commissioner Warren is anxious that this question, which has been in doubt ever since the office was created, shall be settled finally and he will offer no resistance to taking the matter into the courts.

The attorney general says it is important that the doubts raised as to the constitutionality of his office should be disposed of by the courts, because they impair the efficiency and usefulness of that official. He says further that if they are sound and legally substantial the legislature can amend the system of protecting the public from impure and adulterated foods and drinks, and if they are groundless the sooner it is determined the better for all concerned. For this reason he allows the application.

Commissioner Warren has no fear of the results in the courts. He contends that his office is an exercise of the police power of the state and that he has a perfect right to prosecute violators of the pure food laws of the commonwealth.

He has waged unrelenting war upon the beef trust, the oleo trust and the numerous other trusts for violation of these laws ever since he took office three years ago. He has driven from the markets of Pennsylvania much of the "doctored" meats and adulterated and deleterious food and drink with which they were flooded when he went into office.

Repeated threats have been made by offenders against the law to drive him from office by legal proceedings and these threats finally took the form of an application to Attorney General Carson by the Philadelphia Retail Grocers' association for a writ of quo warranto to test the constitutionality of the act creating the office of dairy and food commission.

The matter was argued before the attorney general in Philadelphia several weeks ago and subsequently both sides submitted long briefs. Messrs. Buckley and Fow appeared for the grocers and ex-Judge Cyrus Gordon of Clearfield, special counsel for the dairy and food division, for Commissioner Warren.

Grandfather's Cure for Constipation

GREAT medicine,—the Sawbuck.

Two hours a day sawing wood will keep anyone's Bowels regular.

No need of pills, Cathartics, Castor Oil nor "Physic," if you'll only work the Sawbuck regularly.

Exercise is Nature's Cure for Constipation and,—Ten-Mile walk will do, if you haven't got a wood pile.

* * *

But, if you will take your Exercise in an Easy Chair, there's only one way to do that, and make a Success of it.

Because,—there's only one kind of Artificial Exercise for the Bowels and its name is "CASCARETS."

Cascarets are the only means to exercise the Bowel Muscles, without work.

They don't Purge, Gripe, nor "upset your Stomach," because they don't act like Cathartics.

They don't flush out your Bowels and Intestines with a costly waste of Digestive Juice, as Salts, Castor Oil, Calomel, Jalap, or Aperient Waters, always do.

No,—Cascarets strengthen and stimulate the Bowel Muscles instead.

These are the Muscles that line the Food passages and that tighten up when Food touches them, thus driving that Food on to its finish.

They are the Muscles that turn Food into Strength through Nutrition.

* * *

Well,—a Cascaret acts on your Bowel Muscles as if you had just Sawed a cord of wood, or walked ten miles.

That's why Cascarets are safe to take continuously in health; and out of health.

Because they move the Food Naturally, digesting it without waste of tomorrow's Gastric Juice.

They thus work all the Nutrition out of it before it decays.

The thin, flat, Ten Cent box is made to fit your Vest Pocket, or "My Lady's" Purse.

Carry it constantly with you and take a Cascaret whenever you suspect you need one.

Thus you will ward off Appendicitis Constipation, Indigestion, —and other things besides.

IS THIS WHAT AILS YOU?

If the Symptoms Fit Your Case, Remember "A Disease Once Known is Half Cured."

Feel feverish? Have headache? Backache? In fact, "ache all over?" Have occasional chilly sensations? Appetite gone? Tongue furred? Bad taste, especially in morning? Bad, foul breath? Perhaps nausea, or "sickness at stomach" occasionally? Feel weak, tired, blue and discouraged?

The above are symptoms common to stomach and liver derangements and often precede attacks of fever and malarious affections, grip, bronchitis, and "lung fever," or pneumonia.

Whichever ailment they point to, you may be sure that it is best to get rid of them as soon as possible by putting your system to rights, regulating, toning up and invigorating stomach, liver and bowels, and thus purifying your blood and system and enabling it to throw off the attack.

For the above purpose, medical science has as yet produced no better agent than Dr. Pierce's Golden Medical Discovery. It is not a secret, or patent medicine, all its ingredients being printed on the bottle wrapper. It is the prescription of a well-known and experienced physician. It contains no alcohol or other harmful, habit-forming agents—chemically pure, triple-refined glycerine being used both as a solvent and preservative of the medicinal extracts of which it is composed. It is made from the following native, American medicinal roots: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root and Black Cherrybark. The medicinal properties of these are extracted by exact and peculiar processes with the use of chemically pure, triple-refined glycerine, of proper strength, and by means of apparatus and appliances devised for this special purpose, and in such a way as to produce a most perfect pharmaceutical compound.

As to the superior curative properties of some of the above ingredients, we can only give room here for a very few of the briefest extracts from standard medical works, but more complete information will be sent you, *free of charge*, in pamphlet form, if you will send your address, plainly written on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., with a request for the same.

Of Golden Seal root Prof. Bartholow, of Jefferson Medical College, says: "Very useful as a stomachic tonic (stomach tonic) and in atonic (weak stomach) dyspepsia. Cures gastric catarrh (catarrh of stomach) and headaches accompanying the same. * * * Chronic catarrh of the intestines, even if it has proceeded to ulceration, is remarkably benefited by Hydrastis (Golden Seal). * * * It may be given as a remedy for intermittent, chronic and malarial poisoning, and enlarged spleen of malarial origin."

From "Organic Medicines," by Grover Coe, M. D., of New York, we extract the following: "Hydrastis (Golden Seal) exercises an especial influence over mucous surfaces. Upon the liver it acts with equal certainty and efficacy. As a cholagogue (liver invigerator), it has few equals. In affections of the spleen, and abdominal viscera generally, it is an efficient and reliable remedy. Also in scrofula, glandular diseases generally, cutaneous eruptions, indigestion, debility, diarrhœa and dysentery, constipation, piles and all morbid and critical discharges."

Dr. Coe further says: "Hydrastis (Golden Seal) is also of inestimable value in the treatment of chronic derangements of the liver. It seems to exercise an especial influence over the hepatic (liver) structure generally, resolving (dissolving) biliary deposits, removing obstructions, promoting secretions, and giving tone to the various functions. It is eminently cholagogue (liver accelerator), and may be relied upon for the relief of hepatic (liver) torpor."

Prof. John M. Scudder, M. D., of Cincinnati, says of Golden Seal: "It stimulates the digestive processes and increases the assimilation of food. By these means the blood is enriched. * * * In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is *universally* regarded as *the* tonic useful in all debilitated states."

As to Stone root, the AMERICAN DISPENSATORY says: "In diseases of stomach and intestines—improves appetite, promotes flow of gastric juice; tonic effect upon organs involved. A good remedy in indigestion, dyspepsia, chronic gastritis, increasing the secretion from kidneys and skin."

Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of Stone root: "In catarrhal gastritis (inflammation of stomach) where the circulation is defective, it, either alone or combined with hydrastis, is of first importance. They increase the appetite and greatly improve the digestion and assimilation of food. * * * Is a heart tonic of direct and permanent influence. Excellent in the bicycle heart, in rheumatic inflammation and clergyman's sore throat."

All the other ingredients entering into the composition of "Golden Medical Discovery" are equally praised for their curative effects in all stomach, liver and bowel affections and *five* of them for bronchial, throat and lung affections attended with severe cough, expectoration and kindred symptoms.

But you had best read for yourself the "words of praise" written concerning each and every ingredient of this marvelously efficacious medicine by leading medical practitioners and writers. This you can do by writing for the booklet mentioned in the preceding column. No other medicine for like purposes has any such *professional* endorsement as "Golden Medical Discovery," which should have more weight than all the ordinary testimonials so lavishly flaunted before the public by those who are afraid to publish their formulæ that the search light of investigation may be turned upon them. It is well to know what one takes into the stomach whether in the form of food, drink or medicine.

From the same little book of extracts mentioned above it will readily be seen *why* Dr. Pierce's Favorite Prescription works such marvelous cures in those chronic and distressing diseases peculiar to women. In all cases of pelvic catarrh with weakening drains, bearing or "dragging-down" pains or distress, and in all monthly or periodical derangements and irregularities, the "Favorite Prescription" will be found to be made of just the right ingredients to meet and cure the trouble.

Your druggist sells the "Favorite Prescription" and also the "Golden Medical Discovery." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him as directed in preceding column.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

Dr. Pierce's 1000-page illustrated book, "The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing *only*. For 31 stamps the cloth-bound volume will be sent. It was formerly sold for $1.50 per copy. Address Dr. R. V. Pierce, Buffalo, N. Y.

It Takes Nerve

Everything depends upon your nerves. It is nerve force that causes the brain to direct the motion of your body; it is nerve force that causes your heart to pulsate, and send the blood through your veins; it is nerve force that causes your stomach to digest food, your kidneys to filter the blood, and the liver to secrete bile.

In fact, nerve force is the power that runs your body, so if you feel worn-out, irritable, nervous, cannot sleep, or eat well, have pain or misery anywhere, your nerves are weak, and your system run-down. To restore this vitality take Dr. Miles' Nervine which will strengthen and build up the nerves. You cannot be healthy without strong nerves.

"For eighteen years Dr. Miles' Nervine and Anti-Pain Pills have been my close companions. Early in married life, while raising children, my nerves became all worn-out—could not sleep; had no appetite; indigestion very bad, and had such awful dizzy spells. Then I began using Dr. Miles' Nervine, and at once I began to improve, and soon found myself in perfect health."

Wedding News and Plans.

Mrs. Elizabeth S. Wein announces the marriage of her daughter, Miss Nettie Matilda Wein, and Claude L. Young, which took place Tuesday evening at the home of the bride in Walnut street, East End. The services was read at 8 o'clock by the Rev. John G. Slater. At the conclusion of their wedding trip, after June 6, Mr. and Mrs. Young will be at home to their friends in Roslyn street, Swissvale. Their engagement was announced a few weeks ago at a dinner given by Mrs. D. E. Shook, an aunt of the bridegroom.

Post-nuptial cards have been issued announcing the marriage of Mrs. Katherine Lydon, daughter of Mr. and Mrs. James O. Day of McKees Rocks, to William Klein of Philadelphia, which took place last Saturday at the St. Regis hotel, New York. After a brief wedding trip they will take up their residence in the metropolis.

Cards have been issued for the marriage of Miss Elizabeth Fielding, daughter of Mrs. Eden Whalen, and Howard B. Loxterman, to take place at 5 o'clock Wednesday afternoon, April 25, in St. Stephen's Roman Catholic church, Hazelwood, the Rev. Father D. J. Devlin officiating. Miss Bessie Loxterman, a cousin, will be maid of honor, and Clifford Loxterman, a brother, will serve as groomsman. The groom's parents, Mr. and Mrs. William Loxterman of St. James street, Shadyside, will give a reception for the young couple. Their intention is to be at home after May 1 in Ivy street, East End.

Pretty Wedding in East End.

Superstition says that Wednesday is the "best day of all" for weddings. This may explain in some degree the several pretty ceremonies of yesterday. One of the most attractive was that of Miss Edna Dean Lappe, daughter of Mr. and Mrs. Henry A. Lappe of North Highland avenue, to Malcolm Harper, also of the East End. It was a home ceremony, solemnized at 7 o'clock by the bride's pastor, the Rev. Dr. Daniel Dorchester, jr., of Christ Methodist Episcopal church. The bridal party was grouped before an embankment of foliage and yellow roses in the parlor. The bride wore a gown of white satin trimmed in duchesse and rose pointe lace, and a crescent of diamonds and pearls. Her full-length veil was caught with orange blossoms and she carried roses and lilacs. Miss Myrtle Miller Lappe, who was her sister's maid of honor, was gowned in white radium trimmed in yellow lace and carried maidenhair ferns showered with white lilacs. The men of the party were Paul Harper, who served as best man, and Charles Harper and Campbell Shaw, ushers. At the supper which followed covers were laid for 16, and the table was decorated with daffodils. The guests from away included Mrs. Elizabeth Hamilton and Robert Hamilton of Philadelphia, cousins of the bride; Miss Marguerite Henderson of Louisville, Ky., and Wilbur Dean of Chicago. The young couple, who will spend a part of the honeymoon in the east, will be at home in Columbo street, East End, after September 5.

Plans for Moore-Coll Wedding.

Miss Kathryn Lambert Moore has chosen Wednesday afternoon, April 25, as the date for her marriage to James R. Coll of Kentucky avenue, East End. The ceremony will be solemnized at 5:30 o'clock at the home of Mr. and Mrs. S. E. Jones, Garrison avenue, Allegheny, with whom the prospective bride lives. The Rev. Father Francis Keane of the Roman Catholic church of the Sacred Heart will officiate in the presence of only the immediate relatives. Mrs. A. W. Sherrill, a cousin, will be the matron of honor, while Edward M. Blake will serve as groomsman. A small reception will follow at 7 o'clock. After a short eastern trip the young couple will live in the Summerlea apartments, East End, where they will be at home after June 1. The engagement was announced early in March at a hearts party given by Mrs. Sherrill at her home in Ivy street. The pre-nuptial affairs will include a miscellaneous shower to be given next Saturday afternoon by Miss Anna E. Martin of Observatory hill, Allegheny, and on the following Saturday afternoon a china shower to be given by Mrs. C. T. Ingham of Ellwood street, East End.

Many Guests at Wedding.

The marriage of Miss Lavada Dean, daughter of Mr. and Mrs. John Dean of Walnut street, East End, to Fred Albert Bixler of Youngstown, was performed in the Shady Avenue Baptist church, which was decorated in green and white. The same colors were also carried in the decorations of the home, where the reception followed. The Rev. William Hudnut, D. D., pastor of the First Presbyterian church, Youngstown, officiated in the presence of nearly 600 guests. Attending the bride were Mrs. George J. Hagan as matron of honor, Miss Rose Virginia Urban, Miss Sarah Robb and Miss Florence Bixler, a sister of the bridegroom. Mr. Bixler's best man was Vern Dean, while the three ushers were George J. Hagan, George Clegg, George Moyer and Dr. Potter, the last three of Youngstown. The bride wore a princess gown of white messaline on the rose pointe bolero, of which was Mr. Bixler's gift, a diamond crescent. She carried lilies of the valley and roses. Mr. and Mrs. Bixler left last night for an eastern and southern trip, from which they will be at home after May 1 in Bennett street, Homewood.

Kahle-Brown.

Seven o'clock was the hour of the marriage of Miss Edna L. Kahle and Walter Edward Brown of New York, which took place at the home of the bride's parents, Mr. and Mrs. Benton T. Kahle, Bellefonte street, East End. The Rev. Frank Lewis, pastor of the First Methodist Protestant church, Aiken avenue, officiated, in the presence of relatives and intimate friends. The bride, who was given away by her father, wore a gown of lace-trimmed white chiffon crepe, which was partially covered by a tulle veil fastened to the hair with real orange blossoms. Miss Jeannette Pontefract, the maid of honor, wore white pompadour chiffon and carried pink roses. Miss Belinda Lee Kirby, the bridesmaid, who was in white silk mousseline, also carried pink roses. Mrs. Kahle was gowned in gray crepe trimmed in duchesse lace. Walter R. Hughes served as best man and the ushers were Claudius A. Kahle, a brother of the bride, and Harry B. A. Chase of New York. Mr. Brown's mother, Mrs. H. D. Brown of New York; Harold Brown of Oil City, and Dr. C. E. Kahle of Sistersville, W. Va., were among the out-of-town guests.

Persons Coming and Going.

Miss Rose Guthrie Marsh, daughter of Mr. and Mrs. Joseph W. Marsh of Wallingford and Neville streets, Shadyside, will arrive home this morning from Bryn Mawr college.

Miss Jeannette Kittredge, who has been visiting Mrs. D. C. Noble of Howe street, East End, returned last night to her home in Dayton, O.

Miss Annabelle McCoy, daughter of Mr. and Mrs. George L. McCoy of Baum street, is expected home next Monday from Fort Wayne, Ind., where she is a member of a house party being entertained by Miss Donna Saylor.

Mr. and Mrs. Samuel Severance of Aiken avenue, Shadyside, are entertaining their nephew, E. M. Quimby, jr., of Dresden, Germany, who expects to engage in business in Pittsburgh. Mrs. E. M. Quimby, who accompanied her son to America, remained in New York for a visit with her sister, Mrs. George C. Smith. She will probably come on to this city early next week.

To Meet New Secretary.

A reception will be given next Tuesday evening at the Bellevue Young Men's Christian association, to meet the new general secretary, C. H. Weeks of Orange, N. J., who assumed the work last Tuesday. During the evening there will be an informal musical program and refreshments served by the woman's auxiliary of the association, the officers of which include Mrs. Emma Fraser, president; Mrs. C. W. Millar, secretary and Mrs. Lee, treasurer. George G. Herring is president of the association board, which also includes C. W. Millar, secretary; J. B. Eichenauer, J. E. Rhodes, J. L. Rukill, E. N. Krush, J. W. Vickerman and J. S. Morgan.

Luncheon for Matron and Maid.

Mrs. Edward Rossiter Reno, a bride of last autumn, and Miss Mildred Mary Andrews, the fiancee of Arthur Coe Martin, were the honor guests at a luncheon given yesterday afternoon by Miss Pearl Genevieve Bentel of Elysian avenue, East End. Covers were also laid for Miss Frances Isabel Grimes, Miss Gloria Marie De Weese of Philadelphia, Miss Eva Anne Brown, Miss Estelle Brown, Miss Lee Davis, Miss Margaret Sands and Miss Annabel Mohn. The luncheon was followed by a handkerchief shower for Miss Andrews, whose marriage will take place next Thursday evening.

Souvenir Programs of Farmington Society

A meeting of the Farmington society was held yesterday morning at the home of Miss Willa H. Forsyth, chairman of the bench show committee. Some of the details of the coming toy dog show which is to be held at the Hotel Schenley, April 25 next, were considered. The proceeds of this show are to be used to assist in carrying on the organized charity of the society throughout the year. The work immediately before the bench show committee is in rounding up the entries and getting in the cups and trophies which are to be awarded at the show. The entries close Saturday. It is the intention to have the cups on view in Grogan's window during Easter week. The souvenir program, containing the photographs of many of the lady exhibitors at the show, will be one of the features. From an artistic standpoint this program will be ahead of anything of the kind ever seen here.

Going to Join Daughters.

Mrs. William Thaw of "Lyndhurst," Beechwood boulevard, will leave next Monday for New York to join her daughters, Mrs. George Lauder Carnegie and the Countess of Yarmouth, and Miss Eleanor Wilson of Wilmington, Del. The party will remain in the metropolis until Friday, when Lady Yarmouth will sail for her home in England.

Prizes for Soho Children.

Prizes for the best kept yards and flower gardens have been offered the girls and boys of Soho. The Soho baths settlement committee, at its regular meeting yesterday morning, decided to offer three prizes for well kept yards and flower gardens, the contest to be open to both boys and girls under 15 years of age. The prizes will include a first prize of $5 for the best showing, a second of $3 and a third prize of $2. A great number of the children who attend the various girls' and boys' clubs and classes in the Settlement house come from the district between Fifth avenue and the hill, in the neighborhood of Boston and Belen streets. Others live on the hillside between Forbes street and Second avenue. The majority occupy only one floor in the house, and sometimes only a couple of rooms. There is little encouragement in the care for their surroundings, and the prizes have been awarded that the children may be induced to do something toward the improvement of the appearance of many of the homes, and to cultivate in them a love for such beautiful things as may come within their reach. The contest will be open until the middle of September, and throughout the summer the homes of the children will be visited at intervals by a committee to note the progress made and to thoroughly understand the discouragements which will be met with by the children in the majority of cases. The awarding of the prizes in the fall will be made a special occasion at the Settlement house. At a meeting of the committee yesterday morning the chairman, Mrs. George Porter, resigned, and Mrs. William M. Carothers was appointed to fill the vacancy. The appointment was made by Mrs. Alfred Longmore, chairman of the Soho baths committee, of which the settlement committee is a department.

Lake Erie Alumnae Luncheon.

The annual luncheon of the Pittsburgh Alumnae association of Lake Erie college yesterday afternoon in the Fort Pitt hotel, was an especially enthusiastic gathering. Covers were laid for 26 and the guest of honor was Miss Evans, president of the college. Miss Evans talked on general college improvements, telling of the 14 acres recently added to the original college grounds, which have been laid out. New plans are being laid for the erection of a new library building. Miss Evans arrived in Pittsburgh yesterday morning, after spending her spring vacation in Philadelphia. Among those present at the luncheon were Mrs. George P. Craig, president of the local association; Miss Mary Kendrick, vice president; Miss Jessie D. Shephard, treasurer; Mrs. Charles A. Foehl, secretary, Miss Ritchie, Mrs. A. E. Neiman and Miss Elizabeth Richey, directors; Mrs. James Airott, jr., Mrs. James D. Munroe, Mrs. John Liggett, jr., Mrs. A. E. Duffy, jr., Mrs. H. P. McClintock, Mrs. Fred Schumacker, Mrs. Otto C. Reymann, Mrs. Abram Stanley, Mrs. W. B. Chapman, Mrs. E. H. Myers, jr., Miss May H. Davis, Miss Edna Morrow, Miss Elizabeth Knapp, Miss Olive Harris, Miss Helen E. Vogelson, Miss Elizabeth Robbins and Mrs. Adam Wilson.

Women's League to Entertain.

One hundred Italian children will be entertained by the Catholic Women's league of the Pittsburgh diocese on Easter Monday, in the basement of St. Peter's (Italian) church, Webster avenue and Tunnel street. The children of the kindergarten will be the guests of the league in the morning, and the little girls of the sewing school in the afternoon. There will be a display of the children's handiwork from 3:30 o'clock, to which all the members of the league are invited. The annual nomination meeting of the Catholic Women's league was recently held in the Catholic lyceum, Washington street, resulting as follows: President, Mrs. Margaret Clark; first vice president, Miss Bertha McEntire; second vice president, Miss Mary Kelly; recorder, Miss Annie Flaherty; financial secretary, Miss Elizabeth Roman; marshal, Mrs. M. Reichenberger; guard, Mrs. Retta Martz; trustees, Mrs. Virginia Doherty, Miss M. O'Connor, Mrs. M. Woodmancy, Mrs. M. Rainforth, Mrs. R. Buxton, Mrs. M. Sutton and Mrs. S. Gabig.

Will Plant Two Trees.

The New Era club yesterday decided to plant two trees this spring. One will be planted in Washington park as soon as arrangements can be made, the club having hoped that the ceremony could be performed on Arbor day. The other tree will be placed in the ground on the occasion of the social meeting of the club on Wednesday, April 25, in the home of Mrs. Smiley Wightman in Forbes street, Squirrel Hill. The club also indorsed yesterday the movement for a woman's building in Pittsburgh, and also the holding of a Kirmees of All Nations for the purpose of raising funds for that object. It voted to assist in the movement. "Household Economics" were discussed, Mrs. Arthur Burgoyne being the leader. Mrs. W. H. L. Newingham spoke of "Our Antiquated Methods of Housekeeping," Mrs. J. C. DeNoon following her with a sketch of "Scientific Improvements in the Home." A little character study of Charlotte Stetson Gilman was presented by Mrs. William Parrish.

Continue Current Events Lectures.

The Woman's club of Edgewood is considering the holding of its current events study during the coming season on another day than that of the regular meeting. The current events study this year has been taken up during the hour preceding the regular program, but to give more time to each, the other plan is being considered. Whichever is adopted, Miss Harding will be the lecturer. A letter was read yesterday from Miss Harding, who was prevented from lecturing because of her recent injury, and the club will send her a letter of sympathy. Biography and literature of the constitutional period of American history, will be the subject for the yearly program next season. The principal paper presented yesterday afternoon was given by Mrs. Franklin L. Schmidt, who spoke on "The Foreigners Who Helped the American Colonists During the Revolution."

Notes of the Clubs.

A mother's meeting and Easter celebration were held yesterday in the Knoxville kindergarten.

This evening the regular monthly meeting of the Allegheny City Suffragist club will be held in the home of Miss Mathilda Orr Hays, 65 Forest avenue, Bellevue.

The Pittsburgh Playgrounds association will hold its monthly meeting this morning in the Twentieth Century club house.

Coming Club Affairs.

Cards are out for a reception, banquet and dance, which will formally open the new club house of the Pennwood club of Wilkinsburg, on Friday evening, April 20.

The Arlema club of Bellevue will entertain with a masquerade party this evening at the home of Miss Marie Trimble, in Dawson avenue, Bellevue.

Motor Modes of the Fair Sex.

The chief point worthy of note at the present moment seems to be the general decline of the popularity of leather for coats. Most fatidious women consider it proper for the chauffeur but array themselves in daintier fashion.

Apart from this there is the more practical objection that it shows dirt quickly. It is possible of course to have a leather garment cleaned, but it is expensive. As a lining, leather is more to be desired than ever. Under such circumstances it is possible to employ the most delicate tones. Champagne, pale rose, pale blue and the palest greens are the shades most frequently employed. The outer part of a coat thus lined will be tweed either self colored, which looks smarter for city wear, or a mixture. In the mixture green is a popular tone.

The motor coat in cut is almost Japanese in its simplicity, and the fact of its being filled out underneath with a superabundance of clothing spoils its chances for developing beauty of line. Nevertheless the correctly tailored coat is a very smart garment—very durable and with an air of worthiness that compensates for its lack of loveliness.

In some instances where the coats are themselves made of leather the newest idea is Danish lather which is, in plain parlance, sheepskin used on the rough or suede side. Its real distinction from the leather we have been using is in the method of its preparation which gives a fabric lighter, more supple and more comfortable than anything of the kind heretofore offered.

To Reduce Your Weight.

If you have attained those proportions which absolutely forbid your being described as sylph-like, try the following diet. It has been recommended to various wealthy ladies of too ample proportions and is reported to have worked out successfully. Mrs. Oelrichs was the first woman to try the chastening effects of the fish and plum diet but it has reduced her weight from 175 to something less than 140 and any woman who is attempting to wear a princess gown and feel at all happy when her rotund back is turned for the criticism of her fellow woman will appreciate just how great has been this transformation.

When Miss Theresa Fair first came to Gotham as the bride of Herman Oelrichs in the early 80s or 90s she was as the reed for slenderness. A life of luxury soon manifested itself in her increasing girth and gradually her figure lost its grace. Gossip said that she had a panel inset in her diamond necklace to accommodate her growing throat.

The all-meat cure was the first method tried to reduce this adipose matter. Success did not greet her efforts and she went abroad for the baths at Nauheim. The German cure had a fleeting effect that a season at Newport quite dissipated. Several other cures were tried and finally she was advised to try the fish and plum diet, vigorous walking and fresh air. The result has been gratifying. Mrs. Oelrichs eats sparingly and drinks hardly at all. A sip of water or a sip of champagne are all that are allowed her as both beverages are posted as fatteners.

Royalty and the Fashions.

With King Edward in close consultation with his tailors on the subject of the dress coat, Queen Alexandra promising her support to the Royal Society for the Protection of Birds and frowning upon the killing of birds for the use of their plumage, with the Princess Ena contracting a Spanish marriage and forcing upon us a vogue of Spanish combs, mantillas and similar do-dads, and the crown princess of Germany, enthusiastically backed by Father-in-Law William, insisting upon a return to the use of the Empire cane, it looks as if women of fashion and men as well, would have to bestir themselves to keep abreast of the modes.

King Edward's tampering with the lines of the dress coat will most likely go hard with the sterner sex, who are characteristically conservative in their habiliment.

The king, it appears, has expressed disapproval of double-breasted coats for evening wear, and is having specimens of styles prepared for him by leading West End firms with a view of bringing about a change. Already blue cloth is being used and velvet collars have lately become a conspicuous feature of the up-to-date coat. The trade will be on the alert to pick up any changes suggested by his majesty and the result doubtless will be a revolution in the style of evening dress in the near future.

Upholstery Materials.

The fashions in upholstery goods change as do also the forms in which they are made up. The most conspicuous change in the upholstery fashions this year is the valance or lambrequin.

This lambrequin is very modest in comparison with its ancestor of 25 years ago. For a small room the valance should not be over eight inches in depth and is preferably perfectly straight.

The new silk and cloth materials look especially well made up for window curtains in this style. The only ornamentation to the valance is a gimp about the edges. This is applied in silk of the same shade. Occasionally there is a stripe gimp down the inside edge of each curtain but this is not usual.

The same fashion is used for the hangings in cretonne. The American cretonnes come now in a variation of delightful shades as artistic as any shown in the French weaves. The heavy cretonnes are the best investments, as they wear well.

Do not be deceived into the belief that even the heaviest cretonne will not need lining unless intended for use as sash curtains. The making of curtains, even by an upholsterer who is moderate in his charge, may be estimated at about half as much as the cost of material.

The new valance or lambrequin is made on a board and hangs over the top of the window to conceal the poles. It is a pleasant change from the preponderance of gilt, pole and ring of which we have tired so mightily.

Card Etiquette Up to Date.

"Hand in a lot of cards," she said, "I always do."

"Why?" was the hurried query as her companion dived deeper into her card case.

"If you do not hand in enough, they will say you do not know what is right. If you give too many, however, they will think you know better than they do and that it is some new style they have heard nothing about."

Rules for the Japanese Bride.

Be amiable always with your mother-in-law and father-in-law.
Don't talk much.
Rise early, go to bed late and never sleep in the afternoon.
Until you are 50 never mix in crowds.
Do not consult fortune tellers.
Do not wear light clothes.
Be humble and polite.
Never allow yourself to be jealous.
Even if your husband is in the wrong, never get angry.
Never speak ill of your neighbors.
Strict obedience to a husband is a wife's noblest virtue.

The girls in Japan are carefully coached on the proper behavior of a bride. The rules here given, according to a writer on the subject, cover some of the points considered important.

Two Grape Fruit Recipes.

Grape Fruit and Bar-le-Duc—If you wish a delicious and somewhat unusual first course for your Easter luncheon, try the following. Select choice, bright-skinned grape fruit, remove center and stringy part, break down the pulp with a silver fork and add a teaspoonful of Bar-le-Duc, currant preferred, in the center a few moments before serving. This of course should be ice cold.

Another variation from the port wine and sugar is made as follows: Prepare the grape fruit, sugar and set on ice. Make a lemon jelly and when it has cooked add the sweetened grape fruit. When the jelly is partly set, whip with a wire whip or Dover egg beater until it foams. Pile in wide champagne glasses and place these on a fine china plate with a doilie between the glass and the plate.

Plato and Mayfair.

The efforts of the eminent Dr. Reich to expound the doctrines of Plato to an audience of smart women at Claridges are liable to excite the risibilities of the general public.

"Separate yourselves from all material things if you would gain happiness," quotes the learned gentleman to a company whose broughams and motor cars await them outside, then he immediately "tempers the wind" by assuring his hearers that Plato himself admitted this view to be "somewhat ideal."

"Real happiness," Dr. Reisch assured his hearers, "is an interwold between two unhappinesses," for "real happiness can be experienced only by those who have passed through real trouble."

Dr. Reisch's great ambition it appears is to teach society how to talk. He has been instructing society a little that way in his Lenten lectures at Claridges, but he wants to do his instructing on a more extensive scale. He certainly has a fearsome task ahead of him and if he aims at success he had assuredly best commence with the rising generation, or as Dr. Holmes suggested, with the rising generation's grandfather.

The Most Beautiful Wedding Veil.

The most beautiful wedding veil in existence is said to be that belonging to the Countess de Castellaine, formerly Anna Gould of New York. The floral border of the veil is one-third the depth of the whole and the surrounding design around the entire piece is richer than any other specimen, even those of royalty. Lilies of the valley and jasmine foliage, ribbons tying up nosegays of flowers, loops, sprays and garlands, are exquisitely worked in the lightest and most graceful fashion, competing a design which for intricacy, combined with grace, has never been equaled in the lace-maker's art.

THE LATEST IN WOMEN'S FASHIONS

Women Who Have Won the Cross of the Legion of Honor

The first woman in civil life to be decorated with the Cross of the Legion of Honor was the Empress Eugenie, upon whom it was conferred by her husband in recognition of her extraordinary courage and devotion to the afflicted during the cholera plague. Not only did the then young and beautiful empress visit the hospitals of Paris, but made a visit to Amiens to visit the hospital there when the disease was at its height.

The cross which she thus obtained the empress herself bestowed upon the painter Rosa Bonheur, who had gained with one of her great pictures an award which in the case of a man would have carried with it the much coveted red ribbon. The emperor had been advised not to confer it upon the artist as it had never been given to a woman in civil life, though the great Napoleon, founder of the order, had in several instances bestowed it upon his army's vivandierres for bravery and devotion in the field.

Since the time of eugenie several women eminent in philanthropy have worn this decoration and recent awards would give rise to the inference that women are to be placed on the list equally with men. The award of the cross was made recently to Madame Bartet, the leading actress of the Comedie Francais. This has been followed by the decoration of Madame Madeline Lamaire, who is probably the greatest living flower painter.

New Ideas in Wall Paperings.

The present rage for empty rooms has created something of a revolution in wall coverings. Instead of considering the wall paper as a decoration, the tendency now is to regard the wall and floor covering as well merely as a background. The papers with large figures in vivid colors and huge wriggling patterns that were shown a dozen years ago to the demoralization of public taste, have entirely disappeared. It seems to be pretty well understand that plain papers are the best selection where pictures or other wall ornamentation is to be used, and that fancy papers permit of no further elaboration.

Persons of moderate means living in flats are interested in getting all they can for the sum the landlord allows them, and many take the advice of specialists and furnish their apartments entirely with one paper, or with two tones of one color. The sense of space that this scheme gives to the average apartment cannot be understood by those who have not seen the effect. In the common arrangement of dining-room, sitting-room, and hall-way connecting, there is a remarkable and gratifying difference where all are done in the same paper, though the old fondness for a green parlor and a red dining-room cannot at once be entirely overcome.

In selecting a single color for an entire apartment it is best to fix on a neutral tint, a gray, cream or yellow, light olive, or light brown. These are shades to which almost any drapery may be suited. The draperies may be in contrast or in more vivid shades of the predominant color.

A cartridge paper rarely wears well enough for use in halls or bed rooms, thought it is excellent for parlors or sitting rooms. A paper of the same shade with a small design should be selected for the rest of the apartment.

A young matron adopted a bold effect in this combination. Her diminutive sitting and dining-room adjoining were hung in white cartridge paper, which was relieved from coldness by hangings of cherry colored brocade. This material was used at the windows in each room and the portieres separating the rooms and at the hall entrance were of the same shade. The hall and bed rooms were covered with paper that showed on a cream background a thin lattice, over which clambered crimson roses. Of course this was a setting for youthful faces only, and should not be attempted by any except a youthful home maker.

A more enduring and quiter scheme was that employing a combination of pale yellow and pale gray. In the hallway and bed rooms the same shades were used in faint Japanese pattern. Ample color was supplied by the hangings. With the yellow walls the hangings were in self color, while the less formal apartments showed various shadings of old rose, blue and red in cotton goods and cretonne.

The Very Newest Skirt.

The newest skirt, whether in cloth, linen, duck, crepe de chine, tussore or any of the spring or summer fabrics, may be called the twentieth century adaptation of the Empire skirt. It is dragged so closely about the hips and waist that the slackness is more in the suggestion than in reality. This is a Paquin model and is promised a great vogue. It is cut of double width material—nearly all materials are now double with, even silks being so woven—and has a bias seam straight down the front. It comes up very high on the waist to give the longest possible skirt line. It is drawn across the hips and high up in the back, falling with a few slight puckers into a long spreading train. Its belt is swathed about it, binding well the figure just below the bust and ending in the middle of the back in a huge buckle. The blouse hangs over the belt a trifle in a scant frill.

This silhouette is being carried out in every posible material. A tan mousseline cloth is trimmed with bias bands of taffeta and has an accompanying blouse of gold-woven cream net Egyptian lace, elaborated with insets of Irish lace. This new skirt is also developed in duck, the skirt loaded with heavy embroidery and insets of Venetian crochet lace. The blouse in this case is slightly covered with a sleeveless short Empire coat in duck, having a short-waisted ceinture of taffeta silk.

Extremely elegant is a frock of point d'esprit net trimmed with tiny frills of the net in Empire design, encrusted with wreaths of Venetian guipure. This costume is completed by a short-waisted hip coat in two shades of mauve linen, the deeper shade used as a border separated from the body of the garment by silk embroidered bouquets of flowers in soft rich old colorings—browns, greens and purples suggesting the effect of old-time brocade.

Hotel for Working Girls.

A rich man who has individual notions about philanthropy has decided to build a hotel that will be fireproof, waterproof, and bugproof for self-supporting women. It is to be located on Hudson and West Twelfth street, New York city, and will be called the Trowmart Inn. The rates instead of $4 to $5 per day, will be just that sum per week. The builder of the present hotel is the owner of the Martinique.

The promised structure will be colonial in design, six stories high with facades of granite and brick and trimmings of which will show wood work except the doors. The rest of the room will be in cement.

"It costs more than the ordinary way of building," says the architect. "It is somewhat on the plan of the tailormade suit—plain, but expensive."

Each room will have a fireproof closet of polished cement, so ventilated that damp clothing will be readily dried. Each floor will have a group of six bathrooms, but there will be no indiv dual bath rooms.

Each floor will have a dressmaking room for the use of the grils and a laundry and steam dryer with electric irons.

Visiting swains will be received in the reception rooms on the first floor, which also will accommodate a woman physician. All of the servants of the building—that is above the basement— will be women.

Preventing Moths.

The moth millers make their appearance in the spring. They are torpid during the day but are very active in the evening. When you see one of these moths winging its way to some dark corner of the bedroom or pantry, your best plan is to make every effort to effect its speedy extermination. These millers lay the eggs which are destined to work such havoc in your woolens during the summer.

Moths always work in the dark. Furs and woolen clothing have a special attraction for them. A soiled garment or a dirty spot on a garment is especially alluring. Hence every garment should be thoroughly cleaned and aired before being stowed away.

Furs and woolen clothing that is not needed should be hung in the open air and gently beaten with a rattan, rubbed and then wrapped in soft newspapers, with plenty of camphor gum. Newspapers are especially good for wrapping about clothing as the printer's ink is offensive to the moths. When the woolens have been cleansed and wrapped, place in a cedar chest. If your house does not contain a chest, take a wooden box very close in the seams and line inside with tough paper.

Woolens that can be washed should be washed and aired before packing. It is a good plan to mark the contents of each box on the top as soon as the lid is fastened on.

When the carpets are up, after the floors have been scrubbed, go over them again with water in which a little turpentine has been added—a tablespoon to each quart of water is about the correct proportion. Do not neglect cracks or spots where heavy furniture will stand. When the floor is dry, sprinkle ground black pepper around the baseboard.

The Overworked Woman.

Is it true that overworked women are less happy, less healthy and shorter lived than others? Do not believe it. Let anyone think over the list of women she knows who are always busy and always ready to take on more work. Some may not be robust physically but save at times of extreme pressure they are the most cheerful and contented women you know. They never brood, they are generally hopeful, they have little relaxation but what they have is relished with an intensity of joy. They are the people who keep young in the true sense of the word. They have the happiness of working days. They have their times of full sunshine given to happy memories, happy experiments and happy hopes.

Think of some others you know who have not enough work to keep them occupied. You may occasionally envy them their leisure—which you undoubtedly would employ othewise—but you will not envy them anything very long.

What drains and exhausts vitality is not work, but worry; work carried on anxiously, work that is accomplished with fret and irritation. And it is the work that is not well or thoroughly done that begets worry.

Easter Novelties.

The shops are showing a fresh line of Easter novelties for the tiny folk and the grown-ups as well. Fluffy ducks, chickens and storks to be filled with candies, and of course Easter cards in all the new effects. Plain and satin-covered Easter cards and booklets are shown as well as charming conceits in the obiquitous postal card.

There are many clever little affairs made by the Japs. One is a rabbit house made of taffeta with a thatched roof and inside a family of fluffy white rabbits.

Another trifle which is sure to please and amuse the children is a candy box made of rafia. On the top are two white rabbits under an umbrella and so on through the complete line of an up-to-date stock.

THE GAZETTE PATTERN.

(No. 5568.) Girls' Gabrielle Apron.

Pretty aprons are generally in demand and are very useful. This one serves to protect the dress, and at the same time adds to the dressy appearance of the little school girl. It is well-shaped, fitting close to the figure in front, and is held in the back by ties that are stitched in with the side seams. The pattern provides for either square or round neck and is well adapted to all materials used for such garments. As pictured, it was made of white lawn trimmed with narrow embroidery. The medium size requires 2½ yards of 36-inch material.

Girls' Gabrielle Apron with square or round neck: No. 5568: Sizes for 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 years. The above pattern will be mailed to any address on receipt of ten cents.

THE GAZETTE FASHION

NICE WAY TO MAKE A LAWN.

The woman of simple taste in dress remains ever with us, despite the frequent changes of fashion. It is for her that frocks of the style shown here are especially designed. This model is built of sheerest French handkerchief linen, the skirt being laid in box-plaits all around the waist and allowed to flare below the knees in circular effect. The bodice is shirred, blousing over a belt of dainty silk. There is a plastron of embroidery outlined by a band of tucked lawn finished with stitchings of satin ribbon. The collar and sleeve trimmings correspond with the yoke.

The fashionable shops are full of interesting things just now, but none are more attractive than the thin gowns, many of which are agreeable surprises because they are suited to a thin purse. The number of blouse and skirt models increases every day, and the daintiest effects imaginable are contrived in lawns, batistes, organdies and sheer dimities. Embroidery, German valenciennes and imitation Cluny are the trimmings used with best results, and when combined with satin ribbon or bands of taffeta few embellishments are more elegant.

Furnishing the Summer Home.

No matter how much we dislike the heavy cumbersome furniture that goes under the general name of "Mission," we owe a debt of gratitude to this style which has put in vogue a craze for simplicity in line and meagerness in decoration.

These novelties, all angles, unpolished, unupholstered, are now giving place to graceful designs with curves as well as straight lines and rounded as well as sharp corners.

It is this plainer style of furniture that is most in demand for country homes, and in truth, for the modest city home as well. In the old days none but the poorer classes bought cane furniture. Now the demand for cane upholstered furniture is widespread and the new designs are handsome and artistic. A kindred style is the rush bottomed furniture. A weathered oak dining chair seated in rush costs a trifle more than the old-style leather seated chair, but it is much more effective and more serviceable. The sideboard to go with this chair is long and low. A nine-inch mirror runs around the back and sides in one design, others show no decoration whatever, no carvings, no fancy projections, nothing but plain stais and a shallow shelf. Tables to accompany this set are in the round style only. Square tables seem to have suffered an eclipse. Many dining-room chairs are in plain wood, some have a seat of stretched leather. Tufted leather is old fashioned, but red leather, especially for dining-room use, is exceedingly popular.

Wicker furniture in green is cool and inviting. For the summer porch parlor, in settee, tea table and lounging chairs it has no equal. It is light and durable, easily kept clean and with the addition of bright colored pillows gives an effect to the vine or canvass shaded porch that cannot be surpassed.

Honey Dainties.

Honey Gems—Two quarts flour, three-fourths pint honey, one-half pint molasses, four heaping tablespoons brown sugar, one and one-half level tablespoons soda, one level teaspoon salt, one-eighth pint water, one-half teaspoonful extract vanilla.

Honey Jumbles—Two quarts flour, three tablespoonfuls melted lard, one pint honey, one-fourth pint molasses, one and one-half level tablespoons soda, one level teaspoonful salt, one-fourth pint water, one-half teaspoon vanilla.

Honey Ginger Cake—Rub three-fourths pound butter into one pound sifted flour, add a teacup brown sugar, two tablespoonfuls each ground ginger and caraway seed. Beat five eggs and stir into the mixture alternating with a pint of extracted honey. Beat all together until very light. Turn into a shallow square pan, set in a moderate oven and bake one hour. Cool and cut in squares.

Honey Candy—One quart honey, small teacup granulated sugar, butter the size of an egg, two tablespoons strong vinegar. Boil until it will harden when dropped in water, stir in a small teaspoon baking soda. Pour on buttered plates to cool. Without the vinegar and soda it can be pulled or worked a long time. It is just the thing for an old-fashioned candy pull as it is not sticky and yet is soft enough to pull readily.

Dainty Accessories.

The jeweled collars are quite new and effective. A unique one about two inches high is made of interlaced small gold links ornamented at intervals with a dainty miniature.

You can have anything made up in jet-bracelets, collars, La Villiers or fan chains. The woman who looks her best in black is availing herself of this revival.

A high collar made of strands of cut jet held together with rhinestone bars is a striking finish to the all-black evening dress.

Beaded bags are again in high favor and never were designs offered more artistic or dainty.

A bag in pearl white beads has a design in urple flowers. It is intended to add the ultimate touch to a gown of lavender voile.

Envelop bags are shown in all the soft shades of English morocco. The new and distinctive point is the flat handle, lined with moire and fitted with card case and leather framed mirror.

Monitor bags designed for short trips are just large enough to hold the necessaries and small enough to be inconspicuous. They are of the popular English Morocco and moire lined.

Reflections.

If you are unduly truthful and must say something about her hat, tell her it is too old for her.

It takes a woman hours to assume what she calls a negligee appearance.

The woman with time to waste is a bigger fool than the man with money to burn.

Many of us would have lighter loads on our backs if we had less starch in our necks.

During the honeymoon a girl wonders what takes the place of marriage in heaven—but after a few years she doesn't much care what it is.

The Use of Malt Extract in Food

Cooked Wheat Treated With It and Then Baked Crisp and Brown Is Nutritious and Delicious.

Remarkable results are secured by treating whole wheat with malt extract, as is illustrated by that widely known food product, Malta-Vita, sometimes called "The Perfect Food."

In the preparation of Malta-Vita we have these two factors—(a) the whole wheat, steamed and cooked in absolute cleanliness and containing every food element necessary to the sustenance of the human body; (b) pure malt extract containing all the nutrition of best selected barley in a readily digestible form, so nutritious and strengthening that doctors everywhere recommend it.

The malt extract, mixed with the cooked wheat, converts the starch of the wheat into maltose, or malt sugar, an active digestive agent. The result is a perfect food, rich in all the nutrition that builds up bone and blood, brain and muscle, healthy tissue and nerve force.

And Malta-Vita is good to eat. There's nothing like it, nothing that can take its place. After being mixed with the malt, the wheat is rolled into wafer-like flakes—every grain a little flake—and then baked in great, clean ovens under most intense heat. From the ovens Malta-Vita comes crisp and brown, "done to a turn," the most delicious, the most healthful food in the world. All grocers, 10 cents.

Interstate Commerce Investigation Elicits Testimony Showing Agreements Exist.

TIDE COAL RATE IS CHEAPER

[By Associated Press to The Gazette.]

PHILADELPHIA, April 11.—The interstate commerce commission continued today the investigation ordered by congress to determine how far and in what manner railroads are interested in coal and oil which they transport as common carriers. The investigation which was begun yesterday was established the fact that through three railroad statistical bureaus agreements exist governing the transportation and distribution of bituminous coal and also fixing the percentage of traffic to be divided among the different railroads.

Testimony was brought out showing that these pooling agreements have been operative for 10 years, and that the eastern New York and New England All-rail Bituminous Coal Traffic association carries out an agreement that when fixed percentages are departed from resulting differences shall be equalized either by division of traffic or suspension of shipping. Another bureau under the name of the Tidewater Bituminous Steam Coal Traffic association governs all shipments to tidewater at New York, Philadelphia, Baltimore, Newport News and Norfolk.

It was also shown that all bituminous coal shipped to New York city or harbor, except that going through all-rail to New England is regarded as tidewater coal, and commands a lower freight rate. This classification is different from other ports where only coal for shipments beyond the capes gets the tidewater rate.

In the absence of Chairman Knapp, Mr. Clement presided at today's session of the commission.

General Manager Atterbury, of the Pennsylvania railroad, produced the reports requested yesterday by counsel for the commission. Mr. Atterbury was recalled to the stand and questioned with reference to the tonnage allowed each mine.

Mr. Atterbury said that he could furnish the tonnage moved from each mine since April, 1905. In answer to Senator Cockrell the witness stated that he could give the number of each car furnished the different mines, but that it would be a tremendous task. Mr. Atterbury explained that statements are posted in the company's office in this city so that every shipper of coal can know how others are being treated in the matter of cars. He added that the statements could be examined by any one who came to the company in a proper spirit. The Pennsylvania Coal & Coke Company was refused permission to examine the statements, he said, because of pending litigation between the companies.

Mr. Atterbury, in answer to Mr. Glasgow, said that he did not know that there was an unprecedented demand for cars at the bituminous mines at the time of the anthracite strike of 1902. The question was repeated to Mr. Atterbury several times and met with the same answer: "I do not know."

J. B. Searles, coal freight agent of the Pennsylvania railroad, was then recalled. He said that the cutting of prices did not demoralize the all-rail coal traffic association, but that it demoralized business. He said that when the members of the association agreed on anything it was referred to the presidents of the roads and that the latter conferred together. The purpose of the all-rail organization, Mr. Searles said, was to maintain the price of coal and that there was an express agreement between all parties to maintain the rates.

Mr. Searles admitted that notwithstanding the objection of the Norfolk & Western and the Chesapeake & Ohio railroad companies the carrier price of coal to tidewater in 1900 was increased from $1.25 to $1.40 a ton. The increase was voted at a meeting of the Tidewater association in September, 1900, and was to continue three years. The Tidewater association is composed of the Pennsylvania, Norfolk & Western, Chesapeake & Ohio, New York Central and the Baltimore & Ohio railroads.

At the meeting which Mr. Searles attended the Norfolk & Western railroad complained that their interests were being injured by differentials in freight rates. The commission then adjourned. It was not stated where the next meeting would be held.

LUNA'S NEW BALL ROOM WILL BE VERY POPULAR

Many Prominent Pittsburgh Societies Have Secured Dates for There During Approaching Season.

As an evidence of the popularity of Luna park's new ball room, one need but turn to the list of prominent societies which have secured dates for the coming season. In the list are the following:

Comus club, Naiad club, Keystone Bicycle club, Iroquois club, Carleton club, Winedaesis club, East Lyceum club, Orient Chapter No. 55 Eastern Star, Association Commandery No. 56, McKinley Chapter No. 29, Eastern Star, Ladies' auxiliary, Kinsmans Mystic Senate, Kobo club, Pittsburgh conclave, No. 83, I. The new ball room is nearly completed. It will be the largest and finest of its kind in Pennsylvania. A number of dancing organizations that in the past have confined their gatherings to the winter months have found the prospect of using the new dancing floor attractive, and these have obtained dates for a number of evening soirees. These are all to be private affairs, the majority of them simply dances. The dancing floor of the big room will comfortably accommodate 900 dancing couples. The park will open May 7.

FENDER IS TOO HIGH.

Passes Over Woman and Car Is Stopped as Wheels Touch Her Body.

Mrs. Annie Bosak, aged 60, of 25 Polish hollow, South Side, came near being crushed to death under the wheels of a Carson street car yesterday morning. She was crossing at South Twenty-seventh street when she was struck by the fender of a city-bound car and thrown down, sustaining serious bruises. The fender on the car was too high and passed over her. The car was stopped just as the front wheels were touching her body.

Lillie Westerwich, aged 10, a pupil in the Davis avenue school, was struck by a car Tuesday afternoon at Davis and California avenues, Allegheny. Her life was saved by the fender.

Solomon Shapker, aged 3, of 14 Perry street, was run down and seriously injured in Wylie avenue yesterday afternoon by an automobile said to have been driven by a negro named Stinson. Edward Randall, a blacksmith, who witnessed the accident, says he shouted to the negro to stop but his warning was unheeded. After striking the child the chauffeur got out of the machine, looked his victim over, then climbed in again without making any effort to relieve the child's injuries.

MILLIONAIRE GIRL VISITS PRESIDENT ROOSEVELT

Senator Clark's Grandchild, One of Richest Little Women in the World, Spends Pleasant Afternoon in the White House.

Special Telegram From
L. W. STRAYER, Staff Correspondent.

WASHINGTON, April 11.—Senators cooled their heels in the ante-room and at least one cabinet minister was obliged to wait for fully ten minutes this afternoon, while President Roosevelt entertained Miss Katherine Elizabeth Morris, aged three and a half years, who called to see him, chaperoned by her grandfather, Senator Clark of Montana. Little Miss Morris has heard a great deal about the President and was determined to see him personally. So before she left Camden, S. C., where she spent the winter with her parents, she wrote a letter to her grandfather and asked him as a special favor that when she reached Washington he should take her to see "Teddy," as she familiarly referred to the President. Today he granted her request and President Roosevelt seemed very much pleased to meet the young lady. He shook hands with her, put her on his knee and talked about the south and when she went away she carried with her the choicest flowers from the big bouquet on the President's desk.

Senator Clark has four grandchildren, but Miss Katherine has always been a strong favorite. It is said that at her birth the senator settled several millions on her. At any rate she will be one of the richest heiresses in the world when she grows up. Her grandpa is pointed out at the capitol as the richest man in congress, and it really is a toss-up whether Rockefeller or Carnegie has more millions than he. As he walks through the corridors it is a favorite joke for some clerk to remark: "that man just made $600 as he walked past here." Then he explains that it is Senator Clark and that he is reputed to have an income of $600 a minute.

NEW CHINESE BILL IS MORE LIBERAL

Denby Introduces a Measure Which Modifies Exclusion Act and Extends It.

MONGOLIANS CAN GET BAIL

[By Associated Press to The Gazette.]

WASHINGTON, April 11.—Representative Denby of Michigan introduced a bill today making extensive revision of the Chinese exclusion act. It extends the operation of this act 10 years and incorporates the recommendations of Commissioner General Sargent for American inspectors in China under the supervision of the immigration service and for the re-registration of Chinese now in this country. The bill is not intended to modify the basic policy of excluding Chinese laborers but, according to Mr. Denby, is an attempt to find a compromise which shall harmonize differences with China. It permits Chinese residents of this country to go and come at will under proper regulation in regard to return certificates, etc.

It repeals the provision of the existing law permitting Chinese laborers to leave the United States and subsequently return, only in case they have wives or families or debts due to them in the United States and which limits their right of return to one year. It admits Chinese applicants for the writ of habeas corpus to bail, a privilege now denied them. It provides that any Chinaman resident in the United States, and wishing to go back to China and then return to the United States may receive a return certificate on exhibition of his certificates of registration or original certificate of entry and proof of his identity.

It repeals the provision of the existing law placing the burden of proof upon Chinese arrested for being unlawfully in the nited States to show his right to be here. It repeals specifically the provision in the law of 1892 already held unconstitutional that Chinese found unlawfully in the United States shall be imprisoned at hard labor for one year and then deported.

It enlarges the exempt classes beyond those mentioned in the treaty of 1880 to include accountants, bookkeepers, bankers, members of the learned professions, editors or members of other classes not falling within the category of laborers from entering the United States. But it also provides that it shall be unlawful for any Chinese person entering the United States as a member of an exempt class to work for gain as a laborer.

There is at present no standard by which persons claiming to be students are to be judged. The bill explicitly defines the term student. It also provides that Chinese coming to this country from China or the islands adjacent thereto shall depart only from certain ports to be designated by the United States.

STATE IS SATISFIED.

Enterprise National Bank Directors' Obligations on Bonds Are Settled in Full.

Four assignments were received from the state of Pennsylvania yesterday to the Union Trust Company, as trustee for Fred Gwinner, W. T. Bradberry, A. F. Schwerd, Caroline A. Selling, executrix of the estate of John Selling, Charles F. Stifel, jr., Pa. McKinney, David Morrison, James T. Arnold and Frank Smith. These assignments carried all the state's interest in the judgments obtained against the Enterprise National bank.

By agreement among the directors the Union Trust Company was made trustee to secure the money due the state under the bonds furnished by the directors. The balance of the money due from the directors, amounting to $10,592 74, was paid to the Union Trust Company by the directors of the bank on Tuesday. The state was paid in full yesterday and the state assigned the judgments to the trustee, which satisfied the judgments. The directors' obligations to the state are now wiped out.

REFORMERS IN ALLEGHENY.

Municipal League, Is Organized, and Detectives Are Busy Getting Evidence Against Low Dives.

The Municipal league, which is said to be an outgrowth of the Good Government party of Allegheny, has started to clean out the gambling dens and red light district. It has hired a score of detectives, so it is asserted, and these men have for the last week been around the dives obtaining the names of the frequenters, and they will be subpoenaed as witnesses when the arrests are made. It is also said clerks are obtaining the names of the property owners and real estate agents who rent properties in the red light district, and informations will be made against both the owner and the renting agent.

Mayor Kirschler said yesterday he had not been informed of the plans or existence of the new organization, but intimated he would be willing to give them the aid of the police department in the work if he found it to be a good move.

ACCUSE MITCHELL OF STEALING CLOTHES FROM A CORPSE

Frank Mitchell of Akron, came near being roughly handled yesterday by a mob of over 100 Poles, who were aroused to fury by Mitchell's alleged theft of clothes from the corpse of Wasel Sedor, a countryman of theirs. The robbery occurred at a boarding house conducted by Mrs. Marina Storhaski, 500 Carson street, who discovered the alleged thief in the room with the corpse, and by her screams attracted the police, who, in spite of the threats of the enraged Poles, placed him in jail.

Highwaymen Rob Watchman.

John Bluetner, a watchman employed about the Thirty-third street bridge of the Baltimore & Ohio railroad, was knocked down and robbed of a gold watch and a small amount of money by two negro highwaymen about 1 o'clock yesterday morning. The crime occurred on the Ohio street extension of the Baltimore & Ohio near Millvale, and is one of several that has been perpetrated near this point.

FIRM HAND USED WITH ANARCHISTS

Government Will Act Promptly in Dealing With Recent Undesirable Arrivals.

PROMINENT ONE DEPORTED

[By Associated Press to The Gazette.]

WASHINGTON, April 11.—Anarchism in the United States will be put down with a firm hand. The information which has reached the government officials here that large numbers of Italian anarchists have arrived at San Francisco and Baltimore has resulted in the adoption of extreme measures to apprehend these men. While many have arrived in Baltimore and are making that city their headquarters a number have gone to other places and the police have been notified to be on the lookout for them.

It was said at the department of commerce and labor today that the Italian government, through its consul at Baltimore, had furnished the name of one man whom it regarded as particularly dangerous and the immigration officials are bending every effort to capture him. It is believed here that he is the ringleader of the band that has come to this country through the port of Baltimore and his apprehension is regarded as of especial importance.

Some idea of the character of the men with whom the department is dealing may be gathered from a recent case arising in San Francisco. Within the past month an Italian was released from prison in that city and upon being questioned by the immigration authorities openly declared that if he was allowed to pursue his course he would kill the President of the United States. The man was taken in charge, conveyed across the country to New York and deported to Italy. He would not disclose, however, that he was a member of the organization whose presence here has become known, although he made bold his threat as to what he would do to the executive of the United States.

All immigration and police officials have been notified to be on the lookout for Italian anarchists, and the department authorities here anticipate that before long they will have in custody three men known to have been enemies of the Italian government.

CHINESE MAKE THREATS.

Highbinders and Gamblers Said to Have Sworn Vengance Upon Those Informing Against Them.

Geon Tong and four other Chinamen, attendants of the Chinese Sunday school of the Second Presbyterian church, who recently gave the police information causing raids upon four alleged Chinese gambling houses, have informed the Rev. Dr. S. Edward Young, pastor of the congregation, that their lives have been threatened.

The Chinamen alleged that in accordance with celestial custom their enemies cut off the head of a chicken and swore vengeance, and that each Chinaman who kills a crusader was promised $1,500. The police have been informed of the threats.

Charlie Dean, a Chinese merchant, stated yesterday that a committee of the Highbanders has been at work in the city levying assessments upon the merchants. Dean declares he has refused to pay the tax asked and he has been threatened, but fears nothing. He places his reliance upon the Hip Sing Tong society, of which he is a member.

BROTHER ACCUSED BY SISTER, MOTHER CAUSES SON'S ARREST

Ten dollars and costs or 30 days in the workhouse, was the sentence imposed by Magistrate Negley on Patrick Harwood, who was arrested on complaint of his sister, Mrs. Mary Murphy of Cornet street. She alleged he had lived with her for two years without working, and on several occasions raised a disturbance when she failed to provide beefsteak for breakfast. Roy Herbert, aged 16, of 48 Lawn street, was held for court in $500 bail on a charge of larceny preferred by his mother, who alleges he stole $150 from her and then went to Chicago.

Indiana Republicans in State Convention Make Plain Their Ideas About Governor.

LEADERS AGREE ON PLATFORM

[By Associated Press to The Gazette.]

INDIANAPOLIS, IND., April 11.—Indiana Republicans today opened a state convention to nominate candidates for all state offices except for governor, lieutenant governor and reporter of the supreme court. Speeches were delivered by Congressman Abraham L. Brick, temporary chairman; Senators Beveridge and Hemenway and Gov. J. Frank Hanly.

The convention adjourned until tomorrow, when the committees on rules, organization and resolutions will report. Nominations will follow.

The resolutions committee, after a session lasting three hours, today modified the plank indorsing the administration of Governor Hanly, which had been agreed on by party leaders.

The words stricken out by the committee were: "Never in the history of Indiana has the law been so thoroughly vindicated or enforced and never have the rights of all the people been so carefully protected."

The committee also refused to allow a clause to appear indorsing the "house-cleaning policy of the governor." This sentence referred to the governor's ousting of Secretary of State Storms and Auditor of State David E. Sherrick. Sherrick is now in the penitentiary.

Governor Hanly in addressing the convention late today said:

If there is one among you who doubts either the wisdom or the righteousness of the law enforcement policy of the state administration I ask you, in all sincerity, and in all kindliness, to go back to your own firesides and, in the presence of your wife and children, re-examine the premises upon which that doubt rests. I have learned from experience that an American home—aye, an Indiana home, if you please—is a good place in which to think out one's duty, either private or public. There the atmosphere is clearer and purer and the path of duty more easily found.

If, however, it so be that your doubts remain, I ask you to submit the whole question to your wife and your little ones, and I will willingly abide their answer. They know their home is safer and happier because of the enforcement of the law and the increased respect in which it is held, and the call to a higher life that has thereby come to you, and they'll not fail me.

The platform as agreed on by leaders of the party and by the resolutions committee, dwelt at length upon state issues, endorsed President Roosevelt's administration, Vice-President Fairbanks, and the Indiana senators and representatives.

We favor national regulation of railroad rates in such manner as to insure equity of service to all upon just and reasonable terms. Such regulation must be effected so as to operate justly upon the shippers, the common carriers and the body of the people.

We adhere to the time-honored Republican doctrine of protection. Our commercial and industrial experience have fully vindicated the wisdom of this great economic policy. The true policy of protection is that schedules are to be changed when experience shall suggest their change. The Republican party, the friend of the protective policy, through good and evil report, can be trusted to make changes in tariff schedules whenever more good than evil will result.

The Rev. Mr. Young to Speak.

At this evening's service in St. Stephan's church the speaker will be the Rev. E. H. Young of Christ church, Allegheny. The service starts at 7:45.

You can always depend upon it. Pilene positively cures Piles. All druggists sell it.

FIGHT TO FREEZE OUT STEVENSON

Eddie Edwards Prevents Reformer from Conducting Market House Investigation.

NEW COMMITTEES ORGANIZE

There was a hot time for a few minutes yesterday afternoon in the city clerk's office when Select Councilman W. H. Stevenson asserted his right to act as chairman of the special committee appointed to investigate the Diamond market leases, and E. J. Edwards and others forced an adjournment to prevent Stevenson from securing the position.

Five members were appointed on the committee to investigate the market leases and to recommend legislation to councils to correct the defects of the present system. Stevenson had introduced the resolution in select council and was the first named on the committee. With him were appointed Edwards from select and William A. Martin, Hugh Ferguson and John Klein from the common branch. All were present yesterday except Klein, and Edwards moved at once that Martin be elected chairman. Stevenson objected.

"The rules of councils provide that the person first named on a special committee shall be chairman thereof, and such committee shall report to the council where raised," said Mr. Stevenson. "I was the first person named on this committee and under the rules I propose to act as chairman."

Stevenson Is Shut Out.

Martin was opposed to Stevenson acting as chairman, but he did not want the position himself and when Klein was suggested for the place by Ferguson Martin withdrew. Thereupon Edwards moved that the committee adjourn to a time when Klein could be present and an adjournment was taken until tomorrow at 11 o'clock.

"The chairmanship of this committee is important," said Stevenson afterwards, "because a meeting would never be held and the investigation would be dropped if the chairman should not desire to call a meeting of the committee."

The rules support Stevenson's contention and the committee will have the same dispute to go over again tomorrow if a meeting is held.

Five standing committees of councils organized yesterday afternoon by electing their chairmen and fixing the time for meetings. The chairmen slated by the presidents of councils were elected without opposition. The first committee to organize was corporations. T. O. Atkinson was made chairman upon the nomination of Charles Stewart. The committee voted to meet at the call of the chair.

Dr. W. H. Weber was elected chairman of the filtration committee on motion of S. G. Lennox, but was not present when the committee organized. The committee meets at the call of the chair.

Tried to Start Contest.

Dr. C. C. Williams was elected chairman of the charities committee. W. H. Stevenson attempted to create a division by nominating Dr. W. H. McKelvy, but Dr. McKelvy withdrew his name, stating Dr. Williams had been first named on the committee. Dr. Williams was nominated by William Metcalf, Jr. This committee also meets at the call of the chair.

J. C. Wasson was chosen chairman of the finance committee. He was nominated by Jacob Soffel, Jr., and the nomination was seconded by Hugh Ferguson. Mr. Wasson made a speech, thanking the members for the honor and stating that the finance committee was the most important one of councils and had much work to do in the next two years.

There was a contest over the time of meeting. W. A. Martin moved to meet at 7:30 o'clock on the first Tuesday after the first Monday of each month. Charles Gulland moved to tabel the motion, which was lost. Gulland then moved to amend the motion by substituting 2:30 o'clock for 7:30 o'clock. William Metcalfe, Jr., moved to amend the amendment by substituting 4 o'clock in the afternoon for 2:30 o'clock. Metcalfe's amendment carried by a vote of 7 to 4 and the committee will meet on the first Tuesday of each month after the first Monday at 4 o'clock in the afternoon.

Special Meeting on April 24.

Martin moved to elect Assistant Controller Morrow as clerk of the committee. Morrow has been acting as clerk instead of the controller, who is appointed to this duty by an ordinance of councils. It was decided it was unnecessary to elect a clerk, and the former system was continued, of allowing the controller to appoint his assistant as clerk if he sees fit.

There were a numbre of bills on the desk of the committee, including the ordinance abolishing the delinquent tax office, but P. A. Manion quickly moved an adjournment and it was carried although only two or three members voted. Chairman Wasson is strongly in favor of the delinquent tax ordinance and at once called a special meeting of the committee for Tuesday April 24, at 4 o'clock p. m., to consider the delinquent ordinance and other bills before the committee. It is the chairman's aim to have the delinquent tax ordinance approved and reported to councils at the next regular meeting on April 30.

The public works committee elected William A. Martin chairman on motion of W. G. Liggett, and decided to meet at 3:30 o'clock in the afternoon of the first Thursday after the first Monday of each month.

Charles T. Stewart announced yesterday that at the next meeting of councils he would introduce an amending ordinance fixing the time for the meeting of select council on the first and last Tuesday nights of the month instead of on Mondays as provided at present.

Other committees of councils, including bridges, parks and libraries, failed to get quorums yesterday to organize.

PHYSICIANS AT LAST FIND WHAT REALLY AILED THE MAN

Operation Shows He Was a Freak of Nature, After Being Treated for Everything from Appendicitus to Cancer.

[SPECIAL TELEGRAM TO THE GAZETTE.]

SOUTH NORWALK, CONN., April 11.—After having had half of his stomach cut away and his intestines connected in a new place, Charles H. Gale of this place is seemingly on the road to health, after 10 years of sickness and pain.

During the past decade Mr. Gale has been treated for appendicitis, ulcers, cancer, indigestion and many other complaints. He has been in hospitals and under many treatments, but with no relief. He was a prominent shoe dealer and had to give up his business. Two weeks since Mr. Gale has taken to the Seney hospital in Brooklyn and there he was subjected to some very novel experiments. He was starved and overfed alternately, to watch results, but neither these experiments nor the X-ray revealed anything.

As a last recourse his stomach was removed entirely on Saturday. The experts were astonished to find that the outlet of the stomach was no larger than the point of a pencil. The result was a wonderful collection of foreign objects in the stomach. Every seed that Mr. Gale had eaten since a boy was there and many other things while the stomach had been distended until it was more than twice the normal size.

Half of it was cut away and the intestine was connected with it in a new place, and now Mr. Gale is improving rapidly, with every indication of having perfect health in the future.

CHAPTER I.

A Call in the Night.

A sudden gust of wind wrenched the door from Godfrey's grasp and slammed it with a bang that echoed through the building.

"Anything wrong?" he asked, as he flapped the rain from his coat.

Simmonds, the grizzled veteran of the central office, now temporarily in charge of the devious business of the "Tenderloin," shook his head despondently.

"Not a thing. Only," he added, his eyes gleaming suddenly with appreciation, "you were right about that Delanne abduction case. It was all a faked-up story on the mother's part. She confessed this evening."

"I thought she would if you kept at her," said Godfrey, sitting down with a quick nod of satisfaction. "She hasn't nerve enough to carry through a thing like that—she's too pink-and-white. How does it happen you're alone?"

"Johnston's gone down to Philadelphia to bring back Riggs, the forger. Fleming's got the grip. Bad night, ain't it?"

"Horrible!" agreed Godfrey. "Listen to that, now."

A gust of extra violence howled down the street, rattling the windows, shrieking around the corners, tearing down signs, and doing such other damage as lay in its power.

There was a certain similarity in the faces of the two men, especially in the expression of the eyes and mouth. Age, however, had given to Simmond's features a trace of stolidity which was wanting in those of his companion. He had been connected with the central office for many years—was dean of the force, in fact—and though he had developed no special genius in his dealings with crime, he possessed a matter-of-fact industry and personal courage which had frequently achieved success. In the end, his chief had come to trust him greatly, probably because the brilliant theorists of the force made so many unfortunate mistakes.

Godfrey was a brilliant theorist and something more. He was not so patient as Simmonds, but then he was much younger. He had more imagination, and perhaps his greatest weakness was that he preferred picturesque solutions to commonplace ones. During his three years' connection with the force he had won four or five notable victories—so notable, indeed, that they attracted the attention of the Record management. The end of it was that Godfrey resigned his badge and entered the Record office as criminal expert, climbing gradually to the position of star reporter. Since then, the Record had not waited on the police; indeed, it had been rather the other way around.

It was with Simmonds that Godfrey had long since concluded an alliance offensive and defensive. The one supplemented the other—the eagle gave eyes to the mole; the mole gave the eagle the power of working patiently in the dark. Simmonds kept Godfrey in touch with police affairs; Godfrey enabled Simmonds to make a startling arrest now and then. Godfrey got the story, Simmonds got the glory, and both were satisfied. It may be added that, without in the least suspecting it, the mole was considerably under the influence of the eagle. Brains naturally lead industry; besides, the blind must have guidance.

They listened until the gust of wind died away down the street, then Godfrey arose and began to button up his coat.

"Nevertheless," he said, "I've got to be moving on. I can't stay loafing here. I wouldn't have stopped at all but for the chance of seeing you."

"Oh, don't go," protested Simmonds. "I was mighty glad to see you come in. I was feeling a little lonesome. Wait till this squall's over, anyway—and have a smoke."

Godfrey took the proffered cigar and relapsed into his chair.

"I'm only human," he said, as he struck a match, "and, besides, there's fascination about you, Simmonds—there's always a chance of getting a good story out of you. You know more about the criminal history of New York than any other man living, I think."

Simmonds chuckled complacently.

"I have been in on most of the big cases," he agreed.

"Come, now," continued the other persuasively, "if I consent to story, you've got to produce a story. Take those big cases—which do you think was the best of the lot?"

"The best?"

"The most intricate, I mean—the most puzzling—the hardest to solve."

"Well," and Simmonds rolled his cigar reflectively, "the hardest to solve, of course, were those that were never solved at all. There was the shooting of old Benjamin Nathan, in the summer of '70, at his house on West Twenty-third street, and there was the stabbing of Harvey Burdell. I never had the least doubt that Burdell was killed by Mrs. Cunningham, the woman he'd secretly married. The stabbing was done by a left-handed person, and she was left-handed; but we weren't able to convict her."

"Yes," nodded Godfrey; "and the Nathan case?"

"There wasn't anybody in the house, so far as known, but the two sons," said Simmonds slowly, "and both of them managed to prove an alibi. But I've always thought—— Hello! What's this?"

The door flew back with a crash and a man rushed in—a heavy-set man, with red cheeks, who stopped, gasping, clutching at his throat.

Godfrey had a flask to his lips in an instant.

"Come, brace up!" he commanded sternly, slapping the stranger on the back. "Take a swallow of this—that's it."

"It seems to me I know him," remarked Simmonds, looking at the flushed countenance with contemplative eye.

"O' course you do!" gasped the stranger. "I'm Higgins—th' Marathon," and he jerked his head toward the door.

"Oh, yes," said Simmonds. "You're the janitor of the Marathon apartment house, just across the street."

"Well, what's happened at the Marathon?" demanded Godfrey. "No ghosts over there, I hope?"

"There'll be one," answered Higgins, his eyes beginning to pop again. "Oh, my God!"

"Come," repeated Godfrey sharply. "Out with it! What is it?"

"It's murder, that's what it is!" cried Higgins hoarsely. "I seed him, a-layin' on his back—"

He stopped and covered his eyes with his hands. Simmonds had quietly opened a drawer and slipped a revolver into his pocket. Then he took down the receiver from his desk 'phone.

"That you, sergeant?" he called. "This is Simmonds. Send three men over to the Marathon right away."

He put back the receiver with a jerk. Godfrey twirled the janitor sharply around in the direction of the door.

"Go ahead," he commanded, and pushed rather than led him out into the storm.

They made a dash for it through the rain, which was still pouring in torrents. Half way across the street they descried a cab standing at the farther curb, and veered to the right to avoid it.

"Here we are," said Higgins, running up a short flight of steps into a lighted vestibule. "It's in soot fourteen—second floor."

They sprang up the stairs without thinking of the elevator—one flight, two—Higgins began to choke again.

A single door stood open, throwing a broad glare of light across the hallway.

"It's there," said Higgins, and stopped to gasp for breath.

The others ran on. For an instant they stood upon the threshold, gazing into the room—at a huddled form on the floor, with a red stain growing and growing upon its breast—at a woman staring white-faced from the farther corner—a woman, tall, with black hair and black eyes.

Then Godfrey stepped toward her with a quick exclamation of surprise, incredulity, horror.

"Why, it's Miss Croydon!" he said.

CHAPTER II.

A Tangled Web.

Simmonds had dropped on one knee beside the body. He was up again in an instant.

"No need for an ambulance," he said tersely. "He's dead."

The words seemed to rouse the girl from the ecstasy of terror which possessed her, and she buried her face in her hands, shuddering convulsively. Godfrey caught her as she swayed forward, and led her gently to a chair.

"Perhaps you don't remember me, Miss Croydon," he said. "Godfrey's my name—it was only the other night at Mrs. Delroy's I met you. It was Jack Drysdale who introduced me—you know I'm an old friend of his."

"Yes," she murmured indistinctly, "I remember quite——"

An exclamation from Simmonds interrupted her. He had picked up a small, pearl-handled revolver from the floor in the corner.

"Is this yours, miss?" he asked.

She nodded faintly.

He snapped it open and looked at the chambers. One had been discharged. He sniffed at the barrel, then held it out to Godfrey. The odor of burnt gunpowder was plainly discernible.

Godfrey's face hardened as he turned to the janitor, who had regained his breath and stood staring on the threshold.

"My friend," he said, "shut the door——"

He stopped as he heard the tramp of heavy feet approaching along the corridor.

"Wait," said Simmonds. "There come my men. I'll be back in a minute."

Godfrey nodded curtly, and waited until Simmonds closed the door after him.

"Now, Miss Croydon," he said, "tell me quickly how it happened. I can't help you unless I know the whole story, and I want to help you."

The gentleness of his voice, the quiet assurance of his manner, the encouraging glance, combined to calm and strengthen her. She sat up, with an effort of self-control, and clasped her hands together in her lap.

"There isn't much to tell," she began, striving to speak steadily. "I came here to—to keep an appointment——" She stopped, her voice dying away, unable to go on.

"With this man?" asked Godfrey. "Who is he?"

"I don't know," and she cast a horrified glance at the huddled form. "I never saw him before."

"Then it wasn't he you came here to meet?"

"No—that is—it may have been——" And again she stopped.

"Miss Croydon," said Godfrey, gently yet clearly, "I can't help you unless you're quite frank with me, and I fear you are going to stand in need of help. Did you kill this man?"

"No!" she cried. "Oh, no!"

Her face was in her hands and she was trembling; it was impossible to doubt that she spoke the truth.

"Then who did?"

(To be continued tomorrow.)

OPENING AT ST. LOUIS TODAY

Phillippe and Taylor Will Likely Be the opposing Pitchers at the Start.

THREE RELEASES DUE TODAY

GAMES TODAY:

Pittsburgh at St. Louis; Chicago at Cincinnati; New York at Philadelphia; Boston at Brooklyn.

ST. LOUIS, April 11.—(Special.)—After touring into shape for the opening game here tomorrow with the St. Louis Cardinals, greeting President Barney Dreyfuss and the nine players who arrived this morning from Hot Springs, Fred Clarke, manager of the Pittsburgh team, this evening, on getting in from Decatur, Ills., announced that he will release two pitchers and one catcher tomorrow.

With good weather promised, there is likely to be a large crowd at the opening game following the series between the Cardinals and the Browns. Willis or Phillippe will be the pitchers for the Pirates, while Slab duty for the Mound City crew is slated for Taylor.

Manager Watkins of the Indianapolis team of the American association was on the trail of Dreyfuss and Clarke on their arrival to try to secure any players that may be let go.

All of the nine players who are here had fine weather at Hot Springs, while the barnstormers met many rainstorms, and are in good condition, with the exception of Leach, who is still weak. The doctor thinks he has appendicitis, but he does not believe it. Leach will probably not play tomorrow, his place being taken by Sheehan, who has done well in the practice game.

It is probable that the catchers to be let go will be Peltz and Carisch.

Leever, Phillippe and Willis are sure of berths as pitchers. The "tin can" likely will go to Moskiman. The other probably will be Oberlin. The latter is a good pitcher, but still has a lot to learn. Case's place, also, is doubtful now. Clarke has ten pitchers now and states he will carry seven or eight. Following tomorrow's razzle one more may be let go.

The four outfielders will be kept, as will both Sheehan and Meier, the extra infielders. Beaumont states his knee is not bothering him and he will be in the game tomorrow.

The indications are that a great crowd will be in attendance. Although the Cardinals lost the series to the Browns they are still favorites. Rooting will be lively and honest. The Cardinals are in good shape and have no kick coming. With Taylor on the rubber they expect to beat the Pirates and make a good start for a good place in the race. They do not claim to be out for the championship, but intend to have something to say as to what team will win the flag.

Thne make-up of the teams for tomorrow's game has not been definitely settled, at least three positions being doubtful. However, McBride will play short and Arndt third, but who will play second is a mere matter of guesswork.

LAST GAME BEFORE THE OPENING DAY

Pirates Shut Out the Decatur Team by a Score of 6 to 0.

DECATUR, ILL., April 11.—(Special.)—No trouble was experienced by the Pirate barnstormers in defeating the Decatur team of the Three i league 6 to 0 this afternoon. All of the Pittsburghers put up a good game in the field, the only errors being a low throw to first by Sheehan and a missed grounder by the same player. When First Baseman Nealon failed to gather in the low throw there were cries of "Howard" from the local crowd, as the home of the former Pittsburgh first baseman is near here and he used to play with the Decatur team.

Leifield had everything his own way all through the game, allowing only three scattered hits and walking only one man. Carisch behind the bat, pegged well the few times the locals managed to get on the bases. Clarke and Ganley, with two and three hits, respectively, led the Pirates in batting, which was not very heavy.

Wagner again drew a blank in the hitting line, although he bought a new bat in the town in the hope of changing his luck. As usual, the crowd yelled long and loud when the Carnegie boy was struck out. Wagner did some circus playing at short, one catch of a liner, for which he made a high jump, bringing forth the applause of the spectators. A speedy double play by Sheehan, Ritchey and Nealon ended the game. Score:

Umpires for the Opening Games.

NEW YORK, April 11.—The following are the assignments of umpires for the opening games tomorrow for the National league: O'Day to Philadelphia, Emslie and Conroy to Brooklyn, Johnstone to Cincinnati and Carpenter and Klem to St. Louis.

BASEBALL NOTES.

In 1904 the Chicagos opened the season and lost. In 1902 they won, as also in 1900.

In the last four years the Pittsburghs lost only 12 games at St. Louis and won 28.

Jack Taylor won but one game from the Pittsburghs last season, and lost four.

The New Yorks will today open the season in Philadelphia, for the first time since 1887. In that year the Phillis won by a score of 5 to 1.

Phillippe last year broke even with St. Louis, winning two games and losing two.

Willis, pitching for the Bostons, last season won only one game from the St. Louis Cardinals. He lost six.

Klem and Carpenter will be the umpires at St. Louis today.

The American season will open in the east on Saturday with Boston at New York and Philadelphia at Washington.

Pat Abbatichio has quit the game for good. Boston will miss the services of the Latrobe lad.

Boston last season won only three games at Brooklyn.

The Brooklyns last season played at home on five Sundays. They will not play a Sunday game at home this season.

The Chicago American league team made 35 hits at Springfield, O., yesterday, for a total of over so many bases. The Americans snowed up the weaklings in heroic style.

OVERSEERS DISAPPROVE THE GAME OF FOOTBALL

BOSTON, April 11.—Overseers of Harvard college today expressed disapproval of the vote of the Harvard athletic committee permitting football to be played as usual next fall, under the new rules.

Both the overseers and the Harvard faculty expressed the opinion several months ago that the game of football should not be played at Harvard during the coming season, and not at any time after that until a satisfactory change had been made in the rules of the contest in the direction of insuring less brutality. The committee on regulation of athletic sports, which includes representatives from the faculty, graduates and undergraduates, however, have control of the sport. They announced they favored a continuance of the game under the rules as revised by the intercollegiate committee.

The athletic committee was requested by the overseers to report what changes were proposed in the game, and the overseers voted that football should be suspended until this report had been received and approved. The athletic committee, however, merely voted to sanction the game of football.

BIG BOXING TOURNEY ON FOURTH OF JULY

Two Factions in San Francisco to Arrange for Championship Event.

SAN FRANCISCO, April 11.—(Special.)—Arrangements are making for the greatest pugilistic tournament in years to be held here on July 4. Purses of more than $100,000 will be offered if the plans do not miscarry. The project depends on whether or not the boxing trust falls to adjust its differences, both factions being determined to pull off a series of championship events.

Eddie Graney says: "I can't speak for the trust, but I can for myself. I simply will go ahead and make my matches for the Fourth of July. I can get Gans and Nelson, and I don't think any other club can match them."

Coffroth was not excited when apprised of Graney's intention. He observed: "What is to prevent other championship fights being pulled off in San Francisco on the same day? I don't know of anything to stop me. If Graney can frame up a match, I think I can rig one fully as attractive."

Coffroth also offers to raise Tom O'Rourke's bid for Jeffries. He said today: "I am willing to offer the big fellow $120,000 to fight Hart, Burns, Kauffmann, Fitzsimmons, O'Brien and Ruhlin. If these fights ever should take place, the only arena in which to hold them is at Colma."

Game With Wheeling Postponed Because of Bad Grounds. Eastern Trip Called Off.

WILL VISIT OHIO TOWNS

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, PA., April 11.—The W. and J. college baseball season was not opened here today as per schedule. At the eleventh hour, the game with the Wheeling team was canceled on account of the wet condition of the grounds. The first game will be played with Shadyside academy here next week.

The W. and J. team will not take its annual eastern trip this season. Four games had been scheduled for the trip, but it was found impossible to complete the itinerary satisfactorily, and so the scheduled games in the east will be called off. The contests arranged were with Mercersburg, Carlisle Indians, Villa Nova and Bucknell on May 15, 16, 17 and 19. Friday, May 18, was the troublesome date, as no suitable stop could be scheduled between Villa Nova and Bucknell. The excursion in the east never more than barely covered expenses, and the vacant day would cause quite an item on the debit side of the ledger.

Manager Charles Stockton is making arrangements for an Ohio trip to take the place of the games cancelled.

SCOTCH FOURSOMES.

Wood and Ross Win First Prize at 36 Holes of Medal Play.

WASHINGTON, April 11.—Medal play, at 36 holes, in Scotch foursomes, today completed the second and closing day's sport of the first open professional and amateur tournament of the Columbia club. Good golfing weather, with the exception that the wind was at times a little brisk in exposed places, favored the players, and the going was better than on the opening day yesterday. Alexander Ross of Pinehurst, N. C., with W. K. Wood of the Homewood club, Chicago, won the first prize with a total of 187 for the 36 holes. Their score was 10 ahead of that of any of their competitors. For the second and third prizes the doubles were tied at 147 for the 36 holes. The prizes were thereupon lumped and equally divided between the players. The doubles tied were Donald Ball of Philadelphia and T. M. Sherman of Utica and Bernard Nicholas of New York and T. A. Hamilton of Englewood, N. J.

UPSETS ON BENNINGS TRACK

Peter Paul Loses the Fourth Race and Wins the Sixth With Great Ease.

DARUMA LOSES IN THE THIRD

[By Associated Press to The Gazette.]

WASHINGTON, April 11.—While the sky was overcast, the weather today was pleasant and the good card offered by the Washington Jockey club attracted a large crowd to the races at Bennings. The track was heavy on account of the recent heavy rains, but the going was firm and, as a result, the horses ran true. The upset of the day was in the sixth event. Peter Paul was a starter in the fourth, with McDaniel in the saddle and 97 pounds up. He finished in the ruck at odds of 5 to 1. In the sixth he was started again with 107 pounds up, McDaniel the second time being in the saddle. The closing odds against him were as good as 8 to 1. He got away from the post fourth, went up to third on the turn and as the horses straightened out in the stretch went to the front and won easily, with Phoebus second and Winchester third. Duke of Kendal evidently could not give away the weight demanded of him. The fourth race seemingly was only a warming up gallop for Peter Paul.

A fair lot of maiden 3-year-olds went to the post in the first, with Donna as a 9 to 5 favorite. She went out at the rise of the barrier and never was in danger, winning handily from High Brush, which just beat Ligero for the place.

In the second race, a 2-year-old event, Bathmaria was made the favorite at odds of 3 to 5. Shackle was a lukewarm choice at 13 to 5. When the barrier rose Shackle jumped out in front and had little difficulty in maintaining the position, beating the favorite decisively, with Moccasin third.

An upset occurred in the third when Hocus Pocus took the measure of Daruma, the 1 to 4 favorite, and did it easily. Gentian, an outsider, beat Riggs for the third money.

Bobbie Kean, always a hot favorite, won the fourth without extending himself. Delphi got the place from Parkville.

In the fifth Nonsense repeated his win of a few days ago at the same odds, 20 to 1. It did not seem possible for him to win until within the last half furlong, when he came fast and nipped the race by three-quarters of a length from Scarecrow, which beat Suffice for the place by a nose. Summaries:

First race, for maiden 3-year-olds and upward, 5 furlongs, Columbia course—Donna, 89 (McDaniel), 3 to 5 and 7 to 10, won; High Brush, 94 (Miller), 5 to 1 and 2 to 1, second; Ligero, 103 (Robbins), 10 to 1, third. Time, 1:32 2-5. Sais Pirateer, Judge White, Society Bud, Bettie and Vanguard also ran.

Sixth race, handicap, for 3-year-olds and upward, 1 mile and 100 yards, old course—Peter Paul, 107 (McDaniel), 8 to 1 and 3 to 1, won; Phoebus, 90 (J. Johnson), 6 to 1 and 2½ to 1, second; Winchester, 103 (Klenck), 3 to 1, third. Time, 1:52 3-5. Duke of Kendal, Bill Curtis and Northville also ran.

HOPPE OUTPLAYS ALBERT G. CUTLER

Makes an Avearge of 20 and Wins by a Score of 500 to 382.

SCHAEFER WINS IN HIS MATCH

[By Associated Press to The Gazette.]

NEW YORK, April 11.—By the score of 500 to 382, Willie Hoppe of this city, who holds the world's championship title for 18-1 billiards, defeated Albert G. Cutler of Boston in the fifth game of the world's 18-2 championship tournament at the Madison Square Garden concert hall tonight. Hoppe did not play as fast or as well as was expected, but he will be seen to better advantage later on when he meets the more seasoned players.

Tomorrow afternoon Slosson will play Morningstar and at night Schaefer and Cutler will meet.

Exactly on the stroke of 8 o'clock Hoppe and Cutler banked for the lead and the young world's champion won it. He chose the white ball and made four carooms but missed on a single cushion bank shot. The Boston man got his stroke right away and sent the globes merrily clicking around the table. As soon as he got them under control Cutler began a series of nursing shots until he had run up 37 points. At this stage the three balls were close together with the cue ball frozen to the red one. Referee Edward McLaughlin spotted the balls and Cutler failed to make the carom. Hoppe promptly started off at a rapid pace, driving for position with accuracy and nursing gently as occasion required. Two of his masse shots, one on the rail and another in the center space, were faultlessly executed, but he tripped up on an easy single cushion shot after he had made 40. Cutler failed to count in the second inning and Hoppe only made a single caram in the third. In Cutler's half of this inning the Boston man gave the spectators another exhibition of his ability in a grand all around run of 60 points, which was abruptly ended in a futile try for a masse close to the bottom rail.

Hoppe made 13 in the fourth inning and missed a single-cushion bank. Cutler replied with seven, and then Hoppe gathered in 36 through some sterling work, when again a single-cushion bank was his undoing.

Cutler ran up 16, and the score at this stage was 120 to 94 in Cutler's favor. Hoppe turned his first 100 with 10 in the sixth, and after Cutler failed to respond with a count Hoppe began to creep up in a timely run. He made 22 points, which placed him in the lead with a margin of six. Cutler again got a cipher, and Hoppe went still further ahead with 16 more.

A double kiss spoiled a good chance of a long run by Hoppe in the ninth inning, when he had tallied 68. Cutler only gathered four in his next two turns, while Hoppe added 31 and nine, bringing his total score up to 250 with a run of 60. Cutler's total was 196 at the close of the eleventh inning, 52 points behind Hoppe. After two hours of play the score stood: Hoppe, 301; Cutler, 258, for 16 innings.

Hoppe scored 38 and 30 in the eighteenth and nineteenth innings respectively, while Cutler added 21 and 23 to his score, split by a cipher in the eighteenth inning. After Hoppe had made eight in the twentieth, Cutler coaxed out 41, failing on a long draw. This left him just 35 points behind. Hoppe entered the last hundred of the game in his twenty-first inning with a run of 38, his thirty-ninth shot being spoiled by a miscue. Cutler got 13 in the same inning and the scores then stood, Hoppe 423, Cutler 263.

Hoppe ran up fifty in very fast time on the twenty-second turn but through seeming haste he missed a draw of less than eight inches. He then led Cutler by 110 points. Cutler added 19 to his total in this inning. With 27 to go for game, Hoppe began his twenty-third inning but only got 25 of the necessary amount. Cutler did not score and Hoppe finished the game with two in the twenty-fourth inning. The scores:

Hoppe—4, 40, 1, 13, 36, 10, 22, 16, 68, 31, 9, 27, 6, 8, 9, 7, 8, 38, 30, 8, 38, 50, 25, 2.—Total, 500. Average, 20 20-24. High run, 68.

Cutler—37, 0, 60, 7, 16, 0, 0, 14, 3, 1, 60, 3, 3, 10, 13, 38, 21, 0, 23, 41, 13, 18, 0.—Total, 382. Average, 16 14-22. High run, 60.

When Jacob Schaefer of Chicago met Ora Morningstar in the fourth game here today fast work was looked for, and while the game ran through 27 innings Schaefer did not disappoint the expectant lovers of the game. He defeated Morningstar by a score of 500 to 233 and in doing so made 167 caroms in his seventh inning. Also it was the high run of the tourney up to date. His fine nursing and position play drew forth frequent plaudits. Schaefer had many idle innings, but when he struck his gait the caroms followed each other quickly on account of his almost inimitable cue work. In his last three innings Schaefer made 166 points, with 67, 94 and an unfinished run of five. Morningstar played good, plucky, uphill game, but he was outclassed. The scores:

Schaefer—1, 9, 5, 0, 4, 137, 0, 47, 1, 1, 0, 0, 12, 13, 25, 0, 1, 11, 8, 0, 0, 56, 3, 67, 94, 5.—Total, 500. Average, 18 14-27. High runs, 137, 94, 67.

Morningstar—10, 0, 3, 1, 30, 1, 1, 8, 1, 1, 5, 1, 2, 1, 24, 0, 15, 12, 1, 5, 1, 1, 24, 0, 15, 12, 32, 49, 1, 0, 27, 2, 4, 3.—Total, 233. Average, 8 25-26. High runs, 49, 32, 30.

SUCCOR FOR YOUNG CHIEF.

Youth of Chippewa Tribe, on His Way to Minnesota, Spends Night in Police Station.

Penniless and trying to work his way to his father's tepee in the Lake Plantagenet reservation, Minnesota, is the story which Omagosish, a real, live Indian of the Chippewa tribe, told Capt. Agnew in the Allegheny Central police station last night when he applied for a night's lodging.

The youth has been at the Indian school in Carlisle, and says that he is on his road home to help his father. He says that when he left home several years ago his father, whose name is Omalga, a chief in his tribe, had a little tract of land in the Cass Lake reservation. But some time ago a Frenchman, named George LaDue, who married an Indian maid, got a grant from the government for the entire reservation and drove all the Indians away. The youth says that his father has been greatly distressed, and he is going home to aid him with the knowledge he has gained at the school.

The boy seemed intelligent and speaks good English. He says he was sorry to leave the school, but his father needed him, and he did not hesitate.

GOES AFTER THE UNRULY.

Judge McClung Tells Tipstaff to Call Police to Quiet Disorder. Breaks All Records.

The last hearings in license court will probably be held today, as all but a few townships were heard yesterday. The applicants and their witnesses made such a fuss in the corridors yesterday that Judge McClung issued an order instructing a tipstaff to have the city police clear the court house if the halls were not kept open. Some of the judges had trouble getting into the court room on Wednesday, and Judge McClung did not like this. After the order to call the police the noise and confusion subsided.

Judge McClung heard 104 cases yesterday, and if license court ends today Judge McClung will have broken all previous license court hearings by finishing in 22 days. The Westinghouse Company, with a blanket remonstrance, made a fight against seven new applicants in the Third ward of East Pittsburgh, through Attorney W. A. Blakeley.

MAN ASKS FOR REVOLVER TO KILL HIMSELF WITH

NEW BRUNSWICK, N. J., April 11.—(Special.)—A well-dressed man, between 35 and 40 years of age, who had been hanging around the Empire foundry all yesterday morning, stopped several workmen as they came out at noon and asked them for a revolver, saying he wanted to kill himself. All thought he was joking. He then went to the Pennsylvania railroad to the rear of the foundry, waited until a westbound passenger train came along, and kneeling in front of it, put his head on the rails. His body has not been identified.

GOOD TIME FOR CHESS PLAYERS

B. H. Sutton, Champion of Western Pennsylvania, Will Show His Skill Tonight.

B. H. Lutton, champion amateur chess player of Western Pennsylvania, who is a member of the Pittsburgh Chess club, Kuhn Law building, Diamond street, will give an exhibition of his skill in simultaneous play against the combination of the strongest players in the club, also all other players of some strength who will present themselves this evening at 7:30 at the club rooms.

Mr. Lutton places no limit on the number of games he will play, and it is expected that at least 20 games will be played against him. On account of this large number, the management requests that players who would like to get a game bring their board and chessmen.

Mr. Lutton is an old hand at this kind of play, and in former exhibitions has lost very few games. However, on this occasion he will meet the best players of the Pittsburgh Chess club, who have hopes of holding his score down considerably.

ARRESTS HATLESS WOMAN WITH ACID ON HER LIPS

Well-Dressed Female Is Found in Dazed Condition in Street and Is Locked Up.

Without her hat, and with an odor of carbolic acid on her lips, a well-dressed woman who gave her name as Ella McBride, aged 34, of Dravosburg, was found last night at Seventh avenue and Cherry alley by Officer Campbell Thompson in a dazed condition. At the police station her lips and tongue were discovered to have been burned with the acid, and she was sent to the Homeopathic hospital.

The hospital doctors found the woman had not swallowed any of the acid, and gave her an emolient. She was taken back to Central station and locked up on a charge of drunkenness. She said she did not know where she lost her hat, nor could she give an account of how she became in the condition in which she was found.

WANTS NEW HOSPITAL.

Site of Asylum for Criminal Insane to Be Discussed Today—Allegheny County Wants It.

The commission which is to decide upon the location of the proposed hospital for the criminal insane will meet in Philadelphia today. Several propositions will be submitted from Allegheny county, but the local members of the commission think the hospital ought to be located in this county.

The commission advertised for bids some time ago, requiring a general topographical and descriptive plan of the property, being particular about the facilities for drainage. Dr. C. C. Wiley, the alienist; Francis J. Torrance, chairman of the executive committee of the state board of charities; James W. Clark, director of public works and former director of public charities and correction, are in favor of bringing the institution here. There is no desire to have the hospital located near the present workhouse and the Allegheny City home, as there is no wish to add more sewage to the Allegheny river just above the intake pipes of the Pittsburgh water works.

FUSIONISTS IN TROUBLE.

Looks as If Democrats Might Have to Go It Alone in Next State Campaign.

The Democratic state central committee will meet in Harrisburg next Wednesday. The committee will reorganize, select a new chairman and consider plans for a fusion state campaign next fall. There is trouble in the ranks of the fusionists who elected a Democratic state treasurer last fall. The Lincoln party is in favor of taking up a Republican who will be indorsed by the Prohibitionists, who want Homer L. Castle nominated for governor, are growing restive at the apparent unwillingness of the Democrats to enter into their plans.

The Lincoln party's state convention will be held on May 24 in Philadelphia, and the Prohibitionists will meet May 23 in Harrisburg. The Republican state convention will meet two weeks later. If there is to be a fusion ticket the nominations will soon have to be agreed upon by the leaders.

SIXTY NEW CASES OF TYPHOID FEVER

School Boards Are Ordered to Either Boil or Distill All Drinking Water.

HEAVY DEMAND FOR NURSES

Sixty new cases of typhoid fever were reported to the bureau of health yesterday, making a total of almost 800 since the first of the month. The attendance at the public schools is falling off and yesterday it was estimated that about 60 per cent of the absent pupils were kept at home on account of the epidemic and the fact that most of the public schools are not supplied with water filters. The health officers say the checking of the epidemic is practically in the hands of the citizens themselves.

"If all water used for cooking and drinking purposes is boiled the epidemic will soon disappear," said Dr. E. G. Matson, city bacteriologist.

Parents will not permit their children to attend school where they are compelled to drink unfiltered water. City Physician B. A. Booth, in speaking of the matter, said:

"Some of the school boards in the city are neglecting their duty. Most every public school is equipped with a steam plant. It would be an easy matter to

COURT REFUSES TO RELEASE HOOE

Petition for Habeas Corpus Writ Is Turned Down in Quarter Sessions.

ITALIAN GETS TWELVE YEARS

Attorneys John Marron and W. H. Stanton, representing Clifford Hooe, the negro coachman under a charge of perjury in connection with the Hartje divorce case, presented a petition in quarter sessions court asking that the defendant be released from jail on habeas corpus proceedings on his own recognizance, or that his bail be reduced. Judge Kennedy said he would refuse to consider the plea for habeas corpus, but would consider a reduction of bail or release from jail on his own recognizance. Assistant District Attorney John S. Robb, Jr., who made sensational statements in connection with this case, said he would fight any reduction in bail or release from jail under any other conditions. Judge Kennedy takes the same stand as Judge Young with reference to the court's jurisdiction.

A sentence of 12 years in the penitentiary and a fine of $500 followed a plea of guilty of voluntary manslaughter made by Joseph Mingo, an Italian, before Judge Kennedy. Mingo shot Joseph Laurent, a coal miner, at Oakmont, on November 11, the injured man dying 10 days later.

John Moozinski, a Slav, pleaded guilty to two charges of entering a car with intent to commit a felony, and was sentenced to a year and six months in the workhouse.

Pleads Guilty of Extortion Charge.

"Blinky" Robinson was found guilty of robbery preferred by John M. Klein of Hays station, and was given a year in the workhouse.

Thomas G. White pleaded guilty to two charges of extorting money while employed as a constable by Alderman Charles Kaltenhauser in the Fourteenth ward. It was charged White arrested a man named Thornton upon a warrant and told him that in consideration of $5 he would have the case "fixed up." This he failed to do, and his arrest followed.

William Jones, a negro, was found guilty of attempting to escape from the workhouse, and received an additional sentence of one year to that institution. He was caught with a heavy rope, to which was attached an iron hook. In his defense Jones claimed that it had been his intention to utilize the rope in hanging himself.

A bill in equity was filed by Mrs. Eulalia A. Mayer against her mother, Mrs. Margaret P. Haller, to compell her to account for money which she is alleged to have held as trustee. Mrs. Mayer claims that while she was a minor, between the years of 1897 and 1903, her mother received as trustee and deposited in the West End Savings bank $1,268, which she was to turn over to her daughter when she was married. Mrs. Mayer claims her mother refused to turn it over to her.

File Affidavit of Defense.

An affidavit of defense was filed by the old Colony Coal and Coke Company to the suit of the Lehigh Valley Railroad Company. It is claimed in defense that the conditions under which H. K. Preston, an agent for the old Colony Coal and Coke Company, contracted with the railroad company to deliver 350 cars of coal have not been fulfilled by the plaintiff. That 150 cars have been delivered and that further delivery was prevented because of the shortage of cars on the Pennsylvania and Lehigh Valley railroads. A counter claim of $1,256 for coal delivered is also set up.

Judge Brown handed down decrees in these divorce cases: George Kress vs. Rosie M. Kress, on the ground of indignities; Sadie Ross vs. Charles Ross, desertion; Silas Rodgers vs. Agnes Rodgers, marriage procured by fraud; Mrs. Angela M. Gates vs. Rolla L. Gates, infidelity.

Hattie McIntyre, the negress charged with killing Harry Fisher, an aged Hebrew, was found guilty of voluntary manslaughter and recommended to the extreme mercy of the court.

The superior court finished the week's list yesterday afternoon and adjourned until Monday morning.

A petition in bankruptcy has been filed by H. B. Elliott, a grocer of 1201 Arch street, Allegheny. His liabilities are $3,042 24 and his assetts $630 89.

Executions were issued by C. Gerber against Meyer Hershfeld and others for $1,428, and by A. G. Barnett against E. J. Bechdell, with notice, for $2,966.

Most of the steel will be shipped from the Ambridge (Pa.) shops of the American Bridge Company, branch of the Steel Corporation. A large contract for special rails to be used in the construction of an extension of the Glasgow corporation electric traction system, Scotland, has also been secured.

STREET CAR HURTS FOUR.

Motorman Runs Into Crowd of Pedestrians and Two Are Probably Fatally Hurt.

CHICAGO, April 11.—Four persons were injured, two of them fatally, today, when F. J. Daley, motorman on an Indiana avenue car, ran into a throng of pedestrians who were trying to cross Wabash avenue at the intersection with Adams street. W. P. Kelley, conductor for the Pullman company, and B. E. Tumagno, an electrician, were probably fatally hurt.

Daley made no effort to stop his car after running into the crowd, and was pursued by a policeman, who after compelling him to stop the car, placed him under arrest.

Assailant Uses Beer Bottle.

Two negroes, Reuben Poles, trustee of the New Hope Baptist church, and James Price, Sunday school superintendent in the same church, were followed for several squares while on their way to a religious meeting in Braddock Tuesday night, and called vile names by five hoodlums. The negroes were finally attacked and Poles was beaten into insensibility with a beer bottle.

Insane Foreigner to Be Deported.

Michael Lipp, an insane foreigner of such gigantic build that he succeeded in tearing the padding from the cell in which he has been confined in the McKeesport police station, will be sent to his former home in Europe in a few days. This will make the sixth insane foreigner to be deported from Allegheny county within the last three months.

BIG ORE DEAL IS STILL HANGING IN THE BALANCE

Even if Hill Property Is Not Purchased, the Steel Corporation Has an Abundant Supply for Future Operations.

[By Private Wire to The Gazette.]

NEW YORK, April 11.—There has been little change in the negotiations looking toward the transfer of the Hill ore properties to the United States Steel Corporation according to the Wall Street Journal since James J. Hill left for the south several weeks ago. Mr. Hill is not expected in Wall street until Monday, and if certain statements can be relied upon, negotiations will be resumed in the near future. A representative of the United States Steel Corporation says the deal does not necessitate haste, and that a delay will not change the situation in the least.

Instead of a decrease in known ore deposist the United States Steel Corporation reports a substantial increase since its organization. It has consumed something like 100,000,000 tons of ore since April, 1901, as against a reported increase in known holdings of between 300,000,000 and 400,000,000 tons. In other words the corporation has more than a 50-years' supply based on a consumption of 20,000,000 tons a year. However, the consumption of iron ore will grow with the increase in the consumption of steel, which will naturally shorten the life of the corporation's ore properties.

The lease of the Hill properties, providing reports of the amount of ore they contain are true, will prolong the life of the United States Steel Corporation many years, and at the same time eliminate any competition that might arise through the purchase of the Hill ore lands by outside interests.

CITES PUBLIC INTEREST IN THE MINER QUESTION

Correspondent Discusses Westmoreland Field Conditions. Says Something Is Wrong.

To the Editor of The Gazette:

Sir—The same spirit which prompts us to sympathize with the starving Japanese or interests us in foreign missions, interests the citizen in the affairs of the miner. The public is indeed vitally interested in the mining situation. The last published report of the department of mines of Pennsylvania, that of 1904, gives the number of mine workers in Westmoreland county as 25,116. If so large a number of workmen, representing perhaps the population of the county, are happy and contented, the county is blessed; if they are discontented, the situation is serious for all the people of this county. It would not be true to say that all these workers are at present dissatisfied; but that the majority feel that something is wrong, and that gross wrongs exist at some mines, is evidenced by the wave of unionism which seems to be in the air.

From the report of the secretary of internal affairs of Pennsylvania it appears that in 1903 the average number of days in operation in bituminous mines was 234; in 1904 it was 204. The average yearly wages for 1903 was $540 69; for 1904 it was $462 09. These figures are furnished to the state officers by the operators themselves, who are interested in making them as favorable as possible to themselves. Is it correct, then, that the income of the mine worker is decreasing? The best available statistics answer this question in the affirmative. We hear something of increase of wages in other avocations, and it is in evidence that the cost of living is increasing. Have the miners not a right then to ask, "Whither are we drifting?" How a man with a family can live as an American should live on $462 09 a year is a mystery to those who cudgel their brains to make ends meet on double that sum.

Low Percentage on Homes.

The same report states that not 6 per cent (5.8 per cent) of mine workers own their own homes. The low wages and the non-unionism have much to do with this. A mine worker does not feel free to undertake paying for a home when he knows that he may be given a "wet place," discharged or blacklisted any day for protesting against wrong or refusing to submit to injustice. The labor union is the only hope of the miner and is a necessity arising out of present conditions. The vast aggregation of capital makes the individual workman utterly helpless in getting a square deal. It has been said that the labor union is to the wage earner what the constitution is to the citizen. Fair play says that if capital has the right to organize, labor should have. These great combinations of capital make the blacklist a most effective weapon in the hands of the operators to use upon a workman who has enough of the spirit of '76 left in him to protest against fraud and oppression.

To discharge a man for joining the union is an unjustifiable interference with a man's right of personal liberty. Do operators mean to take the position that the right of personal liberty, mentioned in the Declaration of Independence, and guaranteed by the Constitution of the United States and the constitution of Pennsylvania, is not intended for the 25,000 mine workers of Westmoreland county? How can good citizens be made of the newcomers, or how can respect for our institutions be instilled into laboring people, if these operators are going to make a mockery of the Constitution and laws of the country? The corporations would like to have a striker sent to jail for blowing a horn or ringing a cow bell, while they busy themselves defeating laws enacted to restrain their rapacity and to protect workmen. They have made the checkweighman law a nullity. They have made the "pluck-me" store a nullity. They have been prompt to have declared unconstitutional the law making it a misdemeanor for an employer to discharge an employe for joining a labor union. They have barefacedly violated the mine regulation law, thereby imperilling the lives and health of their employes.

Some Praise for Mitchell.

It is idle for the operators to sneer at Mitchell and his co-laborers in the United Mine Workers, inasmuch as these men have gained the respect and admiration of the best thinkers in the country, including the President of the United States. The mine worker knows that the union has done more for him than all the political parties combined; he knows that he is indebted to the United Mine Workers for whatever fair play he receives. The fear of being forced to do justice has prompted operators in some places to behave where no union exists. Gratitude prompts the workmen to join the union. Ninety per cent of them would join the union today in Westmoreland county if they were left free to act.

Coming down to the situation at a local mine, the writer has learned, after careful investigation, the following facts: For years there have been complaints among the miners about not getting paid for all the coal they mined. Of course they have not claimed pay for the slack. At one time a checkweighman was allowed, and at that time what is called a "cut-out" yielded on an average 21 tons. Since the checkweighman was abolished a "cut-out" yields on an average 17 tons. Experienced miners, who claim to know what they are talking about, are willing to make affidavit that day after day they have filled wagons which weigh 3,300 pounds and for which they are allowed perhaps 2,000 pounds, and that they have to mine from 500 to a thousand pounds of coal for each wagon for which they get no pay. Protests have been made, but to no purpose. A checkweighman has been asked for, the miners agreeing to pay his wages. The last time the miners met and appointed a committee of three to ask for a checkweighman the company promptly discharged the committee. Things went on at the same pace, the miners also being obliged to perform "dead work" and recently a branch of the United Mine Workers was organized at the mine, with a membership of about 175, and increasing. The company forthwith discharged those who joined the union for joining the union, and the other miners struck, be it said to their honor.

The recent advance of 5 per cent is looked upon as a cheap trick upon the part of the operators to gain public favor. The miner knows that wages are not everything and that he can easily be defrauded in his tonnage sufficiently to wipe out any such advance. That this tonnage fraud exists at other mines is common knowledge. It is a most odious, reprehensible form of graft. That trouble has arisen is as natural as the rising of the sun. They say that defrauding the laborer of his wages is a sin which "cries to heaven for vengeance."

If the operators mean to do justice they have nothing to fear from the union. Better by far to permit men to join a lawful organization than to see them driven into dangerous societies, as has occurred in other countries.

WONDERFUL CURE BY CUTICURA REMEDIES

"My husband and five children were all afflicted with eczema. They had it two years. We saw Cuticura Remedies advertised and concluded to try them. So I sent for $1.00 worth, consisting of one cake of Cuticura Soap, one box of Ointment, and one vial of Pills, and we commenced to use them. I do not know how to express my joy in finding a cure, for two of my children were so bad that they have the brown scars on their bodies where they were sore. If it will be of any benefit to you, you can publish my letter with pleasure. Yours truly, Mrs. Maggie B. Hill, Stevens, Mason Co., W. Va., June 12, 1905."

Dr. Graves' Tooth Powder Co.

The start is important whether in a play or in an advertising campaign. It is desirable that the first impression of the public shall be sharp, strong and favorable.

A series of advertisements which trickles through the magazines in an irresolute, desultory way does not make a favorable impression—it makes in fact small impression of any kind. Here especially does the weekly show a marked superiority. Its action is quick—its follow-up rapid, and it imparts an impetus which the slower moving mediums cannot give.

THE SATURDAY EVENING POST as an advertising campaigner is king of the weeklies; 780,000 copies each week to carry your announcement to 4,000,000 people. Shall we start your ball a-rolling?

MONEY RATES REACTED AND STOCKS RECOVERED

Call Loans Dropped to 2 Per Cent on the Announcement of Heavy Gold Engagements—Stocks Closed 1 to 6 Points Higher.

By JOHN O. BAGLIN, Financial Editor.

The exact amount of gold in London for shipment to New York yesterday was not ascertained up to the close of the market. The estimates ranged all the way from $6,000,000 to $8,000,000. London reported that $2,260,000 in bullion had been withdrawn from the Bank of England for shipment hither, and it was estimated that something in excess of $5,000,000 American eagles had been purchased in that market to be exported to New York.

The effect of this announcement on call loan rates was almost instantaneous. They later opened at 15 bid, 25 asked, but the first loan was made at 19 per cent and that proved to be the highest of the day. There was a steady decline to 8 per cent, and late in the afternoon loans were made as low as 2 per cent. About $500,000 gold was received during the day from Canada, and interior bankers continued to make loans to Wall street during the early part of the day when rates were averaging about 15 per cent.

The gold engaged in London yesterday cannot become available in the New York money market for at least a week, and the fact that rates for call loans dropped so suddenly gave color to the argument of those who have been contending that the money market is manipulated. Certainly the course of the money market the past two weeks has reflected no credit upon New York bankers, who demonstrated their inability to fairly gauge requirements, or else laid themselves open to the charge of speculating in banking credit.

The stock market immediately responded to the change in the monetary outlook. Opening prices were higher, followed by a reaction when the first quotations for money appeared, but the prices made in the first hour were in most cases the lowest of the day. Amalgamated Copper was the leader in this early reaction, and it later became a leader in the recovery. The stock sold as low as 107¼ and as high as 111, closing at 110⅝, a net gain of 2⅞ per cent. Anaconda Copper closed 6¼ per cent higher than on Tuesday.

Union Pacific was the most active of the railroads, and after selling off to 153⅝ rallied to 156¾, and closed 1¼ higher. The high-priced railroad stocks, like Northern Pacific, Great Northern preferred and Northwestern closed 3½ to 4¾ per cent higher than on Tuesday.

The coalers were moderately active and strong throughout, Reading scoring the largest gain, 2⅝ per cent. Pennsylvania closed 1⅝ higher, and the other members of this group from ⅜ to 1¼ per cent.

In the late dealings United States Steel stocks made a good rally and closed firm, the common at an advance of 1⅝ and the preferred 1¼ per cent. All the minor iron and steel stocks participated in the recovery and closed firm.

Except for the decline in call loan rates, very little developed having a bearing upon values. The strength of the coal stocks suggested that some agreement may be reached this week by the anthracite operators and miners, or at least that the negotiations will not be long drawn out. The action of the wheat market indicated some uncertainly in the minds of traders as to whether the government report is bearish or bullish. The reports on the iron trade were favorable, the statistics relating to March tonnage showing an unprecedented volume of business.

Outside of the mining department only about 1,000 shares of stocks changed hands on the local exchange yesterday. Cable Consolidated sold at 72 on sales of 4,800 shares changing hands. Ohio Tonopah remained dull and unchanged at 43 to 44 cents, and Tonopah Extension was steady at 10¼. Crucible Steel common rallied to and closed at 14¾, while the preferred ranged between 79¾ and 79⅞. National Fire Proofing was lower, declining to and closing at 26½. Manufacturers Light and Heat was a fraction lower, although it was reported that the gross earnings of the company for March were $50,000 larger than the best previous month in the company's history. Pittsburgh Oil and Gas was lower in the bid and ask price, but no stock changed hands. Westinghouse Air Brake declined to 152, but there were no transactions in Electric. Guarantee Title and Trust sold at 185 and advanced to 187½ bid. South Side Trust sold at 110, an advance of 7 points over the last previous sale. There was nothing doing in bonds.

NOTES AND COMMENT.

The reserve statement of the national banks of Pittsburgh, as compiled from the official figures by R. J. Stoney, Jr., contains a surprise in that it shows the local institutions to be $2,565,176 below the legal requirements. The percentage of reserve is 23.37 per cent. This compares with 28.40 per cent at the date of the last previous call on January 29, when the banks reported a surplus of more than $5,000,000, the largest surplus reported for years. Comparing the figures for April 6 with those for January 29 last, there has been an increase of $5,146,853 in investment securities, the total investments footing up $22,709,978, the largest with one exception in the history of the national banks of the city. The event which finally turned foreign gold in the direction of New York yesterday was the extension of the stringency to the time loan market. On Monday and Tuesday the rates for time loans were firm at 5 per cent and a fraction above, and yesterday 60-day loans were reported as high as 8 per cent and 90-day loans at 8 per cent. These rates indicated that the stringency was real, and the sharp decline in sterling exchange was one of the consequences. A New York dispatch to The Gazette said: "The eager quest for gold to relieve the prolonged money stringency in New York made such a considerable advance in the price of the metal in London today as to unlock the Bank of England's source of supply. Gold to the amount of considerably over $7,000,000 was released by that institution for shipment. $5,000,000 of this amount being taken in the form of American eagles and the remainder in gold bars, the latter having been shipped by a steamer sailing today. Negotiations were actively going on also for American eagles in Paris and a considerable amount, which was not likely to be returned, was believed to have been secured there. Bidding for New York account carried up the price of gold bars in London today ⅞ pence an ounce, following the advance on Monday of ¾ pence. The result was to threaten the withdrawal of sovereigns from the Bank of England for shipment for New York. As is usual under the circumstances, having exhausted its available means for protecting its gold reserve, the Bank of England capitulated and surrendered American coin and bullion in preference to yielding its English coin."

The governors of the New York stock exchange voted yesterday not to close the exchange tomorrow. This is the second time in the history of the institution that it has failed to close on Good Friday, the previous occasion being in 1898 during the Spanish-American war, the stock exchange governors do not give a reason for their action, but it is presumably based upon money market considerations. Nevertheless, it was a surprise to Wall street, inasmuch as the decline in call loan rates late in the session and the engagements of gold were thought to rid all anxiety on this score. In Pennsylvania Good Friday is a legal holiday, and the exchange in Pittsburgh, as well as the banks and clearing house, will be closed tomorrow. The Chicago board of trade will also be closed, and of course the London market will take the Easter holiday.

The Union National bank realized a net profit of $350,000 out of the sale of its old property at the corner of Market street and Fourth avenue. The sale was consummated some weeks ago. R. C. Hall was the purchaser.

In spite of the dullness in the bond market the activity in United States Steel sinking fund 5s on foreign buying has been a noteworthy feature of the past few days. In this connection it should be remembered that the semi-annual interest comes off May 1st, which is always an inducement to a considerable class of buyers. The buying at present prices has been for foreign banking institutions, German and Swiss particularly.

IRON AND STEEL MARKET STRONG

Sentiment Becomes Very Optimistic, With Good Inquiry and Considerable Buying.

BETTER DEMAND FOR METAL

Conditions in the iron and steel trade during the past week reflected a very optimistic sentiment. Not only were inquiries better and more numerous than during the previous two weeks, but more new business was booked, while specifications were received in goodly number. Railroads have begun to nibble and are placing some fair-sized orders, while the strength shown in the metal market, the improvement in the coal situation and the assurance of good crops has had much to do with renewing confidence. Steel men, without exception, are now free in predicting much prosperity in the trade for the remainder of the year.

Structural shapes still retain the lead for demand, while plates remain easier than the rest of finished lines. Billets are very scarce. Pig iron was in better demand during the past week than during any other week since the first of the year, and as soon as third-quarter delivery contracts are seasonable higher prices are expected. At present Bessemer iron is quoted at $17 50@17 75, according to tonnage.

Coke prices remain firm, due, of course, to the complex condition of the coal market and the fact that the Pittsburgh district is the only producing field at this time. The shutdown in the Connellsville district has done much to influence the price of coke in this immediate vicinity.

The Hardware Market.

The hardware business, with the coming of spring weather, is moving along in fine shape, orders increasing with almost every day, and the demand is insistent for prompt shipment, showing that the trade is doing business. The movement of season goods is particularly active, poultry wire and goods in demand at this time going out in large quantities on orders to keep stocks up shape. Builders' hardware, carpenters' tools and general lines are showing just as much activity so far as movement and volume is concerned. Nails and wire continue to move out in satisfying quantities. Window glass is about the same as last week, the trade keeping stocks in good shape to do business, with the idea that there may be a change in price and a scarcity of glass. Business in bicycles and bicycle sundries is going along briskly, the early demand showing the season is going to be prosperous. This demand, of course, extends very largely to a call for good lines and good stocks of automobile sundries. Prices in all lines continue firm, some slight advances being reported.

The Bindley Hardware Company furnished the following quotations: Columbia pocket knives, discount 25 per cent; Albion hatchets, discount 40 and 10 per cent; sheet iron, base, No. 28, $2 65 the 100 pounds; galvanized sheet iron, discount 70 and 10 per cent; sash weights, the ton, $24 00; window glass, first three brackets, 90 and 30 per cent; above, 90 and 30 per cent; Albion sewing machines, discount 35 per cent; Albion lanterns, 40 per cent; hay forks, 50 per cent.

MARCH A RECORD BREAKER IN PIG IRON PRODUCTION

Charcoal Output Was Also Good—Steel Companies Were Kept Busy During Month.

[By Associated Press to The Gazette.]

NEW YORK, April 11.—The Iron Age will say tomorrow:

The monthly pig iron statistics show that March has been a record breaker. The production, exclusive of charcoal iron, amounts to 2,155,632 gross tons. Estimating the charcoal iron product the total was close to 2,200,000 tons. The steel companies in March made 1,400,305 tons and the merchant furnaces 795,237 tons. Active furnace capacity increased from 479,973 tons per week on March 1 to 484,240 tons on April 1.

The cast iron pipe interests which had the best month in their history during March have been large purchasers. They have taken from 65,000 tons to 75,000 tons of pig iron. The steel corporation bought 11,000 tons of Bessemer iron for shipment to England and Chicago, an dalso a 2,000-ton lot of basic pig. The Cambria company took 10,000 tons and another interest in the market for about 20,000 tons. The Sloss furnace corporation has secured the second 50,000 tons of steel rails for the Grand Trunk Pacific, the American mills having been unable to touch the business.

In structuaral material, among the contracts placed were orders of 6,300 tons for St. Louis, 4,000 tons for Los Angeles, 3,500 tons for Chicago, 2,400 tons for New Orleans and 6,000 tons for the power house of the Hudson company.

Good orders have been placed for merchant pipe, among them one for 232 miles of line pipe for a new Kansas enterprise. On account of the phenomenal rise in the price of tin, the makers of tin plate have advanced their prices from $3 50 base, Pittsburgh, per box to $3 60.

Receipts and Expenditures.

WASHINGTON, April 11.—National bank notes received today for redemption, $826,479; government receipts from laterial revenue, $735,805; customs, $918,549; miscellaneous, $43,302; expenditures, $1,940,000.

STRAWBERRIES LOWER AND VARIETY IS GOOD

Eggs Are Wobbly and Lower Price Is Predicted—Butter Is in the Balance.

For some unaccountable reason the market still remains firm. A few downward changes are noticeable, but many commodities show an upward tendency. Onions are again weaker and are now down to $1.75 and $1.90 a barrel. They will go still lower when the spring crop is more plentiful.

Egg plant got a place yesterday in the quotations, and the price and quality are good. Shipments are limited and so is the demand. Cucumbers, contrary to expectations, show some strength. Instead of getting cheaper, they showed a higher price yesterday than for a week past.

Epicures will hail with delight the announcement that strawberries have at last started down the scale. They showed a falling of 20 cents a basket yesterday, and from now on they will get cheaper until the low market is reached, when the local crop starts to arrive some time within the next thirty days.

New carrots started to arrive yesterday and the first quotation they got was 65 and 75 cents a dozen. The variety is fine, the shipments are from the south.

Eggs are weaker. There is no change in price, but deliveries during the latter part of the week were offered at 17½ cents f. o. b. Pittsburgh. Butter is still weaker and another drop may result, as the western market is wobbly.

HAY AND GRAIN.

—Receipts—

Receipts bulletined yesterday were: Pennsylvania, 5 bay, 4 oats, 3 corn, 7 feed. Baltimore & Ohio, 1 corn, 1 oats. Pittsburgh & Lake Erie, 2 bay.

Market continues strong in the west, and its action is being felt here. As noted a few days ago, higher prices should be looked for, as selling prices here are under lay-down cost. Hay continues scarce, and all arrivals are quickly picked up at top quotations.

GOOD GENERAL DEMAND CAUSES SHARP ADVANCE

Large Clearances at Seabord Have Strengthening Effect on the Market.

[By Associated Press to The Gazette.]

CHICAGO, April 11.—Large clearances at the seaboard had a strengthening effect today on the local wheat market and at the close the May option showed a gain of ¾c. Corn was up ⅝@¾c. Oats were ⅛@⅜c higher and provisions 10c lower to 5c higher.

During the first hour, prices for wheat were somewhat easier because of continued favorable weather for winter wheat, profit-taking by local longs and the failure of the Liverpool market to respond to yesterday's advance here. Later in the day prices advanced on a good general demand. Much of the buying was in the nature of covering by shorts, and there were extensive purchases of the July option by houses with southwestern connections.

A lively demand for cash wheat at Minneapolis inspired a considerable amount of buying of future deliveries here. The influence that exerted the greatest effect, however, was the increase in the amount of breadstuffs taken for export. The total clearances of wheat and flour today being 532,000 bushels taken for export. The close was firm. May opened ¼@¾c lower at 78⅝@78¾c, sold off to 78⅛c, and rallied to 79¼@79½c. The close was at 79c. July sold between 77⅞c and 78⅜c@78¾c, and closed a shade higher at 78½c. Primary receipts were 281,000 bushels, compared with 262,000 bushels for the corresponding day one year ago. Minneapolis, Duluth and Chicago reported receipts of 189 cars, against 628 cars last week and 143 cars one year ago.

Corn was somewhat easy early in the day, but the market soon recovered and held strong for the remainder of the session. Liquidation by local longs because of close was further throughout the corn belt caused the easy feeling at the start, but later an official forecast of wet weather tomorrow west of the Mississippi river strengthened the market. Weekly crop reports from Iowa and Missouri which declared that the season was backward, caused considerable buying during the last half of the day. Cash interests and commission houses were the principal buyers. The market closed strong. May opened 1@¾c lower at 46¾@45¾c, advanced to 46¾c and closed at 46⅛@46⅜c. Local receipts were 110 cars, with three of contract grade.

Oats were in active demand by shorts and as offerings were light the market ruled strong for the greater part of the day. Delayed seeding by cold weather was strong bullish factor. The market closed firm at the highest point of the day. May opened ¼c changed to a shade lower at 31⅝c to 31⅝@31¾c, advanced to 32c and closed at the top. Local receipts were 88 cars.

In the provisions market pork and ribs were inclined to be weak at various times during the day, but there was an active demand for lard and it was strong all day. At the close July pork was off 10c at $16 30. July lard was off 5c at $8 85. July ribs were off 2½@5c at $8 85. There was much more trading in July than in May, the latter option being somewhat slow.

NEWS FROM THE MINES.

A Butte dispatch says: "Eight feet high-grade copper ore struck in Gagnon mine of Trenton Company on 1,000-foot level. Strike is believed to be the most important recently made in Amalgamated mines outside of Anaconda."

The Black Mountain Mining Company is largely controlled by Thomas F. Cole and associates, and, so far as is known, is the only gold mining property in which Mr. Cole is interested. He is the largest individual stockholder. The company has a capital of 500,000 shares, par $25, of which 400,000 shares, or $2,000,000, are issued. The ore deposits, upon which this company is working, are declared to be almost incomputable. The main vein has a width of 20 to 100 feet and can be traced over 10,000 feet. The property is comparable to the Homestake and Alaska-Treadwell. The ore, while low grade, averages $5 60 a ton. A mill with 120 stamps is about ready to begin operations. With 120 stamps it is estimated that net earnings of $300,000 per annum can be obtained, figuring the cost of treating a ton of rock at $2 65. The stamp mill capacity will be immediately increased to permit handling 2,000 tons of ore a day within a few years.

J. W. Chandler, superintendent of the MacNamara mine, at Tonopah, in an interview at San Francisco says: "The crosscut between the MacNamara and West End mines will be completed in about 90 days. This passage is solely for the purpose of ventilation. The West End mine is a rich property, but it could not be worked satisfactorily on account of the tremendous flow of gas. There were times when the men would be compelled to cease operations for two or three days at a time for this reason."

The output of gold at the Rand in March is officially announced as 445,723 ounces, against 407,663 ounces in the preceding month and 399,823 ounces in March, 1905.

The March production of the Greene Consolidated Copper Company amounted to 5,106,000 pounds, compared with 5,000,000 pounds in February and 5,150,000 pounds in January. The company should have an enlarged copper output this month, as this week the first of its reverberatory furnaces will go into commission.

ROADS MAY FACE STRIKE ON LAKES

Word Comes That Vessel and Dock Managers Expect Navigation to Be Tied Up May 1.

ERIE WORK FOR LOCAL FIRM

Following close upon the threatened strike of coal miners, which has had a serious effect on railroad traffic, comes word that lake trade may be tied up on May 1 because of lake carriers having instructed their masters not to hire a man belonging to a lake labor union for certain work on the vessels. Should a strike of other classes of men come along with an insufficient number of these men to man the boats there would be a tie-up of lake traffic that would be detrimental to railroads in the Pittsburgh district.

Threatened trouble comes from organizations affiliated with the International Longshoremens, Marine and Transport Workers' association. Longshoremen say no agreements with employers will be signed until the Lake Carriers' association recognizes the Mates' union. Lake carriers have made settlements with the marine engineers, the Lake Seaman's union and the Marine Cooks and Stewards' union, but no agreements have been signed for organizations with which other men on the boats or freight handlers are identified. These include firemen, oilers and water tenders, grain scoopers, licensed tugmen, tug firemen and linesmen and coal and ore handlers. All agreements, excepting that with the coal and ore handlers, have expired, and the latter's agreement expires May 1. Tug firemen and linesmen struck at Chicago last week for a raise of $5 a month.

Vessel owners and operators are undecided what to do. Some favor holding the vessels in port until a settlement has been reached, while others want to proceed with trade until a tie-up comes. With the opening of the straits of Mackinac for navigation on April 9 the lake trade from Lake Erie ports to those in the northwest was opened for the season.

Arranging for Special Train.

Assistant General Passenger Agent R. E. Kelley and Chief Clerk T. J. McRoberts of the Wabash passenger department in Pittsburgh, were in Toledo yesterday making final arrangements for the equipment and movement of a special train from Pittsburgh to Los Angeles and return. This train will be used by Syria temple, Nobles of the Mystic Shrine, the party being in charge of W. J. Griffith, chairman of the transportation committee of Syria temple. Mr. Kelley will likely accompany the party. The going trip will be by way of the Wabash, Wisconsin Central, Soo, Canadian Pacific, Northern Pacific and Southern Pacific, the return being direct over the Santa Fe and Wabash roads. The train will leave Pittsburgh April 26.

Will Talk 2-Cent Rate in This State.

According to indications received in letters by Secretary S. M. Williams of the "Homeless 26," there will probably be 300 business men from all over Pennsylvania, representing about 75 leading business organizations and branches of trade, at the meeting scheduled to be held in Harrisburg today. This meeting will be primarily to discuss the Pennsylvania railroad's excess charge of $10 on 1,000-mile tickets, but it will also likely be concerned in a concentrated effort for a 2-cent rate generally on railroads in this state. Carrying merchandise freight on electric line cars will also be considered, as this has come to be an important matter to business houses. The Pittsburgh chamber of commerce, Merchants and Manufacturers' association, Pittsburgh board of trade and Oakland board of trade will have representatives at the meeting.

New Agents on Local Roads.

Frank B. Hutchins, who has been a clerk in the office of Superintendent Johnson of the Buffalo, Rochester & Pittsburgh railroad at Dubois, has been appointed assistant ticket agent of that company in Pittsburgh by Division Passenger Agent Pascault. He succeeds Charles S. Callen, who was promoted to ticket agent to succeed T. G. Orr.

D. A. Dorn has been appointed agent for the Pittsburgh & Lake Erie at Gibsonton to succeed G. W. Disher. W. R. McConnell has been appointed agent at Stoops Ferry for this company, to succeed M. A. Boyd.

Local Firm Gets Erie Contract.

The new freight line the Erie is building east of Port Jervis, N. Y., will be over 20 miles in length and will cut out a very heavy grade. One expensive feature of the new construction is a tunnel a mile long at Guymard, and another is a steel double-track viaduct 3,200 feet long and 200 feet high over Modna creek. The contract for the viaduct has been let to the McClintic-Marshall Construction Company of Pittsburgh. The tunnel has been under construction by Bennett & Talbot for some time. The company has recently awarded the contracts for the other parts of the new line to Sundstrom & Stratton of New York; John F. Shields of Richmond Hill, L. I.; Ferguson Contracting Company of New York, and Lathrop, Shea & Henwood of Scranton, Pa.

Interstate Business in Ohio.

Central passenger association lines have been notified by the Ann Arbor, and Detroit, Toledo & Ironton roads that these roads will reduce rates between Detroit and points in Ohio to the sum of the locals in each state. This is the first break in the C. P. A. lines in the interstate business since the 2-cent rate became a law on March 10. Another change that has come about since this rate was started is the roads charging actual mileage and tearing this from mileage books, instead of the former method of charging "short line" mileage. Passenger officers have not yet received reports of operations of the new rate; and, even if they had figures at hand, they say it would be impossible to make comparisons with the same month in 1905, as conditions were entirely different.

Big Mass Meeting at Glenwood.

Baltimore & Ohio officers and employes of the Pittsburgh division were well represented the special mass-meeting in the sawmill building at Glenwood shops last evening. This meeting was held to discuss the proposition of establishing a branch of the Y. M. C. A. A number of division officers made addresses, and the men also spoke from the employes' side of the question. It is probable subscriptions will be taken among the men toward the branch to find out how many are willing to assist in supporting it. The sentiment of the men having been ascertained, the subject will be presented to the higher officers for approval. It is expected an appropriation will be made and that Y. M. C. A. building facilities will be ready by late this fall.

Railroad Notes.

Harry S. Bradley, commercial agent of the Wabash, has removed his office from 320 Fifth avenue to the Wabash building.

John A. Simmons has been appointed division freight agent of the Cincinnati, Hamilton & Dayton at Indianapolis. He is succeeded as agent of the Blue Line, North Shore Dispatch and Jersey Central-Michigan Central Dispatch at Indianapolis by E. A. Niswanger.

C. L. Sprague, traveling passenger agent of the Detroit & Cleveland Navigation Company, was here booking up excursions.

W. C. Pepper, formerly assistant general passenger agent of the Big Four, has been elected vice president and traffic manager of the Maban & Gulf Coal Company, with headquarters at Cape Breton, Nova Scotia.

A. M. Kingman, engineer of construction of the Baltimore & Ohio, spent yesterday in conference with local officers.

John S. Wood has been promoted from division freight agent of the Lehigh Valley at Buffalo to assistant general freight agent in New York.

The date of opening the railroad Y. M. C. A. of the Baltimore & Ohio at Chicago Junction, set for today, has been extended until after May 1, because of the building not being completed.

Ticket Clerk George E. Sellers of the Baltimore & Ohio's city ticket office, is confined to his home by illness.

C. E. Smith, Baltimore & Ohio dining car conductor, is on a brief leave of absence. Relief Conductor C. G. Strohmeier is running for him.

No word has been received from Pennsylvania railroad officers at Philadelphia regarding removing the tracks from Liberty avenue, but Robert Pitcairn says that there will not likely be any serious disruption between the company and the city with respect to this work.

MARTIN HOLDINGS ARE SOLD AGAIN

G. E. Crone Buys Property at 5631-5633 Penn Avenue for $47,500.

POINT BREEZE DEAL OF $30,000

G. E. Crone, the wholesale liquor man, has purchased the former A. M. Martin property at 5631-5633 Penn avenue, East End, for $47,000. This is the fourth time the property has been sold within as many months, showing the activity in the new Penn avenue district, this lot being between Negley avenue and St. Clair street, on the north side of Penn avenue. It has a frontage of 37.5 feet, is 145 feet deep to Kirkwood street and is vacant. The present sale is at the rate of about $1,270 a front foot.

What is regarded as a bargain in Edgewood real estate is the former Graff homestead on the west side of Broad street, near Maple avenue, which was sold a few days ago to a well-known business man for $14,000. The house is a modern shingle cottage of 10 rooms and stands on 100x218 feet. It is directly opposite the C. C. Mellor residence, and in the center of houses costing from $25,000 to $30,000 each, and where vacant frontage is worth $110 a foot.

Fair Warning to Point Breeze.

A deal which is very suggestive in its possibilities is the purchase by A. H. Broya of New York city of the former McClintock lot on the north side of Penn avenue, next to the corner of Dallas avenue, East End, for $30,000. The deal was handled by Harry M. Norris and by the deed registered yesterday it appears that Mr. Broya secured title to the property from William Anderson. The plot, which is vacant, measures 60x300 feet. It adjoins the McCance homestead, is opposite the residence of John B. Jackson, and near the H. J. Heinz home. Near by are a number of the finest residence properties in the city, as this location is only one square beyond Point Breeze. The new owner is having plans prepared by Architect E. J. Schellentrager for a six-story fireproof apartment house which, it is said, will be built on the front half of the lot. This building, it is reported, will be erected with an open court and will be divided into five and six-room apartments to be provided with electric elevators and finished as well as any apartments in the city. The estimated cost of the building is put at $200,000.

Julian Kennedy Gets Verner Corner.

It develops that Julian Kennedy is the real buyer of the Murry A. Verner property at the southeast corner of Forbes street and Craft avenue, the sale of which was recently reported by the John K. Ewing Company. James W. Scully, the stock broker, was then supposed to be the buyer, but it seems he was only acting for Mr. Kennedy. The actual price paid was $170,000, according to the deed, for 406x400 feet. It is Mr. Kennedy's intention to lay out the entire property at once and put it on the market in lots from 20 to 25 feet wide. Offers of $500 a foot have recently been made for 100-foot lots in Forbes street, but it is believed this frontage in a short time will command $1,000 a foot for business sites.

George H. Shickler has sold to Charles E. Reed 50x160 feet on the east side of Pacific avenue, near Harriet street, Twentieth ward, for $25,000. The lot is improved with a three-story flat building.

It is currently reported that the property of the Young and Nelson estates at West North avenue and Race streets, Allegheny, is about to change owners for a consideration of $55,000. The lot has a frontage of 85 feet and extends back to Ellsworth street. Seven frame houses, and one brick dwelling face in the three streets, and are well rented. If this price be correct, it establishes a new high record for North avenue frontage similarly improved west of Arch street.

East End to Have Dreamland.

Harry Davis is going to establish a "Bijou Dream" in the East End. For this purpose he has obtained a 10 years' lease on the three-story brick building now being erected on the Reymer lot at 6021 Penn avenue, near Sheridan avenue, the rental of which, it is reported, will be $6,000 a year. He has commissioned Architects Nirdlinger & Simpson to prepare plans for a "Dreamland" amusement palace similar to that recently installed in the old Chronicle Telegraph building in Fifth avenue. The front of the building will have the same shell effect and the interior will be handsomely decorated. The total cost of the building will be about $20,000.

A rather curious condition of affairs now exists in Fifth avenue in the matter of vacant buildings. Although this is the season when every desirable site downtown is supposed to be rented for years ahead, three of the best storerooms below Wood street are now advertised for rent. The former Kieber location at 221 Fifth avenue, which it was reported a few months ago had been leased to a New York manager for a cheap amusement place, is again advertised for rent. Directly across the avenue the storerooms at 218 and 220 are for rent. Another storeroom farther up the street has lately been vacated, but is under a long lease to a new lessee and considerable curiosity is being manifested as to what it will be used for.

Contract Was Less Than Estimates.

Architect William J. Shaw has awarded the contract to E. M. Lockhart of Indiana for the erection of the three-story brick boys' dormitory which will go up this summer on the Normal school campus in that town. A rather remarkable thing about the contract is that it was let for $30,000, which is considerably less than the preliminary estimates, whereas nearly every contract let this year has been at a much higher figure than the first estimates.

Henry C. Frick, according to report, is to build an eight-story block at Fifth avenue and Sheridan street, McKeesport, to cost $30,000. The site measures 80x140 feet and has been owned by Mr. Frick for several years.

Wall: Snyder Brothers of Wilmerding sold these lots in the new Wall plan: To Emil Richter, Nos. 89, 90 and 91, for $3,000; to Lesher Brothers, Nos. 88, 99, 80 and 81, for $2,250; to H. J. Buckley, No. 55, for $850; to Norman Martin, No. 184, for $800; to S. J. Shaw, No. 115, for $1,000.

Allegheny: Keck & Helle sold for Mayer Coleman to William A. Kelly a 12-

AT THE THEATERS.

Dramatic Novelties Will Be the Principal Items on Next Weeks Menu.

At the Nixon next week Mr. John Drew will pay his annual and always welcome visit to Pittsburgh, presenting his new Augustus Thomas play, "De Lancey," which has proved one of the most attractive things this fine actor has used. The role played by Mr. Drew fits him admirably, and the supporting company is the best, as it is the largest he has had in years.

At the Belasco next week Paula Edwardes, the charming little musical comedy star, will appear in a new music piece, "The Beggar Princess," which has been given a handsome setting by the Messrs. Shubert.

Beginning Easter Monday at the Alvin that fine romantic actor, James O'Neill, will be seen in a superb scenic production of the Dumas drama, "Monte Christo," which he has made famous wherever the English language is spoken, while at the same time making himself a world-wide reputation as an actor. Mr. O'Neill has enacted the role of Edmund Dantes more times than did Joseph Jefferson "Rip."

Stepping out of light opera into vaudeville, Miss Louise Gunning has repeated her success in her new field. She is in next week's bill at the Grand, and will sing some Scotch songs. Will M. Cressy and Blanche Dayne are to present a new comedy sketch entitled "Bill Biffin's Baby." On the bill are also George W. Monroe of "My Aunt Bridget" fame, with a monologue and new songs, and Wilton Bros. in a series of astonishing acrobatic feats.

At W. L. Martin's new scenic and electrical spectacular revival of Harriet Beecher Stowe's "Uncle Tom's Cabin" will be given at the Empire next week. It is one of the most interesting and heart-rending plays ever placed upon any stage, and it will live forever in the memory of the theater-going public. A buck and wing dancing contest for amateurs only will be given Friday night, April 20, when a prize of $10 will be awarded.

The Easter week attraction at the Gayety will be Rice and Barton's Rose Hill English Folly Company, and there is a promise of something good for the lovers of burlesque. The specially-added feature for the week will be the Picchianni troupe of eight acrobats, five women and three men, who have been a sensation in both the east and west.

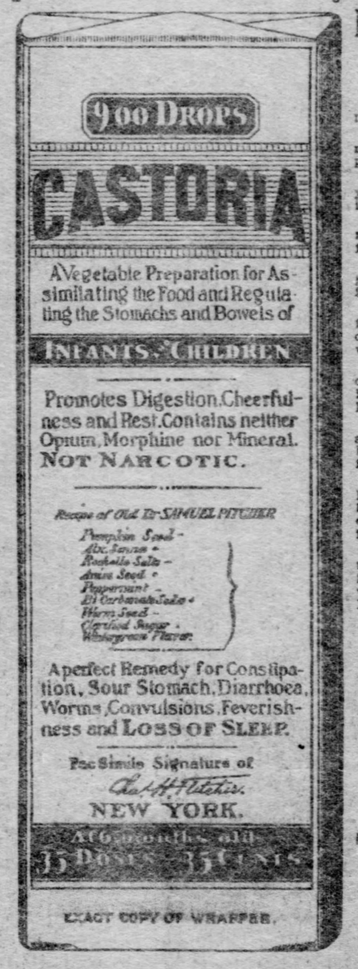
With Billy Watson as the principal fun-maker, Watson's Orientals appear at the Academy next week in a show that is without a peer on the burlesque stage. All burlesque lovers know the inimitable Billy Watson, and know that they may expect the best talent produced. A triple bill will be presented.

The Pittsburgh engagement of Olga Nethersole, the popular and distinguished emotional actress, is scheduled to begin at the Nixon theater on Monday, April 23, for one week. Miss Nethersole will appear on Monday and Tuesday nights and at the Wednesday matinee in "The Labyrinth," a novelty to local play-goers, as Miss Nethersole has never been seen in it in Pittsburgh. Wednesday night there will be a single performance of "Carmen." The latter half of the week will be devoted to four performances of Clyde Fitch's dramatic version of Daudet's novel "Sapho." Following her Pittsburgh engagement Miss Nethersole will go to Boston for two weeks, after which she will sail for London where she proposes to present "The Labyrinth" for the first time in June.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twentytwo per cent., or nearly one-quarter, die before they reach one year; thirtyseven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.



Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."

Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."

Dr. J. E. Waggoner, of Chicago, Ill., says: "I can most heartily recommend your Castoria to the public as a remedy for children's complaints. I have tried it and found it of great value."

Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."

Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."

Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."

Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments."

Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency and merits."

Dr. Norman M. Geer, of Cleveland, Ohio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such a pleasant preparation can be administered is a great advantage."

Dr. F. H. Eyls, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully."
